Protocol extracts from the *Menetekel* from the years 1956 to 1975.

Theme : **The Bible**

Addenda from the *Menetekel* of the years 1956 to 1975

The following text to this theme was psychically received by the Medialen Friedenskreis Berlin (MFK), a Christian/Spiritual community, between 1956 and 1975. The transmissions form a part of the *Menetekel*, a collection of protocols of around 4,500 A4 sized pages amassed over 20 years and they have recently been restructured. All of these mediumistic messages were left in their original form, even if similar questions were repeated. The work of the two automatic writing mediums, Monika-Manuela Speer and Uwe Speer, began when they were 15 and respectively 17 years old. The total production of the MFK-Berlin (Medialer Friedenskreis Berlin), the *Menetekel* and the 21 transmissions from the space-brothers are considered the absolute pinnacle of psycho-scientific research. Other spiritual circles have often tried to copy the work of the MFK, but its quality was never achieved. The reproduction and distribution of these rearranged messages and protocols is explicitly encouraged and is not covered by any copyright.

Preface

The origin of the bible goes back about 2,500 years. Nothing is added to the bible nowadays, but it would be far better if many passages in the bible *would be removed for ever*. This would not diminish the bible's volume, because GOD *still* talks to people *these days* through his prophets. GOD'S authorised ANGELS will not give up their fight for mankind. We should not ignore these words.

The real paths that lead to GOD *cannot* be trodden with the help of religious enthusiasm. The LORD'S words are: *Be like little children!* – Meaning that we should *not* come with prejudices and also not with school taught wisdom, but that we should absorb the DOCTRINES within us. Children listen to their experienced parents when they treat them lovingly and when they deliver logical explanations to their questions. We, as human beings, ought to listen to the more experienced MESSENGERS of LIGHT in regards to spiritual things. Our own experiences unfortunately do not suffice.

Bad Salzuflen, April 2009

Years 1956-1968 (incomplete)

The Star of Bethlehem

The Holy Scriptures is a book of divine revelations. Revelations are messages for mankind. They can be given in various forms, so for instance through the *arts*, through the *word*, through the *language of nature*, through one's *disposition* and *feelings* or through the *amplification of the senses*. Ever since CHRIST indicated the right paths to maintain this connection to GOD, this divine connection will never tear asunder.

These divine biblical revelations have *not* come to an end with the last page of the Holy Scriptures, these messages (new revelations) continue to increase in times of *human adversity* and they verify GOD'S great LOVE and his ORGANIZATION. CHRIST established this organization of MESSENGERS of LIGHT and they are at our disposal.

Those that want to hear GOD'S word or experience HIS help through JESUS CHRIST are not hindered in any way unless they are hindered by their *doubts*. Those that get rid of their doubts, that is to say, their disbelief, clear all ways for divine understanding. GOD *wants* us to hear HIM. CHRIST wants us to *understand* him. His words are *not* a plethora of academic gobbledygook, but the simple words of the average citizen.

There was a period of time in human history where mankind had severed all connections to GOD. GOD answered with one great REVELATION. HE let nature speak for HIM, because his WORDS were no longer understood in any other way. HE mobilised heaven and earth and this resulted in the DELUGE, the punishment.

There was a time when mankind no longer utilised licit psychic abilities and when GOD no longer had mediators (terrestrial mediums) that could reveal GOD'S *unclouded* word; and whatever had been already given and written down, was *falsely* interpreted.

This is when GOD sent a MEDIATOR, a *direct* MEDIUM. He incarnated one of his best souls, that is to say, HE sent us a TEACHER, a PROCLAIMER, a SAVIOUR. He is called the PRINCE of PEACE - JESUS CHRIST. A spaceship preceded this revelation and its aura illuminated the site of the birth. Heavenly beings materialised and proclaimed to the people:

PEACE ON EARTH AND GOODWILL TOWARDS MEN!

And these days?

Once again GOD sends us a revelation.

Once again spaceships appear with brilliant rays.

Once again heavenly BEINGS materialise and call out:

PEACE ACROSS ALL FRONTIERS!

PEACE THROUGHOUT THE UNIVERSE!

