Protocol extracts from the *Menetekel* brochures of 1956 - 1975

Theme : **GOD and HIS antagonist**

Addenda from the *Menetekel* 1956 to 1975

The Medialen Friedenskreis Berlin, a Christian/Spiritual community, psychically received the texts to this theme between the years of 1956 to 1975. These transmissions are a part of the *Menetekel*, a collection of 4,500 A4 pages of freshly catalogued protocols, amassed over 20 years. All of these mediumistic messages were left in their original form, even if similar questions were repeated. The work of the two mediums began when they were 15 and respectively 17 years old. The total production of the MFK-Berlin (Medialer Friedenskreis Berlin), the *Menetekel* and the 21 transmissions from the space-brothers are considered the absolute pinnacle of psycho-scientific research. Other spiritual circles have often tried to copy the work of the MFK, but its quality was never achieved. The reproduction and distribution of these rearranged messages and protocols is *explicitly encouraged* and is not covered by any copyright.

Preface by the publisher

When considering the population of planet Earth as a whole, there is no reason to talk about a *decisive* spiritual progress. Genuine progress has only been made in *individual areas*. These developments were given as much attention to as those that led in a wrong direction. The latter are *dangerous*, because people on Earth regard a lot of things as progress that actually connotes *regress* viewed from a HIGHER PERSPECTIVE.

Ignorance in regards to spiritual coherences as well as inspirational whispers from GOD'S antagonist and his vassals lead mankind on Earth in the wrong direction. What is tragic is that people are all too willing to comply with these negative inspirations. They turn into marionettes without realising it. Admonishing feelings and thoughts are ignored by the human mind and this means that the gentle warning by the GUARDIAN ANGEL miss their mark. This is why the present course terrestrial nations take leads straight into hopeless chaos. This prognosis does *not* require clairvoyance. All those that know the COSMIC LAWS know what happens when they are ignored.

GOD in a sense deals with his CREATION like an artist who wants to actualise an idea that occupies his mind. He requires physical materials to give his IDEA form. The way a terrestrial artist uses matter, ergo substance to express *an* idea, GOD needs the *individual action of his creatures* to produce his CREATIVE PLAN. GOD needs creatures to give HIMSELF too in order to make them walk the path of *creative union with HIM*.

The "modern", terrestrial cosmology no longer has room for GOD! The book "The Death of Wallenstein" also has no room for its creator *Friedrich Schiller*. *Schiller* does not appear in it, even

though every page is from him. GOD could gain contour whilst reading his “*Book of the World*”, the way a poet might be multi-layered in the treatment of his works – but nevertheless not less emphatic.

Questions and answers

Years 1956/57 (incomplete)

Question : A journal made a distinction between *Lucifer* and *Satan*. Can you tell us something about this?

Answer : Lucifer was an archangel that was evicted from the LORD’S palace. His name is Lucifer.

- *It is best not to mention his name.*

June 1962

Question : Psycho-science asserts that the spirit builds, respectively creates its body. How does this comply with your explanations?

ARGUN : This is *not* in regards to physical matter.

- *The spirit creates its otherworldly body exactly according to the soul’s own image.*

Question : The concept “ugly” is surely relative. Is there an explanation for this?

ARGUN : That’s correct, but “ugly” is an attempt by negativity to produce a hostile and destructive reaction. As you know, both POLARITIES are strong. But GOD’S power is however more powerful, because HE is *positive*. Lucifer however does not miss any opportunity to elevate himself. But he knows that he cannot leave his boundaries and this is why he would like to smash everything. Today’s times, where development races ahead in leaps and bounds, brings the *greatest* disputes between GOOD and EVIL.

- *The anti-spirit is however incapable of destroying any of GOD’S planets. He can indeed attack parts of them, but a planet cannot be destroyed through his actions.*

Question : Lucifer took his vassals with him. Are souls from amongst his vassals incarnated on this Earth?

ARGUN : *No*, these souls constitute a resistance against everything GOOD. They are his HELPERS. Once he gets his claws into someone, he does not let go.

- *A seduced soul can naturally be lifted UPWARDS. But this is not possible with Lucifer’s fallen angels. They represent his circle, his negative hierarchy.*

October 1972

Question : One cannot really say that apes are beautiful animals. Does their appearance actually have anything to do with the antagonist's appearance?

AREDOS : *Yes, that's how it is.* Satan forfeited his initial beauty eons ago. His incredible negativity and discontentment made him *gradually uglier* over time. He looks an *absolute monster* these days.

Question : Artists have portrayed the devil. Do these depictions show a certain similarity?

AREDOS : There is *better* evidence: Have a look at the development of the human species. *Malevolent, negative, discontented, ungodly* people look *uglier* and *uglier* all the time. One can read the negativity of their earthly existence in the way they look. It is the same process that took place in Satan's case. The LAW of HARMONY is responsible for this process. Disharmony produces a poison that no antidote is effective against.

- *The best cosmetics for people are harmony and contentment.*

Question : Could one say that Satan is *ill*?

AREDOS : He is *mentally* ill, that is to say, *insane*. But any being can by all means be intelligent in spite of such an illness, however only in a *negative* sense.

June 1974

Question : We believe that almost all human beings with good intentions are hindered by the ANTI-SPIRIT, respectively the ANTI-CHRIST, from converting their good intentions into action. What do you say to that?

ELIAS : You are not far off the mark. This is why I talk about showing *consideration* to one's fellow human beings, that is to say, for the grade of their respective development and education. You make the mistake of *classifying* them. You should be *more considerate* if they have *not* yet gained higher insights. They are often victims of worldwide information and publications they place their *blind* faith in.

There are of course also out and out enemies of human society and your terrestrial legislations is *much too lax* in this respect. One should tame these enemies through severe laws and severe punishment. We don't show them any clemency and certainly no understanding. It is unfortunately a fact that judges *seldom* believe in GOD and certainly not in the survival of the soul after death. It would be more advantageous if they would indicate, *with full conviction*, that a HIGHER COURT applies after their disembodiment, *before* they pass a sentence.
