The answers to these questions were transmitted by TEACHERS from the SPHERES of LIGHT. Paranormal voices appearing within the protocol were captured on tape and are marked with T.B: (Tonband). Any words that are underlined are authentic with the original transmission. This working circle grew out of a meditation group and commenced its psychic activities on October 25th 1995.

Notification:

After 10 years of psychic work, the *Psychic Work Circle* ceased its activities in October 2005. Demands at work and its associated bottlenecks in regards to time have unfortunately made this step necessary. The theme "JESUS CHRIST" was the last and maybe also the most important protocol in an extraordinarily successful work schedule.

Introductory words:

GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS! We are welcoming all present from the OTHER WORLD very cordially. "Where two or three are assembled in my NAME there I will be, right in the middle of them," these CHRISTIAN WORDS shall guide all our meetings. We will do this work in HIS NAME so that it will serve everybody. Only HE is able to send authorized TEACHERS so that we can receive the TRUTH. We ask CHRIST to

bless all present here with HIS spiritual PROTECTION so that we won't be a plaything in the hands of GOD'S antagonist. We know that we have to make the greatest contribution ourselves. – It is our aim to grow through spiritual TEACHING, then to be able to distribute the TRUTH to where it can fall on fertile ground. We are asking for GUIDANCE so that our MISSION on Earth will be justified. We cannot reach this destination under our own steam, without spiritual HELP. We thank all HELPERS from the OTHER WORLD who support us in this. In this sense we are hoping for a blessed and enlightening evening.

Words for the day from WHITE EAGLE:

GOD will not be hurried, man must therefore learn patience. Be patient and you will find out how wise your CREATOR is and how LOVE, kindness and last but not least your happiness will emerge from ignorance and darkness.

The meeting began with an opening meditation. This was followed by the *inspirational* and written messages from the SPIRIT TEACHERS.

Welcoming all present and the beginning of the questioning.

SETHAN : GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS!
This is SETHAN speaking. With my TEAM I welcome you in the name of GOD in order to arrange this last evening with you. - We are surrounded by a SOURCE of LIGHT that doesn't just emanate from your hearts, but also from all the ENTITIES assembled around you, here to accompany and to protect you.

In addition to this, there is also a great number of BEINGS of LIGHT assembled here and they are here as our GUESTS in order to attend this last meeting and in order to guide other souls from the earthbound spheres into the spiritual realm. Many luminous souls are here to support you and to offer you the PROTECTION and SECURITY you require. COMPENSATING the VIBRATIONS was an easy feat for us tonight and due to the heightened VIBRATIONS present here, it happened very quickly and intensively.

There are a lot of positive STREAMS of ENERGY that are presently leaving your planet and there are others that are send on their way in the name of GOD. It is a time of a new beginning and a new unfoldment, mobilising new energies so that spring can begin and so that the potential renewal can be inaugurated. The time has come where not only your daily rhythm will change, but the Earth's rhythm also, because a lot of energies are re-emerging. The reservoir of this Earth's energy pool will fill and you will recognise the amount of energy and power not only Mother Nature, but you too will be able to mobilise. - The festivities around *Easter* serve renewal and the resurrection. It represents an additional symbol for the things you, the human race, experience within the Earth's rhythm. You are also subject to rhythms and they mark your life and they have an increased effect on you.

ELIA : GREETINGS IN THE NAME OF GOD! We are happy to be able to write with you this evening in order to answer your questions. This is ELIA writing. I am pleased that the

medium also allowed this new contact to take place. I actually expected more resistance and it is therefore even more gratifying that this transmission functions so well.

(Changes within the type face)

LUKAS : GREETINGS IN THE NAME OF GOD! This is LUKAS writing. Doesn't the automatic writing flow more easily now? ELIA will surely adapt. The more powerful the contact with him becomes, the faster the writing speed will become so that the medium can no longer read the text whilst ELIA is writing. This will make it a lot easier for us. We now hope for some excellent questions.

Participant : Easter is coming around again. Please write something about it.

ELIA : Gladly. As you are aware, Easter is the celebration of the resurrection. JESUS, the CHRIST, showed you one night that resurrection *is a reality*. It is unfortunate though that many people believe that this resurrection only appertains to JESUS. **This is a fallacy!** -

- *I repeat emphatically that every human being, whether good or bad, will experience their own, personal resurrection. The only question is in which of the LORD'S MANSIONS will this resurrection take place. There are distinctive differences here!*

Indoctrination is therefore even more important!

If every human being *accepts* that the resurrection also applies to every other human being, many aggressions and bellicose behaviours would immediately be curtailed and completely cease later on.

- *A logical explanation of the resurrection phenomenon will be forthcoming when you realise that what the great TEACHER has demonstrated is possible for every human being. Through the resurrection of JESUS, this UNIVERSAL LAW became absolutely clear, that is to say, you will follow his example, every one of you!*

Question : The meaning behind Christian festivals has lost a lot of its significance. How can one counteract this?