AMEN!

Questions and answer

September 1959

Question : The bible reports about the existence of the first human beings. Adam and Eve were supposed to have been evicted from paradise. Is this passage in the bible correct?

ARGUN : *No, it is not correct.* We are indeed dealing with an inspiration, but it has been reedited by priests over again.

- *Adam and Eve were not the first people on Earth; because the first people were not just terrestrial people, but part of a human race distributed all over the universe. There are planets that accommodated a human race long before planet Earth.*
- *There has never been a paradise here on Earth, but this Earth could be a paradise. The LORD sent his children to lots of star systems and this is why there is no original sin.*

AREDOS : Life on a planet is *not* a punishment, but *training* and refinement. Every human being on this Earth is destined to be refined. You don't send your children to school to be punished, do you? But if they are sometimes censured or receive a beating, they are not unjustly done by, because they probably deserved it. This also applies to your life on Earth. Even GOD'S SON had to pass a test on this Earth and HE *passed* it.

ARGUN : It *isn't* about the things your bible dictates, but always according to the LORD'S LAWS.

- *Mankind's history does not begin with Adam and Eve, but with the precursors of human development. People were physically coarse beings before.*

Question : Were the first people that appeared on Earth *not* endowed with a human soul?

ARGUN : *No*, this is why I say: They were physically coarse beings to begin with. The various races only refined over thousands of years and this more or less during the last period of time, as the human body had become *somewhat more ethereal* in its composition, it was enmeshed with a human soul from the spiritual realm.

- *There is therefore a specific day of the first incarnation of human soul, even though the human body had existed long before this first incarnation of a human being.*

I will continue with this highly interesting theme some other time. We will gather some very accurate information about this, because the history of the Earth's genesis is very important and it has not been properly recognised up to now.

Question : There are revelations that suggest that mankind, respectively the human soul, was preceded by the *soul of an animal*. Can we believe this without reservations?

AREDOS : The human soul was *not* preceded by the soul of an animal in a sense the human soul evolved from the soul of an animal.

- *The soul of the animal that occupied the physically coarse human body in its predevelopment stage was replaced at a specific point in time by an actual human soul at birth. From that point in time onwards, human incarnations took place continuously and reincarnations also took place later on.*

ARGUN : The above mentioned revelations once again indicate that psychic dictations from the realm of the spirit must be *correctly* understood by one's own intellect.

- *One's subconsciousness deals with such dictations almost always according to one's own common sense. This is the reason why we always objected to having the two mediums here trained in any other form of communication than automatic writing.*

We have a lot of empathy for these mediums that record such dictates, particularly if they have no terrestrial friends or co-workers at their side that can control what they do. This also applies to *Lorber* whom we greatly appreciate, because he helped many souls through the sacrifices he made. He always meant well, but he was not without faults. We would like to eliminate these mistakes, but we find it very difficult to convince *Lorber's followers* that they are actually dealing with mistakes that unintentionally crept in. Please be more *open minded* and *not* fanatical!

February 1960

Question : The Holy Scriptures mention the "Holy Spirit" a lot. Can you describe this *Holy Spirit* to us in more detail?

ARGUN : The *Holy Spirit* is a divine FORCE that has a supporting affect on the human intelligence. This FORCE is however *only* effective when people, respectively the soul, *consciously tunes* into this FORCE, ergo becomes *ready-to-receive*. If this divine FORCE then enters the soul, it gains the highest level of understanding and clarity. Do not confuse UFOS with a dove. UFOS are also in the service of the *Holy Spirit*

Question : Is it better for people to believe without seeing, as it is written in the bible?

ARGUN : This isn't always the case. CHRIST actually meant that it was better to acknowledge the truth *through one's feelings* so that no major, visible phenomena are required in regards to one's true faith in GOD.

- *Those that can only be convinced through major miracles have never really endeavoured to find the truth.*

You really did a good job of configuring your bible according to your taste. GOD however is not miserly with his miracles.

March 1960

Question : The biblical flood was supposed to be a divine tribunal. Is there a possibility that a similar tribunal will repeat itself, especially as we become *more ungodly* here on Earth day by day?

