### Introduction:

GREETINGS TO GOD AND PEACE ACROSS ALL FRONTIERS! We are welcoming all present from the OTHER WORLD very cordially. "Where two or three are assembled in my NAME there I'll be right in the middle of them," these CHRISTIAN WORDS shall guide all our meetings. We will do this work in HIS NAME so that it will serve everybody. Only HE is able to send authorized TEACHERS so that we can receive the TRUTH. We ask CHRIST to bless all present here with HIS spiritual PROTECTION so that we won't be a plaything for the antagonist of GOD. We know that we have to make the greatest contribution ourselves. – Our destination is it to grow through spiritual TEACHING, then to be able to distribute the TRUTH there where it can fall on fertile ground. We are asking for GUIDANCE so that our mission on earth will be justified. We cannot reach this destination under our own steam without spiritual HELP. We thank all HELPERS from the OTHER WORLD who support us in this. In this sense we are hoping for a blessed and enlightening evening.

Words from the MESSENGER of LIGHT, WHITE EAGLE:

Live your life consciously aware of GOD, completely trusting that GOD'S PLAN will affect your days prudently and full of LOVE.

The meeting started with a meditation and a materialisation exercise under the guidance of the SPIRITUAL TEACHER, MAGDALENA, followed by the inspirational part of the meeting with the BRINGER of LIGHT, EUPHENIUS.

Welcoming all present and starting the questions:

EUPHENIUS : PRAISE GOD AND PEACE ACROSS ALL BORDERS.

This is EUPHENIUS speaking, we salute you in the NAME of the LORD and

we are happy, that it is again possible to be together in this room. As was the case at our last get-together, there are a number of visitors present who are observing our work and through this realise that they have already taken steps towards the "other" side. Many of these human souls are mentally so strongly attached to planet Earth that they will not let go. These are the souls we hope to reach through our work, to show them that you in your materialistically orientated world are still making an effort to contact us and this without any kind of rituals, purely through an inner attitude, that makes it possible for us to show you something.

We would like to tell you that many people emanate LIGHT and DIVINE ENERGY illuminating the darkness. We are making an effort to support this in conjunction with ARCHANGELS and the SANTINERS, who see their main objective in keeping the DARK FORCES from taking over. All souls on the planet can play their part so a lot of LIGHT can enter these areas. We are repeatedly trying, through inspiration, to prevent the DARK FORCES from realising their plans.

Question : Through the American medium *Sheldan Nidle*, who supposedly already as a child had contact with extra-terrestrials, messages are made public. One of these messages states:

"Even though your world is unmistakably in turmoil, many things are developing behind the scenes. We are planning a global announcement that will change your world completely. This will also bring about the result we have been longing for, for some time: namely to emerge from the "shadows" to then explain to you who we really are. The "First Contact" has become an event of absolute importance for the Galactic Federation of Light."

Will we see a marked increase of definite UFO sightings in the very near future that could put a stop to the current thread of war?

EUPHENIUS : We must say "no" to that! We cannot answer with a "yes" and agree with the content of these messages and publications. The flotilla of ASHTAR SHERAN will not appear in the sky because of the present critical situation, it does not fit into the divine plan at this moment. The present situation has been created by you and you are the only ones that can move it toward the good, the positive. It is not the mission of the SANTINERS to convert negative souls by showing themselves, by doing so, it would curtail the affectedness of GOD'S REPRESENTATIVES. These negative souls would not recognise and accept that there is a HIGHER FORCE.

It would be a mistake in this situation, if the flotilla of ASHTAR SHERAN would be seen and recognised on Earth. This would lead to acts of violence and cause fear. These negative human energies are not ready to even look more closely. They would not accept it as something positive, but would use it to justify acts of destruction. This cannot be condoned and accepted by the SPIRIT WORLD. Our way is different! Our ways run along different tracks and we hope the support from your side and ours, will make sure a declaration of war is not forthcoming.

Question : What sort of communications are we talking about.

EUPHENIUS : We can't tell you here and now what kind of ENTITIES will use this medium. We only have the information given to us by the SANTINERS. We're discussing on our level here, where we're allowed to give you people on Earth a hand. We're certainly not allowed to interfere with your free will and therefore not on those levels. If it had been possible for us, there would not have been a WW2 on Earth. But this war too had a reason.