ELIA : This is once again ELIA writing. I would like to take advantage of this last opportunity here to write. Yes, it is true; the Christian festivals have been *devalued* by you. They have become times of *distractions* and *celebrations*. Not a lot of people concentrate on *the meaning* of these days of celebrations. If you are truthful you must admit that you don't behave any different either, but at least you think about it for a moment, whilst others do not waste any time thinking about it at all.

- *By becoming consciously aware of the meaning behind your Christian festivals you can achieve a lot. Start with yourself! Send your thoughts to the Earth's ENERGY FIELD. Your thoughts will be carried around the world and your planet will register*

them. You think that this might not help? - Dear friends, let me tell you that the power of thought cannot be surpassed by anything else!

Question : The world has changed a lot over the last few decades. We are overrun by technology. The “with each another” went missing. Where will this trend lead us?

ELIA : This trend will lead you in completely different directions and they direct you into a *positive* future. Please *do not* look upon everything in a negative way. There are always *two* sides to a coin, even to this coin. Technology and the natural sciences will be instrumental in *verifying* that GOD is the CREATIVE POWER!

- *Your materialistic-atheistic sciences will verify the existence of the CREATOR and will expose their own attitude to GOD as absurd. It is only a question of time, respectively, development.*

We naturally understand that every one of you would like to experience this reversal. Your time races ahead in a compressed state and it just might make this possible for you. Please be patient and give it all you’ve got, all that is required. Everything runs within the flow of time, exactly the way the CREATOR has foreseen it. Show more trust in HIM. HE deserves it!

Medium : Why does the type face change from page to page?

LUKAS : Well, my friend, you are particularly unsteady within today and this makes writing somewhat problematic for us. The contact with ELIA comes and goes. Sometimes it is stronger, then again weaker. You must find an inner balance. Please allow everything to happen, even if you are particularly used to me and my way of writing.

Question : Can you tell us something about the present day activities of the CHRIST SOUL?

SETHAN : CHRIST is a BEING of LIGHT of the highest LEVEL. The PLANE of LIGHT he is in is inhabited by wise and luminous souls. These are souls who have taken on the assignment of guiding physical planes of existence, like for instance certain planets within the universe, to the higher PLANES of LIGHT. We are dealing with BROTHERHOODS of LIGHT here and they no longer have to live in a physical garment on a physical plane of existence. They exist on the highest of PLANES of LIGHT. We are dealing with FORMS of ENERGY that find it difficult to once again emerge with a physical world, because this would only be possible through an incarnation on some physical planet. A new incarnation is not planned for the CHRIST SOUL, because it has already fulfilled its assignment here on Earth in the CREATOR’S name.

- *JESUS CHRIST is on a PLANE of EXISTENCE that possesses such a high INTENSITY of LIGHT that makes it impossible for you to contact HIM. You would be damaged by his enormous LIGHT ENERGY, because the cells of your physical body would not be able to deal with his RADIATION ENERGY.*

JESUS CHRIST is also an intimate companion of many wise LIGHT SOULS that have their own assignments in completely different spheres. They are the PROVIDERS of LIGHT on all the PLANES of EXISTENCE that are on their journey back to the HOUSE of the FATHER. These EMINENT BEINGS also possess a *direct* line to the CREATOR and it is safeguarded by HIGHER PLANES, there to guarantee an amalgamation with the CREATOR, *without loss of identity*. These SOURCES of LIGHT are *no longer restricted by form or shape*. They exist here and now as pure SOURCES of RADIATION, similar to your powerful, material sources of light you cannot look at without damaging your eyes.

These EMINENT BEINGS send FORMS of ENERGY down to PLANES of a lower FREQUENCY, into structures you inhabit and exist in. We are dealing with ENERGIES of MEDIATION between the CREATOR and other BEINGS who are engaged in their assignments, for instance in the form we perform our assignment *here* with you (psychic work). We are also within a chain that connects us with other BEINGS of LIGHT and they are connected with us through this FORM of ENERGY and this is where all information about what is presently planned and expected comes from.

Question : Do these EMINENT BEINGS visit planes of existence of a *lower* rate of VIBRATION?

SETHAN : Only within the framework of their THOUGHT ENERGY FORM, These BEINGS are active within a SPHERE (dimension) that is no longer coupled to what you understand SPHERES to be, the way we have described SPHERES to you in the past. They are positioned within a framework - akin to being on top a pyramid - that automatically arranges their connection with the CREATOR. They occupy the *highest* LIFE FORM, which manifests itself through the amalgamation of FORMS of ENERGY that emit so much LIGHT in the process that your whole vegetative system benefits from it and this allows your Earth to function and to exist.