AREDOS : GOD does not want to change mankind through the coercive constraint of its freedom or through coercive force, but *alone through the self-realisation* that has to happen through the complete freedom of action and self-experience. Higher self-realisation must *bring joy* and only freedom can bring this about. Professional work, climbing mountains amongst other things are often a grind when they have to be carried out *under duress*. Climbing mountains, sport and difficult professional work done with *unsolicited* impulsion on the other hand, bring pleasure and lead to remarkable achievements.

- *Searching for GOD must also happen voluntarily and joyously, real truths can only be recognised this way.*

This is why the way the sciences look for GOD is *not* successful, because they *do not include* LOVE when searching for evidence of GOD'S existence. There is joy in the WORLD of SPIRIT also, but only through *positive* work. Base spirits find insatiable pleasure in negativity.

June 1960

Question : Most bad news, allegedly psychically received, draws its materials mainly from the book of *Revelations to John*. What can however happen is that otherworldly spirit beings also draw their materials from it. How much truth do these biblical revelations contain in your opinion?

ARGUN : Yes, this does happen quite often.

- *Some of these revelations contain between 40 and 50 percent of truth. With the help of a healthy discretion you can find out just what's true and what's false.*

Question : The end of the *Revelations to John* is missing. Do you know the end?

ARGUN : No, this was very difficult under the circumstances prevalent at that time.

April 1961

Question : The bible states: "With sweat on your face shall you eat bread". Do these words stem from the divine REGIONS?

ARGUN : No, this is a *terrestrial* dogma. Sweat doesn't have to flow, but the bread must be tasty, this is something all can demand for the work they do. Just how high one's standard of living is rated depends on the spiritual development. Mental work does not require a lot of sustenance, but strenuous physical work does.

May 1961

Question : Is there a fall from grace of mankind that coincides with the bible's accounts?

ARGUN : There was *no* initial *Adam* and *no Eve* either and also no forbidden fruit (apple). Is this answer clear enough for you? Mankind became partially apostata during the formation

of the physical world. Every phase of development was continuously modified until people, with your present day appearance, stood with both feet firmly on the ground.

September 1961

Question : We once again refer to a text in the bible that deals with a *personal* GOD. Text in 1 John 5:20 states:

We know that the Son of God has come and has given us understanding, so that we know the true God. We live in union with the true God – in union with his Son Jesus Christ. This is the true God and this is eternal life.

What is wrong here?

ARGUN : It wasn't correctly written down. When you envisage CHRIST'S doctrines, you get to know GOD'S character, because these doctrines are GOD'S WORDS. A lot of this has however been garbled. The MESSENGERS of LIGHT that instructed *Pastor Greber* from the USA corrected this passage. The New Testament according to *Greber*: (newly translated under instructions from the spiritual realm) *1. John 5:20*:

We are also aware that the Son of God came to Earth to communicate correct insights to us so that we are able to recognise the true God. We are connected with the true God, because we are connected with his Son Jesus Christ, because he teaches the truth and he confers heavenly life.

Question : We now quote from an extremely fateful text from the bible that led to a situation that allows leaders of nations to wage wars at will. *Romans 13:1-2*:

Everyone must obey state authorities, because no authority exists without God's permission and the existing authorities have been put there by God. (Therefore the saying: "With the Grace of God.") Whoever opposes the existing authority opposes what God has ordered; and anyone who does so will bring judgment upon himself.

ARGUN : This text has been *completely twisted around* and is therefore *very* dangerous. It wasn't really about any terrestrial authority, but about a *divine* authority, namely GOD'S. This includes ANGELS, MESSENGERS of LIGHT, SANTINER and actually the whole positive spiritual realm. *No terrestrial authority* has been installed by GOD; they all achieved their positions through the expression of free will - which is not the best most of the time. Kings are also *not* installed by GOD, but through people's traditional opinions. *Greber*, who also turned to the spiritual world because of these texts, has this to say: *Romans 13:1-2*:

1. All spiritual powers entrusted with your guidance render obedience. There is no superior spirit power that does not stem from God. (Base spirits are not in a superior position) And those that do exist were appointed by God. (This includes the messengers of light)

2. Those that do oppose such powers set themselves against God's will and those that defy God's will do attract punishment.

