GREETINGS TO GOD AND PEACE ACROSS ALL FRONTIERS! We are welcoming all present from the OTHER WORLD very cordially. "Where two or three are assembled in my NAME there I'll be right in the middle of them," these CHRISTIAN WORDS shall guide all our meetings. We will do this work in HIS NAME so that it will serve everybody. Only HE is able to send authorized TEACHERS so that we can receive the TRUTH. We ask CHRIST to bless all present here with HIS spiritual PROTECTION so that we won't be a plaything for the antagonist of GOD. We know that we have to make the greatest contribution ourselves. – Our destination is it to grow through spiritual TEACHING, then to be able to distribute the TRUTH there where it can fall on fertile ground. We are asking for GUIDANCE so that our mission on earth will be justified. We cannot reach this destination under our own steam without spiritual HELP. We thank all HELPERS from the OTHER WORLD who support us in this. In this sense we are hoping for a blessed and enlightening evening.

Today's words from WHITE EAGLE:

It is your task to live your life in the service to GOD and mankind. You are the son of the good one, a son of GOD, therefore live *for* GOD. *You are LOVE*. The SON Of GOD has revealed this TRUTH to all people, all nations, at all times.

---

The meeting started with an initial meditation and a preparational training for PSI materialisation under the management of the TEACHER of the LIGHT MAGDALENA. After this, the *inspirational* part of the meeting followed with the LIGHT MESSENGER EUPHENIUS.

---

Welcome to all assembled here.

EUPHENIUS : GOD BLESS AND UNIVERSAL PEACE! EUPHENIUS speaks tonight. We welcome you to this meeting which is characterised by the fact that we want to give you some notes and information today. We also say a friendly hello to the souls, which

support our work so actively on the outside. GOD may bless them through the next year. We thank you for your faithfulness and for the work performed. We see the LIGHT in your hearts, which you try to let shine on the outside. We know how serious a business it is to get on with your earthly life and with your tasks. We try to support and to help and hope that it is possible for us to help you achieve a higher spiritual level. We thank you for your readiness to help, to send out LIGHT to this dark world. What is needed is to concentrate a COUNTER CURRENT so that the negative ENERGY cannot escape anymore.

We send LIGHT to your planet to make it possible for your consciousness to recognise this LIGHT. We hope, that we are allowed to do more qualified work with you and we wish to impart more knowledge in the future, helping, not only this group here but also anyone who reads these reports and information, to grow. Furthermore, the knowledge serves to activate the souls on this weary planet Earth so that it finds the way out of this chaos.

Nature reacts in *her* way and revolts - this surely worries you. Nature is going through a cleansing and a new development, which bring about this present unrest on your planet with it. We accompany you and wish for you to find peace and harmony in these trying times, allowing us to attach you to the LUMINOUS FLUX so that you can receive LIGHT and go through these times full of ENERGY. We will try to guide you through meditation and show you through inspiration all the possible places, *where* you should send your LIGHT.

Two HIGHER ENTITIES will be here tonight who also want to give a message to you for the coming year and to tell this circle what it has to do this year. But especially for your souls, which have to be strengthened and supported because of the darkness, as the DARK ONE will strike more and more here on Earth. At present, HIGHER ENTITIES are on your planet to take LIGHT to these shaded areas. This is a necessary focus because your souls get very much caught up in the circumstances around you. Your souls aren't as stable and supported so as *not* to get carried along by the influences from outside, in the present circumstances. We are surprised and sadly disappointed about the development on this planet.

All of us try to support you in your existing form, with LIGHT, LOVE and with the valency, GOD has given us. Consider that you live here in a duality, to exercise your own free will, going about your way on this Earth. Pay attention, as you souls assembled here in the circle are also vulnerable, since you are under *more and more external pressure*, which tries to seduce you. All of you are strong and can organise your defence against the negatives. Unfortunately, very frequently you let yourselves be lead astray by external conditions, that life puts in front of you from day to day.

- *You must learn to go into yourselves to find a PLACE OF SAFETY there, to stabilise yourself for the outside world.*

The realisation, that you are *not alone* but accompanied and protected by many spiritual FRIENDS who are assembled around you, is important. Otherwise you fall ill and unnecessarily take a wrong turn somewhere. Your soul falls ill and so will your material body through this! Always remind yourselves that you carry within you potentials and ways to receive a healing processes for your body and soul. We will support you in this way and give you the same help that we also receive.