It is difficult to express this with one metaphor or in a pictorial form so that you can understand this. It is even more difficult to describe this in a logical, *verbal* fashion to you. It is difficult to describe this type of LIFE FORM to you so that you can imagine how souls can exist and live within an affiliation of ENERGY AMALGAMATIONS. We are dealing with a *completely different life form* here, one that has nothing to do with your physical Earth's history.

Question : The cross occupies the core of the Christian religion. An instrument of torture. The death of a person, namely the death of JESUS, therefore occupies pride of place when communities are established. Does this not awaken conflicting feelings?

SETHAN : This is just the beginning. If you continue along this track you'll find yourself once again dealing with Easter and the resurrection of JESUS and its associated perception that physical life *can be overcome*. This entails that a soul is not *lost* and does not die, but that it will reincarnate anew on a physical plane.

The cross is a symbol of *quadrilateral unity*, *quadrilateral diversity* and of the four points of the compass you're familiar with here on Earth. Without these signposts, without these navigational aids, pioneering endeavours would not have been possible in the past. All of this is symbolical and it represents the reunification of various reincarnations. It entails birth, death and rebirth in a different form and in a different lifestyle.

- *A soul is the symbol of "CREATIVE POWER". There will therefore be no dying, as you call it, but always a reincarnation.*

Question : What is meant with *quadrilateral unity*? We are only familiar with the term trinity, something we apply to the FATHER, the SON and the HOLY SPIRIT.

SETHAN : The origin of trinity is to found way back in the beginning of creation. But this trinity is supplemented with a forth unit, one that *includes* the other three.

- *If you, as human beings, experience this trinity within you and then express it externally, you create this forth unit that completes the circle and the cross. This means that you merge with trinity and this thereby creates this symbolism. You emit the CREATIVE ENERGIES in order to journey into eternity.*

Question : What does *quadrilateral diversity* mean?

SETHAN : The number 4 also contains a symbolism, one that actually possesses various levels of quality, but one that is equipped with enough quality that allows a STREAM of ENERGY to flow and this contains a powerful, energetic symbolism. Your houses were *not built round*, but *square*. You live within a *four-symbol-plane*, marked by a lot of energetic zones that converge from four directions. You can find this symbolism in other areas also, for instance in Chinese symbology. The number 4 is also represented there in the form of a very effective symbol, one that energises many quarters.

Question : Did the early Christians come up with the same ideas we utilise today, namely to use the cross as a marketing ploy, due to its effect?

SETHAN : The cross symbolises a position of power to you and it is coupled with your religious orientation. Next to the crucifixion, the symbol of the cross also represents the resurrection and therewith also the story of JESUS. The cross is the symbol of affiliation for your religious communities and it serves to indicate that you belong to this religious orientation. The cross wasn't "commercialised" - as you call it - in the old days. The word consumerism was unknown then, because a completely different "market-economy" existed in those days. The cross gained its symbolic significance much later.

Question : There are two contradictions in the transmissions by the *Medialen Friedenskreis, Berlin* (Psychic Peace Circle, Berlin) in regards to the life of JESUS: In the protocol "*Psychic abilities and Mediums*" AREDOS explains that direct contact between GOD and an individual person was absolutely impossible and that JESUS CHRIST did not possess a

direct line to GOD during his incarnation here on Earth. Another passage mentions that during his life on Earth, JESUS was sometimes telepathically connected with GOD. What can you tell us about this?

SETHAN : We would like to say that a connection, *direct* contact from the physical plane to these HIGHEST of SPHERES - may the soul be ever so wise and evolved - *is not possible*. Contact with the CREATOR can only be established through HIGHER BEINGS from the HIGHEST PLANES of LIGHT; they will then pass these mental ENERGIES on to HIM. INTERMEDIATE STATIONS are inserted so that these ENERGIES can reach the CREATOR via these HIGHER BEINGS. *Direct contact was impossible* because of the material plane and the task JESUS CHRIST had to accomplish. It is not a contradiction, but entails that the CREATOR'S ENERGY could *not* reach JESUS CHRIST *directly*, but had to be rerouted through INTERMEDIATE STATIONS.

Jesus was also bound by the valences and norms that prevail here on Earth. The terrestrial, physical compactness and the prevailing duality affecting every individual here on Earth are also binding in regards to JESUS. JESUS was a healer, a soul with the ability to perform "miracles" here amongst you. They were supposed to open your eyes in regards to the *sphere of influence of ethereality* that also applies here on Earth. Whatever happened in this regards created enough momentum to be included in your historical traditions and it is still the foundation of what you continue here with your pioneering spirit (psychic work). What you do here is also based on what JESUS CHRIST began all these years ago.

Participant : I would like to read to you the exact wording of the questions from the *Menetekel*:

Question : Spiritism knows the terminology of "FATHER-Mediums", meaning that such a medium is supposed to have *direct* contact with GOD?