(Comment: It is therefore not surprising that the churches are prepared to *bless* weapons carried into war, because they are erroneously utilised apparently through God's imposed authority – falsely taught by the bible. A damaging biblical aberration!)

December 1962

Question : Will the renewal of the Earth be heralded through a catastrophe, because the bible indicates that kind of an event?

ARGUN : The renewal of the Earth will *not* happen through catastrophes and punishment, but through GOD'S MIGHT and POWER to give orders in order to verify his existence within the firmament.

Question : Can we assume that GOD will demonstrate his existence with the help of the SANTINER, respectively through spaceships?

ARGUN : People *long for* seeing extraterrestrial flying objects. GOD only has to give an order and HE is immediately verified. Mankind can only gain peace with the help of heaven. GOD does not have to be verified through human thought processes, because GOD already verified his existence through his own creation. This is however not enough in the eyes of atheists; they are *insatiable* in their demands for evidence.

Question : The two Soviet cosmonauts who met up with one another in space were supposed to have blasphemed GOD. Is this correct?

ARGUN : Neither one of the two wanted to show just how weak and small they really were. This conversation was just a cover-up for what a soul really experiences at moments like these.

March 1963

Question : According to the bible, man was supposed to have been created in the likeness of GOD. What explanation is there for this?

AREDOS: Physical matter is LAWFULLY directed. Life is also LAWFULLY directed. The LAWFUL control of man is however a different matter. It is *unique*, because man's capability compared to Mother Nature's is also unique. The LAWFUL control of man is therefore the DIVINE PRINCIPLE.

Question : Is the bible too comprehensive for general studies?

ARGUN : If the bible was only *half* its comprehensiveness, but would only *contain the truth*, it would undoubtedly fulfil its purpose *a lot better*. This textbook *must be reformed*; it will otherwise lose its probative force more and more.

- *More solid faith can only be built on a better foundation. Mistakes obscure the truth.*

August 1963

Question : One continuously points to the alleged infallibility of the bible. What is the spiritual realm's opinion of this?

ARGUN : You have known for a long time that it isn't correct in all respects.

- *This textbook must be reformed under any circumstances and this as soon as possible. This will happen.*

This can however not happen all at once. Politics is in the foreground and it also has to be urgently reformed. Therefore, politics *first* and *then* the Church, because the churches can wait a little longer in this respect. The world has too many different confessions and *all of them* feature mistakes. They all have to be revised and coordinated with one another. You know how dangerous man can be when he is gripped by fanaticism.

August 1965

Question : The bible states:

“The fact that a righteous person has been pious will not help this person when he or she does evil. But when an ungodly person turns pious, he or she will not be disadvantaged for having been ungodly.”

How is one to correctly understand this?

ARGUN : Think about this for a while. There is a deeper meaning behind this. I would like to see you find your own answer. This will indicate your spiritual development to me.

Participant: According to what I know, the achieved level of spiritual development of people that cross over the threshold of death is of great importance in regards to how much they learned from their mistakes and sins and to what degree they were able to convert this into positive deeds.

Participant: People that are pious and possess all the required knowledge and *then* stray from GOD’S divine path, are *worse* than those that want to know *nothing* about GOD and corrupt other people, but find their way back to GOD one day. This is something major.

ARGUN : This is it: The mortal existence is *decisive*. People have to pass their *main exam* here on Earth. Your present life is for many of you a blessing in as far as doing a *better* job this time around. But a life on Earth is for some of you tied to some major karma.

Question : There are people that regard their whole existence as one great injustice. What do you say to this attitude?

ARGUN : The experienced injustice derives *from people*!

September 1965

Question : It is written in the bible; “When your eye annoys you, tear it out!” – How are we to understand this?

ARGUN : *False interpretation!* – If your eye hurts you, try to alleviate the pain. Try to remove the thorn so that the eye can heal and become healthy again.

March 1967

Question : The biblical image of hell is equated to fire. What does the positive spiritual realm have to say about this?

