### Introductory words:

GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS! We are welcoming all present from the OTHER WORLD very cordially. "Where two or three are assembled in my NAME there I will be right in the middle of them," these CHRISTIAN WORDS shall guide all our meetings. We will do this work in HIS NAME so that it will serve everybody. Only HE is able to send authorized TEACHERS so that we can receive the TRUTH. We ask CHRIST to bless all present here with HIS spiritual PROTECTION so that we won't be a plaything in the hands of GOD'S antagonist. We know that we have to make the greatest contribution ourselves. – It is our aim to grow through spiritual TEACHING, then to be able to distribute the TRUTH to where it can fall on fertile ground. We are asking for GUIDANCE so that our MISSION on Earth will be justified. We cannot reach this destination under our own steam, without spiritual HELP. We thank all HELPERS from the OTHER WORLD who support us in this. In this sense we are hoping for a blessed and enlightening evening.

### Words from WHITE EAGLE:

The best way to banish darkness is to brighten it with light. The right way to fight evil is for every soul that has recognised the LIGHT to realise this LIGHT within their own life and to endeavour to spread the TRUTH it has received.

(Welcoming all attendees.)

ARON : GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS!

This is ARON speaking. Your circle is PERMEATED with LIGHT, even though you have been very stressed vocationally recently. The EMINENT GUEST we announced is here and HE will announce HIS presence towards the end of the meeting. We are pleased that tonight's meeting has been arranged so that our GUEST can meet you. We hope that you are also pleased about the information HE will communicate to you. First of all we will begin this evening with writing. LUKAS is waiting to answer your question.

Question : I am not quite ready to apply the LAW, "LOVE thy neighbour as you love thyself" the way it ought to be applied, especially when I think of my working environment. The same applies when it comes to forgiving others. I still find this difficult. What can you tell me about this?

LUKAS : Well, you should make a differentiation here: As a human being you cannot LOVE individual people the way our CREATOR does.

- *During your earthly sojourn, you should learn to LOVE mankind as a whole, even if there are individual people amongst it that do not oscillate with your kind of VIBRATIONS; this is quite normal and it is to be expected. This is what philanthropy is all about.*

It also means that you should *not persecute* your fellow man and that you should *not do him any harm*. If you do so, you have done your part. But the other way round, you *cannot expect* that the same happens to you or that you receive the same treatment.

Question : Why does the human race find it so difficult to live according to divine LAWS?

LUKAS : Well, that's an easy one to answer: *They find it so difficult* because they are not *interested* in GOD, they do not ask questions in regards to GOD and they are *only* interested in material possessions. These LAWS are *actually unknown* to them and they can therefore not live accordingly. Everything is intertwined. One has to take one step at the time, otherwise it will not work.

Question : What intrinsic value has the human ego in regards to the divine LAWS?

LUKAS : The aim is to *explain* the divine LAWS to the ego, that is to say, the mind must understand these LAWS. Understanding and the mind belong together. If the ego, respectively the mind, does not appreciate the Holy Scriptures, because they are illogical, the ego will turn to other things and GOD will no longer feature prominently.

Participant :I regards to myself, I lack patience and trust.

LUKAS :Oh, my dear friend, not just in regards to yourself! *All of you* could do with a large portion of patience to begin with. When it comes to trust, I have to agree with you, because it isn't very pronounced in your case. But don't expect a rapid improvement there. You have actually rejected an *active* role within our midst. Your trust can only be build upon by continuously working with us. Because how can you gain trust in us if you lack the experience? The other way is also an option, but by looking on, simply being a spectator will not advance your cause as rapidly. Active work is an essential point of view in regards to building trust, but the choice is yours.

Question :Of what use is actively working with you, if I don't trust *myself*?