AREDOS : There exists *not one single person* that can entertain direct contact with GOD, even CHRIST (incarnated as JESUS) could not do so. But the possibility exists that a human being can establish contact with an EMINENT ANGEL, something that is a rare occurrence though. The terminology "FATHER-Medium" is nonsense and it has been coined by so-called "house-spirits" and they show great pride in their so-called "FATHER-Medium contacts". We reject this notion!

I admit that there are otherworldly entities that *insist* that they are GOD the FATHER. If they are given credit to, they feel encouraged. GOD does not talk directly to any human being! - But there are EMINENT ANGELS who possess the authority to *speak in GOD'S NAME*. With the help of your logic, you can assess whether *the content* of such a message is genuine.

Question : The prophets in the bible were *also* mediums and the conversed with ANGELS or with GOD. Is there something to this?

AREDOS : GOD has *never ever* conversed with a prophet! It was always HELPERS within the divine MISSION. There is only one exception here on Earth. Not even Moses talked to GOD; he conversed with a person from another planet, here on a divine MISSION. But CHRIST

conversed telepathically with GOD. He did this sometimes, but even he couldn't do so *all the time*.

SETHAN : What I said before also applies here, namely that the CREATOR does not directly communicate, neither telepathically nor mentally, with any soul here on Earth, no matter what eminent position it might hold, but only through INTERMEDIATE STATIONS, through BEINGS of LIGHT who then *pass* the message *on*. When JESUS CHRIST was crucified and when he entered the other WORLD through the BORDER CROSSING when near to death, he had an opportunity of telepathic contact. But this was only possible to some degree, even for HIM. *Direct* contact with GOD did *not* take place. JESUS also received his information from more eminent SOULS who had established a POINT of CONTACT with GOD.

Question : The following obscureness pertains to the crucifixion of JESUS, described in the protocols "JESUS CHRIST" and "Death sets no boundaries", Chapter, Resurrection (1). It states:

Question : It was openly asserted that JESUS was *not* nailed to the cross.

ELIAS : *CHRIST was crucified!* He, who insists otherwise, is wrong. We are dealing with atheist's evil tongues here.

Question : One bears reference to an inspired doctrine that insists that JESUS did *not* die on the cross. He was supposed to have been taken down from the cross by intimates. They are supposed to have performed resuscitation attempts on his body and they are supposed to have been successful.

AREDOS : This account does *not* conform to reality. CHRIST did die on the cross and his death was confirmed with the prod of a lance. If CHRIST had only been unconscious, this prod with the lance would certainly have killed him immediately. - But this is not about his death, but about his *visual resurrection*. But this resurrection is not just a miracle that concerns only JESUS CHRIST. *Every* human being alive on Earth experiences the same miracle, not on an indeterminate Judgment Day, but *immediately* after their disembodiment!

The chapter *Resurrection (1)* states:

CHRIST was a great medium and a significant TEACHER. He did not experience a resurrection after being crucified, but regained consciousness. CHRIST possessed enormous mental reserves and he was therefore able to survive his "lethal" injuries. The SANTINER took care of him and they accommodated him in one of their spaceships. CHRIST experienced his spiritual resurrection after his death and this years after his crucifixion.

SETHAN : The contradiction is due to a leap in time.

- *JESUS CHRIST died on the cross. We confirm this once again here and now. JESUS died in his physical body.*

The resurrection took place in a time lapse fashion and it served the purpose of allowing the apostles and those there to see the spiritual SUBSTANCES present around him. The resurrection took place after a certain period of time, but certainly *not years* after. Easter is the time of year that signifies this for you. The time interval is not the decisive factor here. Important for you are *the objective and the purpose* that this event imparts on you. The SANTINER also played their part, namely that the spirit of JESUS was accommodated in order to rest and convalesce in the spiritual spheres to begin with. The resurrection didn't follow within the time frame you celebrate this festival.

- *Important is that this time frame serves the purpose of emphasising to you that a reincarnation, a re-birth, is possible!*

You utilise this “miracle” to make the resurrection *plausible* and coherent for you. Reincarnation indicates that death *is not* what you, as human souls, expected it to be within your hearts.

- *Death is a new incarnation - a new life. “Death”, as you see it, lasts only a short period of time; it serves the purpose of guiding you out of your physical environment to a PLANE that entails a completely different existence.*

Question : What is the justification for JESUS having to die on the cross? Was this arranged so by the CREATOR?

SETHAN : This is a given insight that indicates that mankind *is in need of a symbolism*. A sign that JESUS died his death discernible and in full view of everybody. He didn't die *somewhere* in *someone's* house or in *some* town. It served the purpose of allowing many, many souls to share this experience. In addition to this is the fact that the whole story is based on a historic account that did not necessarily narrate the essence of the truth in all aspects. The times quoted in regards to what exactly took place there are not always correct. What is of importance is that the *core of the matter is recognised*, namely that JESUS displayed his dying physical body in such a way that it served the purpose of making his death even *more conspicuous*.