ELIAS : As I mentioned before, fire is something pure and related to light.

AREDOS : Hell is a place of DARKNESS and also a *mental state*.

- *Only human fantasy could equate hell with fire. On the contrary – lost souls feel cold!*

Human thoughts have infiltrated almost all religions. These mistakes still influence the thought processes of all of mankind on Earth. We try to eliminate these mistakes – however, this is incredibly difficult.

Theology would like to continue along its old tracks, tracks that have been used for millennia, even though mankind has not progressed a lot along these tracks.

- *How far people progressed during their life can only be assessed by us from an OTHERWORLDLY PERSPECTIVE. The success rate is less than miserable.*

April 1967

Question : One says: Miracles are faith's most liked children. Do biblical miracles form part of these revelations?

ARGUN : *No, they do not.* A lot of nonsense is bandied about them. Most of these miracles are on account of the SANTINER, who naturally act on behalf of the LORD.

May 1967

Question : Your revelations are questioned by authoritative parties when they turn *against* the miracles in the bible. What can be done about this?

AREDOS : We are in the middle of a battle. If the *Holy Scriptures* is not corrected in many places, the whole terrestrial human race will be confronted with an incredible danger. This is something theologians should carefully think about. We are *not* interested in spreading lies or in creating *even more* confusion. Our assignment is to help mankind no matter what happens. There are naturally also coaxing spirits without a conscience. That you are not dealing with a hoax in our case must surely be easily recognised by the high level we managed to maintain for 15 years.

- *The quality of the Menetekel is indisputable. Do not allow yourself to be discouraged when church representatives and dogmatics strike out blindly. Their intolerance verifies the fact that they are in the wrong. Fanaticism is dangerous!*

Therefore keep well away from this. GOD will always be victorious. HE will also be so in the future.

October 1969

Question : Sodom and Gomorrah were destroyed by force. Was this punishment?

ELIAS : Sodom and Gomorrah were *warned* by the SANTINER *in advance*. This did *not* come as a surprise. People were informed about all the consequences *prior* to the event. The sins were just *too great* and they were devoid of any humanity. We are dealing with a relatively small number of people affected by this calamity. The *whole world* is on a course towards cesspits like Sodom and Gomorrah *these days*. We are however not dealing with just a few people this time around, but with *billions*. This changes the situation drastically.

If you pay attention and also look at trifles as well as listen carefully, you will become aware that you are *not* alone, become aware that BEINGS are around you that you are unable to see, but who mean you well. Above everything else, GOD is still here also.

- *We are not dealing with coercion when a HIGHER AUTHORITY interferes, but with tactical, moral deliberations.*

One should not overlook the things that have already taken place when generally assessing the situation. It is easy to ignore this, because the buds have not started to bloom as yet. *A lot of positive* things are being prepared. But a lot of people already had enough of all of this. The pitcher apparently goes to the well until it breaks. Extremes, excesses and sex are already being rejected by a lot of people. War and anarchy are *similar in character*.

December 1973

Question : Are the mistakes in the bible mainly due to false *linguistic* concepts?

ELIAS : Yes, that's right. Centuries, well actually millennia have passed and the bible still contains concepts that predicate the exact *opposite* these days in spite of this. It is *completely antiquated* and absolutely out of fashion.

- *The witnesses in the bible gave false accounts, because they did not have an educational background and therefore were unable to recognise the possibilities. Their fantasy replaced experience and knowledge.*

In regards to the great responsibility you accepted, do not make up your own mind, please ask our advice.

- *The New Testament is more reliable than the Old Testament. The New Testament is still a good guide for people, in spite of its antiquated language.*
- *But the Old Testament is unreliable in regards to the miracles it describes. One should thus not forget that people looked at and assessed these "miracles" with different eyes and with ignorance.*

The churches will lose their followers if a long overdue re-edition does not take place.

One should *omit* the Old Testament from the bible altogether. It contradicts the New Testament here and there.

Question : Can you give us an example?

ELIAS	The <i>Old</i> Testament states	: " <i>An eye for an eye.</i> "
	The <i>New</i> Testament in contrast states	: " <i>Love thy enemy.</i> "

The End