- *Start on the path to realisation! This is the next step ahead of you, namely to find yourself and to develop a trust in that, which awaits you after this earthly life.*

You are still very weak in many of your human traits. You are being misguided by reincarnating here on this earth, caused by the fact, that you are not alone on a secluded island but are surrounded by diverse attractions and ENERGIES here. You

also have certain weak spots *within yourselves* which you must *recognize* and *stabilize* to counteract this danger.

It is particularly the trust in GOD and the confidence in yourself which needs to be strengthened, i.e. the trust in GOD and the confidence that you *can direct* all the thoughts within you, *more and more into the positive*, my friend (a member of the circle). You doubt yourself, your behaviour and your environment. Don't lose yourself in the external but stay with your inner, divine SPARK and the knowledge that you are a divine entity.

We ask you, dear friend, (a female member of the circle), not to give up on yourself but *to use* your strengths and energies, not just for others, but *also for yourself*. You too lose yourself in the external, and therefore lose your own access to yourself. It happens quite frequently, that inspirational thoughts from our side can't get through to you any more. Your external world takes up so much of your time that you don't find time for thinking and to find inner peace. Our wish for you is that you recognize that *the others also* must go their way and that you do more for yourself to arrive there.

We would like to advise you, my friend (member of the circle), who does so much for your environment by your activity and through your distribution of information about the Spiritual Realm. Take into account that you also try to feel *peace and safety* within yourself. Try *to see with the heart* and *feel with the heart*. Do *not* think only with your head but try to secure a connection between your divine spirit and your heart. You can do it! You all have the potential and strength within yourself. Use them and you begin to realise how easily it is to carry the LIGHT to the outside and to make it visible. –

I will now end my talk and prepare the way for LUKAS to make further, written messages possible for you.

EUPHENIUS

---

The *mediale writing* part of the meeting started under the management of the TEACHER of LIGHT, LUKAS.

---

GOD BLESS on this cold winter evening which affects you more than us. We are glad that you got together again to take part in this special meeting. My TEAM and I would like to thank the medium who places its energy at our disposal so that we can work with it.

It was an eventful year – for us, too, as we have been lead through heights and depths by humanity – and also by your moods here in this circle. But it is also a learning for all of us connected with it, because we too are learning by your reactions and behaviours which are sometimes very difficult to understand for us. We know that you have the basic knowledge within you to control and suppress certain reactions to prevent an outburst. We don't mean to say that you should suppress your feelings, certainly not, but *that you learn to accept the behaviour of your fellow man better*. So that it doesn't even come to an outburst of your feelings, with several of you, this happens internally and hardly ever comes to the surface. All of this is completely superfluous!

I would now like to fulfil the request of EUPHENIUS and write something to HIS medium, so that she knows, what she must still work on, or to be precise, what she has done very well: We are generally satisfied with you as a circle and therefore also with our inspiration-medium. It is still the same with you, dear friend, that your temperament often gets the better of you and only *later* do you remember what could have been managed better. Compared to before, you have already recognized many things and are trying very hard...

(T: Yes, we are noticing this.)

...to get a grip on everything. You know that insight goes ahead of everything and you have that insight. Use this insight and you are a winner! We could still say more to this but we first want to see if you can *manage* to recognize *this on your own* and above all to utilise it. This is the most important thing! You have permanently fixed your connection to the Spiritual Empire. Please evaluate this yourself by looking at your medial work from a few years ago. You know it yourself. We would like to put it to you to read the old protocols again. If you continue in this way, you will note that there is still a lot more potential in you, about which you don't know anything about at this time. But this potential in you has *to be realised by yourself* and then to bring it into play. It will also come to a further change in the leadership of your SPIRITUAL TEACHER, if the pre-conditions are given for this to happen. This is valid *for all* here who carry out any medial work today. - We would like to say goodbye with this medial writing because HIGHLY REGARDED GUESTS are here with us and we wouldn't like to let them wait for too long. We ask for your understanding even thou it would be a pleasure for my medium to keep on writing, we know that!

GOD BLESS!

LUKAS

The 2<sup>nd</sup> part of the *inspirational* meeting began under the guidance of the MESSENGER of LIGHT, EUPHENIUS.

---

EUPHENIUS : GOD BLESS! EUPHENIUS is speaking. I will make way for SETHAN who is here to say a few words to you. SETHAN is the spiritual entity who will take over this circle, if you pass your test with success.