Question : Had it been established before JESUS was born that he was going to be crucified?

SETHAN : This was *discussed* with the CHRIST SOUL *beforehand*. It was therefore aware of the path it would journey along here on Earth.

Question : Who inspired the order for the crucifixion of JESUS?

SETHAN : JESUS was always surrounded by MESSENGERS of LIGHT who accompanied, fortified and supported him. JESUS was constantly connected to the spiritual realm. HE was able to move between the two worlds in order to refresh his ENERGIES and POWERS so that he could manage to undertake this journey here on planet Earth.

Question : Did JESUS manage to complete his assignment?

SETHAN : His assignment was completed when his resurrection and his ascension became visible to everybody. It was important to JESUS that this information was circulated by a lot of people and this to other regions and to other countries. It served the purpose of giving people hope in times of crisis and of showing them that the resurrection is provided for, *for every* human being, not just for JESUS.

Question : To what degree are we also guilty in regards to the death of JESUS? Is it the way the Church teaches us?

SETHAN : Nobody can be accused of complicity, because it was wholly and solely the decision of this EMINENT SOUL to fulfil all of this in the name of the CREATOR so that a connection to the ETHEREAL PLANES could be established.

Question : What is difficult to understand is the notion of his *death of atonement*, namely that JESUS died to atone for our sins and that he even offered himself as so-called “ransom” on behalf of the people on Earth.

SETHAN : *This is not quite correctly put*, because every human being here on Earth has the free choice to do something or not to do something. This is counted up and listed on a completely different PLANE after one’s earthly demise.

You are continuously confronted with *all of your* planes of reincarnation that you have gone through. It represents an account of your virtues and your vices and your powers of thought you have allowed to reign here on Earth in order to see whether your soul will be able to reach a HIGHER SPHERE or a HIGHER LEVEL of EXISTENCE for your next maturation process.

Question : What happened to the physical body of JESUS?

SETHAN : This body crumbled to dust like any other human body. Its physical matter dissolved within the environment it belonged to and was given back to the earth so that it can continue its process within this region.

Objection : It is said that the tomb of JESUS was empty.

SETHAN : The shell was present. Due to the elevated FORM of ENERGY JESUS possessed and due to the PLANES of LIGHT this soul was picked up by, this shell was subjected to a faster process of dissolution.

Question : Did the SANTINER take the physical shell of JESUS with them?

SETHAN : The SANTINER saw no reason to take a physical shell with them, because it was devoid of life, therefore neither of interest to the SANTINER nor the ETHEREAL PLANES.

We are dealing with physical molecules here that have nothing to do with ETHEREALITY.

- *After the transition to the spiritual realm of the soul of JESUS had taken place, the dissolution of his physical shell followed, that is to say, after this process, the dissolution of the physical shell of JESUS was immediately initiated.*

Question : I would like to briefly introduce a different theme here: *Pope John Paul II* is dead. Many believers have closely observed the dying process of this pope. The general public showed a great interest. What are your thoughts in regards to this process that has taken place now?

LUKAS : This pope stood for good times, because he loved the human race and this without distinctions, without prejudice. As a child and in your younger years he had the sad experience of what it means to live as an outcast within a ethnic people that were depicted as “non viable”. This pope was a great human being and also a great soul. He lived LOVE on Earth and he applied GOD’S LAWS the way they ought to be applied.

Pope John Paul II was a powerful personality. The Catholic Church returned to being an institution of credence under his pontificate. For the first time in history a pope was able to jump over the shadows of this institution by openly admitting some of the mistakes of the Church and by asking for forgiveness. This pope had to carry a heavy burden and this identified this extraordinary soul. - Whatever happens with the choice of a new pope, we can tell you that the pontificate will experience hard and difficult times. A difficult time has now begun for the Catholic Church.

Question : Why, in spite of the worldwide missions of the Church and the religious communities derived from them, has world peace never been achieved?

LUKAS : Only a section of mankind is of the Christian faith. *Only a few Christians live by the tenets of their religion* and this reduces this number even further. Apart from that, many other countries observe what the Christians are up to, the way they strive for political and economical power that usually end up in war - all in the name of the LORD! - The way the NAME of GOD is dragged through the mud is absolutely scandalous and these Christians do not even bat an eyelid. This brings with is a mental/spiritual vacuum that burdens your souls, that is to say, *your Christian souls* more than the souls of the so-called “heathens”.

Question : The Polish pope was the first pontiff to bring the various religions together for a communal mass. Was this the first step in the right direction so that the outlook on life can change, change also in regards to religion?

LUKAS : This is what we mentioned earlier on: The pope did not make a distinction between the different religious denominations. He realised that there is only one GOD. He tried to instil this by inviting the various denominations to participate in a communal church service.