- Question : It is known on the other side that electrical appliances fail when UFO's are close by. If extra-terrestrial technology can render our weapon-systems harmless, then it shouldn't come to any war.
- EUPHENIUS : This is a completely different point of view. For a long time there have been no contacts between HIGHER ENTITIES and you people on Earth, it has only been sightings from time to time over years and decades. It is a slow assimilation process with your level of logic, to acquaint you with this phenomenon. It would be a gross interference into your actions if the SANTINERS would consciously interfere in this crisis situation on planet Earth.
- Question : What would actually change if a lot of people, through mental application, would ask for extra-terrestrial assistance?
- EUPHENIUS : The thought energy created with the plea for help would be received and converted into other forms of positive energies as the SANTINERS and other extra-terrestrials are forms of energy also. They would use these energies in the areas where the crisis is. This would not lead to an overriding of a DIVINE LAW, as GOD the CREATOR has not given the "all clear" to interfere in your affairs.
- Question : Does the free will of fanatical power-brokers override the free will of millions of people wishing for peace and freedom?
- EUPHENIUS : If you send all your thoughts in positive vibrations, then the negative free will not be carried and applied. You all have it within you to subdue negative wilful elements by applying your free will, your LOVE and your LIGHT with divine intent. With the LIGHT of GOD it is possible to change the situation. But you can't change any individuals free will so that they suddenly start thinking positive thoughts.
- Question : Would it be possible for the SANTINERS to render weapons of war useless?
- EUPHENIUS : We can say yes to that! These are interventions that the SANTINERS, as free ambassadors in the service of GOD, can undertake. It is their mission to protect and guide planet Earth. There are possibilities to interfere without actual sightings or contact!
- Question : In the eighties, in all harbours of the Soviet North-Sea Flotilla, a total shut-down of some weapon-systems was registered. At the same time a series of unknown flying objects were seen. Is something like that possible in the looming desert war?
- EUPHENIUS : This is possible! Convert your thoughts. Send them along their way and pray for the destruction of such weapons of war.
- Question : Is Iraq a real danger for the rest of the world?
- EUPHENIUS : Iraq is certainly in a position to lead a war. It has the possibilities and the weapons to do so.
- Question : Has Iraq nuclear bombs?
- EUPHENIUS : We can say yes to that! Iraq also has biological weapons it can employ. The question remains if it will use them.

- Interjection : The American accusations are therefore justified!
- EUPHENIUS : Don't forget that even though these weapons are available, it doesn't necessary mean that they will be employed. Just think, there are always various reasons why such a war will be fought. Have a look at your own history and you'll be astonished about the reasons and motives to go to war with its devastation, destruction and sorrow.
- Interjection : If someone wants a war, they will always find a reason!
- EUPHENIOS : Everyone finds a reason, ways and opportunity to enforce their will and their little world. It is this free will that makes you trip and fall again and again. You do not recognise this free will as a positive tool given to you by your CREATOR. You don't use this free will in a divine fashion but in a negative way, this is what makes you break your neck on Earth.
- Question : It is written in the bible that JESUS wept when HE saw a vision of Jerusalem in ruins, could this vision become reality in the near future?
- EUPHENIUS : The vision of the destruction of Jerusalem was on a level that JESUS could perceive, that's why it was so graphic. We cannot comment on this at this stage as our ability to foresee doesn't reach this far into the future.
- Question : Is it true that the biblical prophecies will come to pass?
- EUPHENIUS : No! The human race is bound by certain rules and regulations and it is therefore not predictable how fast your spiritual development will advance. Prophecies are signposts in history that can be fulfilled but they don't have to be. You are affected by changes happening around you but it is wonderful that it is possible to encourage your spiritual development in a positive direction.
- Question : Some of the press insist that the disarmament of the super-powers is only cosmetic because the tested Tesla-weapons (Nicola Tesla) eclipse atomic weapons by far. Is This true?
- EUPHENIUS : This type of weapon has been in development in many countries, not just the one country. It cannot be employed at this time as a very important element of the system has not yet been worked out by the scientists They are still working on the principal theory of the system and are trying to make it combat-ready. As science stands at the moment, none of the prototypes are functioning.
- Question : It has been noticed that the US-President quite often quotes the bible. How can one read from the bible about the duty to start a preventive-war and therefore litter ones way with corpses, if at the same time one trying to follow the tenets of JESUS CHRIST?
- EUPHENIUS : This is pure self-indulgence on the part of this power-hungry soul. These souls are trying to utilise religion to coerce people into supporting him. The American people are susceptible to mass hysteria and are not prepared to have a closer look. The church is used as a source to help, with their dogmatic approach, to reach certain goals. It seems that through the religious approach a nation is influenced and manipulated. History will show how far the American people will be led, will they assume responsibility or will they just repeat parrot-fashion what their leader is saying. The bible will be used to assist, used and abused. The WORD of