LUKAS :They go hand in hand. Through actively working with us, it will naturally not be perfect to begin with, you will ascertain *that it does work* - whether it is automatic writing, psychic drawing or speaking in tongues, it simply works. And this lays the foundation of one's own trust. - After that, perfection will gradually be gained over a longer period of time. Patience once again plays a part here. Something that you do not possess is patience. You have virtually given up midway. Because things didn't advance fast enough for you, respectively perfectly enough. I would like to see your face if your children would do the same at school! If all the children would do the same, the schools would be empty. But as these children do *not* do so, these young people gain *trust in themselves* and they become stronger. And one day soon, they might even *teach others*. Trust will then have developed fully. *Arduous studies* were called for to achieve this. But this is unfortunately not taken into consideration.

Question :Are there groups of people or areas here on Earth where it is easier to develop and apply divine attributes?

LUKAS :Yes, they do exist. There are tribes of American Indians or certain regions in Asia. There are certain native tribes, not all of them mind you, because there are some amongst them that deal with black magic practices. Yes, they certainly exist. Europeans, respectively those within the industrialised nations of the west, live in a *world of distractions*, and this makes it particularly difficult to develop and apply divine attributes.

Question :Is it at all possible to make the Earth a brighter place through divine LAWS, because the Churches advocate a completely different philosophy? Besides, we live in a world of duality and beyond that, we also have to deal with GOD'S antagonist.

LUKAS :Naturally! Think of JESUS, your eminent TEACHER. HE and also other TEACHERS of the LIGHT have shown you *that it is possible*. JESUS was a human being just like you and he was also attacked, even by Lucifer, because CHRIST is an *extraordinarily* NOBLE SOUL. He also managed to survive and stave off this hostility. JESUS said: "Follow me" or also "What I can do, you can also do - and more!" This just about covers everything, my friend. During its life on Earth, every

human being is only exposed to the kind of hostilities he or she can deal with. By following your MASTER'S example, you can also do so, if only on a lower scale.

Question : We have received a lot of information from you about the divine LAWS. I must admit that I only apply a few of them in my daily life, because the human tragedy and the things I am confronted with as a social worker often derail my good intentions. I have given the word "humility" a lot of thought lately and also about what it means to me as a member of this circle. What could I do to change things?

LUKAS : *First of all stands the will to make changes, and then follows the insight of where mistakes are being made. Only then will you be in a position to deal with this and to make changes. This in turn takes up a lot of your time and naturally stresses your limited reserves in regards to your patience.*

- *Everything is as it should be my friend. Remember that only a few years ago you thought along completely different lines. You should often look and back and make a comparison yourself. You will see what I am talking about!*

Participant : I have listed a few characteristics that, according to my opinion, every human being that wants to tread the path into the LIGHT ought to possess. This compilation is based on the divine LAWS we have already discussed. Should I have interpreted something incorrectly I ask you to amend it, respectively to compliment it.

I am talking about the following qualities:

*First and foremost the quality to honour GOD and not to think of HIM with fear in one's heart. The biblical word "awe" does not make sense and it is incorrect. Human beings ought to apply natural etiquette when dealing with their CREATOR, without cultic behaviourism or extravagant pomp and ceremony - and they ought not forget that a plea should always be followed by a thank you. Above everything else it should state: THY WILL be done and not mine!*

ARON : In regards to this we would like to inform you that a *lot of false doctrines* exist here on Earth. Words are twisted and anything to do with the CREATOR is marred by contradictions. The Church does *not* work in a divine SENSE. The divine DOCTRINES are *only partially* fulfilled by the Churches here on Earth. Not everything that is done in the NAME of GOD *is in reality* done in a divine SENSE! - *Be aware of your choice of words!* Words represent VIBRATIONS and they hit their target! Everything ought to be reversed. - Approach GOD with LOVE, gratitude, humility and with an open heart. This is the only way for you to spread the divine LAWS and to bring LIGHT to this planet.

Participant : *In second place is the characteristic of emanating LOVE* for everything that lives and blossoms. Naturally not in the same absolute measure the way GOD or CHRIST allow their LOVE to flow. But JESUS said: "Follow me", as human beings we can therefore reach HIS eminent STANDING also. This should be our guiding light.