- *We hope that his successor will consequently continue along the lines pope John Paul II has initiated. But we have to wait and see to what extent the new pope will be able to create elbowroom to do so.*

Question : Can one say that *pope John Paul II* was a modern messiah?

LUKAS : Well, before we do so, we have to accurately define the word “messiah” first: We apply this terminology in regards to *special TEACHER*, someone GOD the LORD sends down to Earth at specific intervals to create order within the various religious denominations and to spread GOD’S doctrine here on Earth. This entails a permanent, telepathic connection to EMINENT BEINGS of LIGHT and also GOD’S COMMISSION to perform the role of such a being here on Earth. This was not the case with this pope.

Pope *John Paul II* was a deeply religious man. Through his meditations he was able to collect spiritual experiences so that nobody had to tell him that there was life after death and that there was a spiritual realm. But he certainly was not a teacher of the calibre of the MESSIAH. But he gained a lot of insights and he lived quite consequently by these insights. - You can do the same!

Question : *Pope John Paul II* once said: “I am a transient, travelling on a narrow path here on Earth.” What did he mean by that?

LUKAS : Being “transient” was meant to mean that as a human being, he had a limited amount of time at his disposal to discharge his duty here on Earth. The pope consequently utilised this time during his pontificate duties. Even if some of his opinions were off target, we still regard his term in office a *positive chapter* within the history of the Catholic Church. *Every* human being receives the necessary time required to serve the WHOLE! - Please ask your next question.

Question : Thank you for answering questions about a different theme. - Easter has come and gone. Many never even realised the profound substance of this festival. How will our Christian faith change over the next decades?

LUKAS : Whether you *consciously* deal with the festival you call Easter or not is up to you. This behaviourism is certainly not divinely inspired and the antagonist cannot be blamed either. It is definitely a lack of willingness and ignorance that makes these people act like this. If you continue along these lines - some of your despots would like that - more public holidays will be cancelled and maybe eventually the whole doctrine. Remember the great communist leaders and others that have tried to do this. They all failed. Your present day leaders and despots will also fail!

- *You disown GOD, but he will always be the winner. Nobody, no spirit being either, will be able to change any of this and this is a good thing!*

Question : Why did JESUS not leave any written records?

SETHAN : JESUS was surrounded by twelve apostles and by many other people who accompanied him on his journey. JESUS was the one that indicated the way, that is to say, indicated just how a human existence is to be lived in the name of the CREATOR. The accounts of his actions were recorded by other souls. A lot of it has been scrambled and a lot of these accounts lack the necessary exactness in their transmission.

- *There is this notion that GOD visually appeared here on Earth. This does not conform with the truth!*
- *JESUS CHRIST did not take notes or leave any records. His companions and others who accompanied him on his journey here on Earth took care of that.*

Question : Why did JESUS rely on others to write down his doctrines and an account of his actions? The danger that some points of his doctrine might be misunderstood or even wilfully falsified was great - and it has been confirmed in the mean time.

SETHAN : Respecting everyone's free will, JESUS wanted to give people the freedom to give their own account of their experiences so that they could record everything the way each individual scribe experienced this *personally*. Individual's perceptions are naturally different and manifold and this is why there is such a variety of nuances in the reports and in the perceptions of their recorded experiences. JESUS thought *that it was important* to give his followers and travel companions free reign, so that each individual had the opportunity to record and to disseminate these events *in their own way*.

Objection : This has resulted in a lot of misunderstandings.

SETHAN : There will always be misunderstandings, because mankind conceals a very exceptional quality within. Ever human being possesses a different IMPULSE and ENERGY FLOW CONTROL. This is why excitations and sensory perceptions are perceived and filtered completely different by different people. Every human being possesses *a different* notation, present within as an image, and it cannot be equated with the inner image of anyone else. This is why there is such an array of perceptions of the same event and the event can be recounted very differently, because everybody interprets and filters *important events* differently. This is important, because every human being harbours his or her own CREATIVE ENERGY inside their INNER CORE and is therefore aware about what is important and right *for them*.

Question : Are there any more, yet undiscovered accounts from that time of a similar nature to the ones from Qumran?

SETHAN : Scriptures exist that have not yet been deciphered and therefore could not enter your literary plane. A number of scientific groups are engaged in analysing and deciphering certain scriptures. There are a lot of subjects that are not available in book form. They represent fractions of a whole and some of them have been partially destroyed or only a small remnant has been handed down to you from the past. -

There exist further hints and scriptures on other planes, but they have been inaccessible to you so far, because they have not yet been discovered and you are therefore unable to examine them. We are dealing with unrecognised planes you have been unable to get your hands on so far. We are talking about written scrolls and tablets lying in pyramids and subterranean catacombs and they have not yet seen the light of day. There are areas in Peru and Central America where fragments of scriptures exist that also deal with the life of JESUS, with his life story and with the end of the world, that is to say, with the submergence of continents.

Question : Did JESUS have brothers and sisters?