(Change)

SETHAN :GOD BLESS AND UNIVERSAL PEACE! I greet you, dear sisters and brothers, who are sitting here together in this circle. My name is SETHAN. I'm a MESSENGER of LIGHT who has often been here as a guest to meet you and to accompany you in your work for a while. When the time is right, I'll take over this circle and will lead and escort this circle in a divine manner, as a spiritual LEADER. EUPHENIUS and the TEAM will support you further and will carry on to work together with you and me.

- *The time will come when this circle will receive further duties, information and messages.*

It will be, that I *will turn up unannounced* to some of the meetings in the next weeks, to give you messages and advice. I still can't say when this change will actually be carried out – it depends on different factors, especially how the co-operation between this medium and myself will develop. During the last meditations I have tried to make inspirational contact with this medium. The contact was partly achieved. We will see how the co-operation will turn out in the future.

Another important understanding is that *all* persons *here* at this table declare that they are prepared to continue this work and to see this work as an important element in their life and in their present form of existence here on earth.

- *This work can only lead to a positive conclusion, if all of you are standing behind this purpose, with real divine valency.*

This information was important because as from next year, there will be a flow of information to you, not only from the side of the SANTINER but also from us as divine MESSENGERS, who are rightfully entitled to give you this INFORMATION. My part in this will be to give you instructions and important advice and messages. EUPHENIUS will continue his part, using the same method of operation as before. It is therefore an *additional* task ahead for us, it will be lead and guided by myself. You will get to know about it on certain evenings so that you can prepare yourself for it.

*When I'm announcing myself*, it is important that each of you, as a member of this circle, *within a week*, will try hard to establish a *regular* contact with the spiritual world. *More intensive* meditation is called for so that the messages can be transmitted clearly and *completely*. This is the duty that you have to perform here. Otherwise it will be difficult to make contact and to pass on this information from my side.

This was my message to you at this time. We are all wishing that your objective and your further development will be fulfilled in a divine SENSE. I'm saying goodbye for now and will announce my presence in the New Year so that we can discuss all further details with each other. With divine greetings,

SETHAN

GOD BLESS! EUPHENIUS is speaking. There is still another GUEST present who will report for the next meeting which is going to be the last meeting for this year. It is TAI SHIIN, who will use the opportunity here, to close this Christmas meeting with some words for all of you.

(Change)

GOD BLESS AND UNIVERSAL PEACE! Dear people on earth, you are allies in the fight against the dark powers, TAI SHIIN is speaking. I greet you from the heart and I'm glad that I can say a few words to you today.

- *We are making a more compelling effort to bring the dark powers here on earth under control. We are supported in this by the Spiritual Realms which is also working with increased intensity here on earth. We need your support and your light so that the DIVINE can make a stronger effort here on earth.*

The next meeting will have a greater scope of themes and I will guide you through it myself. We – the SANTINER – want to give you advice and messages so that it is possible to have the LIGHT shining again here on earth. Furthermore it is important to make contact with each other again to discuss important matters concerning you. I have discussed it with the TEAM and we agree, that the written part will begin with the theme that you have chosen next. I will then report back to you myself to pass on my concerns and THE ORDERS given to me, which I will convey to you.

We are spiritually connected with you all and we wish you here and now and in the near future lots of harmony, inner peace and balance. Your souls have to be protected and you have opportunities to do this. This is a request that is important and that should be included in your daily lives. The Christmas celebration is a very important celebration for many people, not only for its material aspect but also connected to inner values. These inner values have unfortunately been misplaced or moved into the background. We want to call upon you to connect these inner VALUES, to combine the divine, like brotherly love, humility, prayer and many other traits which you

have got to know as divine LAWS, they are necessary and important. Please read the old protocols again and recognize your own shortcomings.

- *Work on yourself and you will find that various doors will open, in all sorts of different directions.*

We now close this meeting. We are deeply connected with you and are looking forward to our next meeting, when it might be possible that we – the SANTINER – are allowed to say something more to you. GOD BLESS AND UNIVERSAL PEACE!

TAI SHIIN

Participant : We thank you for all your messages. GOD BLESS!

Expression of thanks and taking leave. A short meditation followed to close the chakras.

Words of WHITE EAGLE for the next day:

The message of JESUS the CHRIST is the message of eternal life. Understand your real life as a “INNER SUN”, the SPIRIT OF CHRISTI in you. This SPIRIT equals divine LOVE which –ever creative – changes darkness into LIGHT. The *real* you, dear sister, dear brother, the essence in you, is this LOVE, this LIGHT. Because you are not the little, earthly person who you believe you are. You came from GOD. You are one of the SEEDS of GOD. The SEED contains the whole beauty of the flower, the whole richness of the fruit.