- ARON : The framework you work within here on Earth is arranged slightly different. You are also subject to *human laws* and they often bring your mind to reel. Putting this into practice, something JESUS managed to do here on Earth, will be something very difficult to achieve under the influence of your all too human thought processes. You have the chance to find a way to put DIVINITY and GOD'S WORDS into practice *to the degree you want to achieve*.
- Participant : *In third place is the attribute of tolerance*, that is to say, to tolerate the fact that there are people with *different* ideas than one's own, are of a *different* skin colour, are members of *strange* religions or are people that do not necessarily match the "valid beauty ideals" but are still of divine LINEAGE in spite of that. Every human being has the freedom to choose the ones he prefers to have around *more often* than others.
- ARON : Tolerance is one theme that is difficult to apply in regards to mankind. The tolerance to accept something different means *to accept oneself* and to see the DIVINE in one's fellow man. Not everyone is prepared to accept that an anomalous being is also a DIVINE being. Rejection and hatred often arise without explanation as to where this hatred and rejection comes from.
- *Tolerance is one of the most difficult divine LAWS that exist here on Earth. You will only achieve your divine GOAL through the complete unification of all the nations.*
- Participant : *In fourth place is the trait of forgiveness*, that is to say, to learn to let go of old quarrels, injustices and fraudulences one had to painfully endure and to hand them over to GOD or CHRIST with the confidence that ABSOLUTE JUSTICE does exist and that these people will one day have to face their responsibilities. One's health and one's mental wellbeing will be considerably enhanced by adopting this particular trait. In *honest* prayer, one ought to ask these souls for forgiveness for all the evil thoughts one has sent them and one should leave the rest to GOD'S ABSOLUTE JUSTICE. Any further dealings with these people are then no longer necessary.
- ARON : Forgiving is not always as easy as it sounds. One does need a precursor to achieve this, namely that one accepts and acknowledges the other's tolerance. To forgive and to understand that this soul ties *itself in knots* by the things it has done to others is difficult for it to understand. - Begin by sending GOD'S LIGHT and by asking that GOD may allow *those* things to happen that HE considers appropriate.
- Participant : *In fifth place is the attribute of humility*, that is to say, to regard everything that lives and blossoms here on Earth as part of GOD'S CREATION and to treat it accordingly. If one acts like that, one is *automatically* humble in regards to GOD. The opposite case, to show humility in regards to GOD and to hate one's fellow man at the same time is impossible.

ARON : This represents a chain. One interlocks with the other. Only once you begin to reel in the thread in regards to yourself, your fellow man, the things you experience around you that contain GOD'S ENERGY, you can muster the humility to serve GOD.

Participant : *In sixth place is the ability to maintain peace*, within yourself and around you. I believe that this happens *automatically*, if one possesses and applies the aforementioned characteristics. - All of the above mentioned attributes provide the key to entering the LIGHT. Have I missed something in my presentation?

ARON : The way you have described this is as good as anyone could describe it. Peace within oneself, with one's fellow man, one's environment and with what the future might bring can *only* be regarded *as one element*.

We thank you for *your* question. - We thank the rest of you for *your* questions.

Before we bring this meeting to a close a SPIRIT ENTITY that has quite often participated in our meetings here would like to take the opportunity to make it first official contact with you.

EUPHENIUS: GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS!

This is EUPHENIUS speaking. I am a more enlightened SPIRIT BEING, one that presently represents the precursor of what is called a MESSENGER of LIGHT. I have participated in your meetings a number of times and I have selected your circle in order to cooperate with you. You, within your circle, have once again individually shed light on the most important attributes necessary to perform work within this circle here. Try to apply these attributes within this circle.

- *Exercise mutual tolerance and forgiveness and accept every divine soul the way it is. This is the only way you, as a circle, can take the next step. Forgiving the other's weaknesses, patience and also a high tolerance for the things that others do is also a part of this.*

You have mentioned your weaknesses on many occasions today. *Be mindful of them!* Forgiveness and acceptance are important elements *to consolidate* this circle in its endeavours. You mention a milestone, namely *when will I* accompany this circle as a SPIRIT BEING. You will find out *when* this will happen. The TEAM will continue to work with me here with you.