SETHAN : Yes, JESUS had siblings, but because they have no importance in regards to making the creative history and the origin of his ASSIGNMENT in regards to the CREATOR discernible, they are not mentioned by name.

- *The assignment given to JESUS was to allow his enlightenment to be recognised and to furnish proof of the existence of ETHEREAL PLANES here on Earth.*

JESUS was of great importance to many people and they were affected by him and his life's history. The effects of this are still felt today, because you still remember his life's story *even now* and you align your faith and your social culture accordingly.

Question : According to what we know, JESUS reached the age of 33 years. There is a large gap between his 12th and his 30th year. What happened during this time?

SETHAN : JESUS went through a certain learning phase. He was indoctrinated, not just by human beings, but also by the SANTINER and other EMINENT ENTITIES of LIGHT who came down to Earth in order to inform JESUS about GOD'S doctrine and to pave his way here on Earth. JESUS lived through many phases.

- *JESUS was an eminent, psychic human being who could remove himself to completely different BIOSPHERES. JESUS was able to leave this planet for certain periods of time and to exist within a different LIFE FORM.*

Question : Why would such an extraordinary BEING have to be indoctrinated and educated at all?

SETHAN : Not "educated", but *indoctrinated*, because JESUS also had to *identify* his soul within your physical arena. You also possess a soul and it is informed about and *anchored* within all of your reincarnations. When you pass over to the spiritual realm, your soul will remember and consciously perceive every single life it lived here in the physical. You are presently unable to recognise them. The human being JESUS also needed to be GUIDED by his previous existences in order to find his way and to recognise his ASSIGNMENT here on Earth. It isn't easy to live within an ENERGY FIELD of HIGH VIBRATIONS and to be anchored in this base, physical world *at the same time*.

- *To be here on Earth is always associated with great agonies for an EMINENT SOUL because of all the mental anguish it is able to recognise all around.*

JESUS often cried, because he felt and *recognised* every soul of every individual person *within himself*. He was aware of the needs of every soul he encountered, aware of what they needed in order to mature here on Earth. For such an EMINENT MEDIUM to exist here on Earth is always in connection with a vigorous ENERGETIC EFFORT.

Question : Some assert that JESUS went to India and that he died there. Is there any truth in this?

SETHAN : JESUS was in India during an ASTRAL JOURNEY he undertook. He received a lot of mental impulses there and they helped him with the cleansing of his physical body. But JESUS did not die there.

Question : What were people supposed to learn from the resurrection of JESUS?

SETHAN : This was supposed to show that the *absolute* dissolution of a spiritual substance *is impossible*. The resurrection of JESUS was supposed to show that life after death does exist, but *not* in a *physical* form like the one you take on here on Earth. The resurrection of JESUS was associated with a materialisation, to show that death is being conquered. Death only represent the transition to another life, another existence.

- *The resurrection of JESUS showed that FORM continues to exist, namely the spiritual FORM, and that this FORM crosses over to completely different ETHEREAL PLANES. This made it visually plain to you here on Earth that you can exist within the most diverse spheres at any time.*

Question : Why is it so easy to slate the name “JESUS”, even though he is astonishingly effective in regards to black magic and demonic influences (possession)?

SETHAN : The word “JESUS” contains *the divinity* of the CREATOR. This word denotes a “LEVEL of VIBRATION”. The word “JESUS” pertains to the highest FREQUENCY within the divine LEVELS. JESUS occupies *first place* below the CREATOR and as a BEING Of LIGHT, he has a *direct* line to the CREATOR and therefore a very high LEVEL of ENERGY.

- *JESUS, the CHRIST, is your potential ENERGY PROVIDER and he bears responsibility in regards to the existence of your planet Earth and for your whole life.*

Comment : There are people on Earth with the name Christian name of Jesus.

SETHAN : It would be a fallacy to equate this with a situation where only by giving this name, the divinity within the spiritual substance was pre-arranged. One has *to strive* and *to work* for this in a divine sense! All of you have the opportunity to exist here on Earth in the name of the CREATOR and to live your life according to his wishes, that is to say, in

the name of the CREATOR and within the divine LAWS. - *The name alone is not an automatic preparation of the way so that you can surmount all levels at once.* The whole thing is a maturation process for your soul and for the core of your personality, the divine SPARK that connects you with one another and with the spiritual realm.

Question : Can you tell us why the dark FORCES sometime tend to yield when the name of JESUS is mentioned and at other times - apparently without detrimental effects - are able to exploit his name?

SETHAN : When the SPIRITUAL WORLD has an inner connectedness with the name of JESUS CHRIST, that is to say, when this name is verbalised by human souls with an *inner understanding* and connection in regards to JESUS and DIVINITY, the negative FORCES find it difficult to interfere with these physical soul beings. This represents PROTECTION, established by the soul that finds itself connected to this name within its physical body.