GOD will be dragged through the mud and not used as it's meant to be used, as a divine instrument, it will be used as an instrument of destruction.

- Participant : The US-President is asking in front of TV-cameras for divine assistance.
- EUPHENIUS : He will not get this assistance because a war will not be encouraged or supported by the DIVINE POWER. People like that do not know the true content of what the DIVINE TUTORING will spread on Earth. These people know nothing and are non-believers. These souls do not understand that they will have to give an account for all their actions on planet Earth at a later date. They do not realise that the true life is just beginning. They do not know or they do not want to know that they are here on Earth to enlighten and develop their soul. They mock and ridicule the WORD of GOD and that is a cardinal sin. These souls do not know that they are misguided by other powers, that use them like puppets on strings, and that they can bring sorrow to many people.
- Question : What should the United Nations (UN) do, if it is a fact that some nations are producing atomic and other weapons of mass-destructions?
- EUPHENIUS : There are many nations that use these weapons as a protective shield because they don't trust anybody else to keep them protected and so to live in peace. The excuse, to protect oneself from some imaginary enemy, is always a deception. You haven't realised that all of you are inter-connected with each other and if one is affected by something, so is the other. It is a chain that cannot be broken. If it comes to a nuclear war, it will mean the complete and utter destruction of your materialistic world. You have not recognised that you don't have to guard against others, but you must realise that all of you are brothers and sisters.  
 \* The amalgamation of countries is the start of GOD'S WILL, namely a brotherhood between diverse people and diverse religions.  
 \* The final objective is the disbandment of all borders, all nationalities and all religious commandments.  
 Humanity on Earth must begin to realise this, as this is its development and its history. Building walls around you and thinking thoughts of destruction is not the right way, it will definitely lead to annihilation.
- Interjection : You talk about destruction: we were told at one stage, that there would not be an atomic war nor a WW3.
- EUPHENIUS : This was only given as an example to show you that not only one country has these weapons, other countries have them just the same. They're afraid of being overrun by other nations or ethnic groups. You still haven't realised that you all spring from the same source, no matter what skin colour, what language or what religious differences. You're all under the one CREATOR who is the fountainhead of your existence.
- Question : How can a single individual help to avert a war?
- EUPHENIUS : By prayer and trust, by stopping all activities that create negative vibrations on your planet and to do this through DIVINE LOVE and by what you can send to those around you under the guidance of DIVINE LAWS.  
 Prayers and LIGHT will be the shield that stops all that is presently happening on Earth.
- Participant : We thank you for your message.
- EUPHENIUS : We thank you for your questions and for the opportunity to spread a little LIGHT into your confused environment. The question of survival is for all of

you, especially your souls, a burden and a source of uncertainty, not just for you assembled here, but for everybody else on your planet. There are many who fight with positive thoughts against the negativity happening at this time. We fully support you in this and guide you so that you will be able to stop the activities of the DARK FORCES with your positive thoughts. The SANTINERS salute you and are with you in thought. They thank you for your effort and prayers.

We wish for you, that in the near future you will succeed in sending your LIGHT and in keeping up your positive thinking. Do not be negatively influenced by external distractions, the things you perceive. It is a chain that is possible to break. You have the potential to convert it all into something positive. We wish you the strength and energy so that it will be possible.

GOD BLESS!

EUPHENIUS and the TEAM.