You have managed to lay an important foundation today in regards to learning to deal with one another. Nobody can say: "I didn't know that. I am unaware of this." - Everyone has to learn and to change something *for themselves*. This can only be accomplished by taking one small step at a time. Respect one another in a divine SENSE. Begin by fortifying this circle through your inner structure. Outside PROTECTION is provided by the many thousands of souls who are at your side.

Begin to *send* your divine STEADFASTNESS to every individual here in this circle. Do not pass judgment on them and respect their weaknesses and respect their abilities. Every one of you is a divine being and *equal* in all respects. There is no better or lesser, no lower or superior soul, you are all equal in GOD'S eyes, because you are GOD'S creation and you constitute a unit.

- *Comprehend that you can only tread this path with your inner VALUES - and only together.*

(T. B: This is going to be wonderful. - Take hold of it!)

I must give thanks for receiving the opportunity to run this circle here with this TEAM and with you again. This provides me with the chance of gaining the rank of a MESSENGER of LIGHT. The MESSENGER of LIGHT represents the first step on the way to disembodiment and its associated ENERGETIC VIBRATIONS. You enable me to undertake this step in a divine SENSE. We, on the OTHER SIDE, learn with you and this gives us the opportunity to mature in the spiritual realm. We learn to create a LEVEL of VIBRATION that allows us to make contact with you and to make a positive exchange on behalf of GOD. This is my last examination before I can become active in my new role as a MESSENGER of LIGHT.

Question : What happens if we fail in our endeavour?

EUPHENIUS: I will then receive a *different opportunity* to accomplish this step. You will *not* hinder the development in the spiritual realm with your behaviourism. My rank will *remain intact* and I will receive another chance in a different way.

Question : We have discussed those divine LAWS that are important for us with our TEACHERS. We have heard about the importance of trying to apply these LAWS within our daily lives. This is supposed to be the prerequisite that enables you to take charge of this circle. The fact for instance is that applying the knowledge that one should accept every individual human being the way it is, requires a prolonged process of development. I do not know to what degree one might be able to perfect the necessary self-control. CHRIST was able to show that this is possible, but when HE came down to Earth HE was already a fully developed, EMINENT SOUL. A lot of things were a lot easier for Him than for us, who do not possess HIS spiritual superiority. How do you see this problem?

EUPHENIUS: Do not place too much into one side of the scales. Remember that you have to live in a world of duality and this to a very high degree. Important is that you *recognise* that these divine LAWS exist and that they are important in regards to your existence here on Earth. Acknowledge when you have made mistakes and ask that the LOVE *you are able to send* will atone for these mistakes. Do not place your aspirations in regards to the divine LAWS on too high a level. You will not be able to satisfy them. With the help of your HEART, begin by recognising where mistakes and disregard in regards to other people have been made. This insight *is the most important step* in that direction.

Question : Maybe it is sometimes better to simply step back instead of quarrelling with others; at work for instance.

EUPHENIUS: It is important to distinguish where it *makes sense* to employ one's energies. These falling outs often release negative feelings and evil thoughts and they drag you into a negative world.

Question : We heard you say the following sentence: "Begin by fortifying this circle through your inner structure." Can you explain this in more detail?

EUPHENIUS: This was in regards to you as human souls. Begin to pay attention to yourselves, begin to appreciate, to respect and to acknowledge yourselves as human souls.

- *Do not concentrate on the other's shortcomings, but look for their strengths!*

You possess many positive abilities, you are aware of them and you can bring you're circle here to OSCILLATE in a most BRILLIANT fashion through them.

Question : When would you like to take over the spiritual administration of our circle?

EUPHENIUS: This is still under discussion. This is a decision that will be made by a HIGHER AUTHORITY. The exact point in time has not yet been determined. ARON will give you that information. I am looking forward to working with you and to all the new things in store for your circle.

Question : What would you change and what are you aiming for?

EUPHENIUS: This circle will continue under the guidance of the TEAM that has been with you from the beginning. I take on the role of mediator between the SPIRITUAL WORLD and your circle.

- *My presence will enhance the FREQUENCY of VIBRATIONS and this will allow the transmissions to flow more accurately and more exact.*

Question : As you are aware, the divine LAWS and other information we discuss here is presented on the Internet and this with gratifying results. From your point of you, what should be changed, respectively, optimised?

EUPHENIUS: Be assured that our inspirations have reached you. We are also pleased about this success and we support you in your work. There are no coincidences! The things that are still to be revealed to you will astonish you. - Astonish all of us!

We, as a TEAM, - I already include myself - would like to try to establish the kind of contact that will allow other ENTITIES to announce their presence here in order to give you reports and messages and to answer your questions. Imagine it as follows; it

is as if the FREQUENCY ENHANCES and this in turn creates the opportunity for other ENTITIES to give you their messages.

The aim will be, particularly during the next year, for the SANTINER to participate *more frequently* and for a number of guests to be present here, be they from our side or also from your side. This means that an intensive assimilation and a heightening of the required VIBRATIONS must be established within this circle. And here are the conditions *your* side has to recognise and fulfil:

- *To begin with, an intimate mental connection between the two sides must flow.*
- *An intensive, meditative connection must be achieved.*
- *That you, the members of this circle, appreciate your weaknesses and abilities to such a degree that you can perform your work here in a rounded and stable fashion, without annoying interferences.*

These are the prerequisites, necessary in order to offer us, namely those that work with you, the right conditions for an intensive working relationship. - Heightened VIBRATIONS must emanate from *our* side. You will feel this, because your meetings will undergo some changes.

I thank you for your expositions and for the things you have achieved here. You give me the opportunity to learn and to work with you here. I thank you for this in the NAME of GOD. ARON, the TEAM and me wish you pleasant times. Do not forget this contact with us. We are with you and we guide you.

LOVE EUPHENIUS.

Participant : We thank you for your words and we are looking forward to working with you.

Question : Dear LUKAS, we have one more question before we bring this meeting to a close: Why did the MESSENGER of LIGHT EUPHENIUS pick this particular circle?

LUKAS : Well now, the positive spiritual realm and its TEACHERS *are always* looking for people who are prepared to look beyond their own preconceived four walls. And it therefore happens that we get to hear about groups that have voluntarily assembled in order to help their own progress and that of the world.

EUPHENIUS picked this circle because he is prepared to guide this circle from now on. There is no pecking order. It could also have been some other up-and-coming MESSENGER of LIGHT. We as a TEAM had been presented with a request and we passed on the knowledge and experiences we have gained with you. This is all we could do. And it came to pass that EUPHENIUS announced his presence, respectively, was instructed by a HIGHER AUTHORITY, because he expressed the wish to lead a circle, this circle here.

Question : Are you, as SPIRIT TEACHERS supervised by MESSENGERS of LIGHT who in turn are supervised by BEARERS of LIGHT and the BEARERS of LIGHT supervised by ARCHANGELS?

LUKAS : Well, as you are aware, there is a spiritual HIERARCHY, but it is not structured along your military lines. No, definitely not. We are not subjected to anyone's commands. We undertake various tasks *voluntarily* and we enjoy doing this work, because it serves the WHOLE. Some spirit entities take on HIGHER ASSIGNMENTS, something our present training will *not yet* allow us to undertake voluntarily. But we would also like to do so one day and this means that there is more learning to do to get there. This hierarchical PRINCIPLE is difficult to explain. Nobody gives orders around here! There is no roll call! Everything happens on a *voluntary* basis and this in order to serve GOD and CREATION. Positive HIERARCHIES can develop from this.

GREETINGS IN THE NAME OF GOD!

Participant : We thank you for your words and we are looking forward to the next meeting.

Words from WHITE EAGLE:

The more often you go within in silence in order to unfold your inner POWERS, the better you're able to help people burdened by worries.