- *If the inner steadfastness of faith and the inner connection to the CREATOR and to JESUS CHRIST is great, this name will be a PROTECTIVE SHIELD in one's argumentations with the dark FORCES.*

Question : Why are otherworldly entities, even demons, allowed to pretend to be "JESUS" in order to mislead innocent people and this often without being punished?

SETHAN : This has something to do with what we continue to say to you: *Test everything that comes through here!* Test your *own* perceptions and your *own* VIBRATIONS! You must be sensitive in regards to what is transmitted when you deal with HIGHER POWERS. When it comes to recognising *with whom* you're dealing with, you must be in tune with one another.

- *JESUS CHRIST will not announce his presence in any circle here on Earth, even if this circle is of the highest possible standing.*
- *JESUS CHRIST will not speak through mediums and he will not make contact as JESUS CHRIST within this framework. It will always be a case of EMINENT ENTITIES, authorised to make contact with you.*
- *Only through your own sensitivity, your state of sentience and your vigilance will you be able to recognise whether either positive or negative ENTITIES announce their presence here. The moment a SPIRIT GUIDE announces himself as "JESUS" the greatest care must be taken, because this is an impossibility within the terrestrial realm!*

Question : There are indeed a lot of false psychic contacts here on Earth that originate from the negative side and that lead people astray. Can we debunk these contacts with your help and can we create a list of these contacts with the dark side?

SETHAN : This will only be possible if these soul beings allow themselves *to be tested*. It begins with initiating a system of self-criticism so that one does not arrive at the opinion that due to one's psychic contact with an EMINENT BEING, one is suddenly different from all the others living here on Earth. This is *not an exceptional position*, not a privileged insight one can wear on one's sleeve.

- *Mediums can only work in a positive way if they possess the right inner attitude when opening a channel for the divine world. This means that a deep meditation and adhering to certain rules and norms is necessary in order to create the right CONDITIONS in the first place. It also means that the human soul must be prepared to deal with divine thoughts and with divine LAWS.*

It is difficult to judge this from the outside or for us to set signals in regards to whether a psychic contact is positive or negative, because we seriously doubt that another medium will except outside criticism.

Comment : But one could warn people before they fall into a trap.

SETHAN : Warn them in regards to what you have learned here, namely to abide by the rules when organising a meeting. You have already received a lot of information on how to arrange a meeting such as this and on the preparations that have to be made in order to establish and to allow such EMINENT CONTACT to take place.¹

SETHAN : CHRIST'S plan of redemption does *not* mean that the penance or the karmic planes you accumulate here during your terrestrial existence are dissolved, but that every future reincarnation gives you *a new chance* to advance your spiritual progress towards a HIGHER MATURITY, required to take the next step.

- *Redemption means that the wheel of reincarnation stops turning once you have reached certain ethereal PLANES of LIGHT.*

Redemption takes place through the amalgamation with the LIGHT QUALITIES present there and they serve the purpose of providing your life and your divine SPARK with the necessary divine ENERGIES, that is to say, without the sustenance provided by this LIGHT, your souls would not be able to exist there.

Question : It is said that the positive spirit world acts on behalf of the redeemer JESUS CHRIST. What does this mean?

SETHAN : This means that ENTITIES like us and somewhere else on your planet have the ASSIGNMENT of conveying the necessary LIGHT ENERGIES to you and to give you hints and allusions in order to fulfil the plan of redemption arranged by the CREATOR.

(Psychic Peace Circle: "Spiritualism contra spiritism" and "Invisible truth".)

Medialer Arbeitskreis: "Die positive Kontaktaufnahme" und "Die Arbeit mit geistigem LICHT".

(Psychic Work Circle: "Positive contact" and "Working with spiritual LIGHT".)

As TEACHERS, we are a small link within the whole process of what is going to take place, namely the eventual amalgamation with these ENERGIES.

Question : Did contacts with GOD'S positive WORLD of SPIRITS exist before CHRIST'S incarnation?

SETHAN : Yes, they did exist. It was what seers and eminent, wise souls experienced here on Earth, namely supernatural contacts and visible materialisations, initiated by the spiritual realm.

Question : Can you give us some information about the Sermons on the Mount by JESUS. - Did it actually take place?

ELIA : *The Sermons on the Mount did take place.* It took place in front a large gathering of people and it was inspired to some degree. During the Sermons on the Mount, JESUS was also mentally connected to the representatives of GOD'S HIERARCHY and this ensured that there were no problems with the transmission. JESUS was an extraordinary medium and this is why his sermon had such an *extraordinary effect*.

This sermon was retained and written down from memory, because it had such an enormous effect on the people that listened to it. The effect was due to the simple words and simple parables used, something all listeners were able to grasp immediately, whatever their occupation or religious confession. As mentioned before, an extraordinary sermon given by an extraordinary medium.

Question : According to what we know, the last visit on Earth by JESUS would have to be the last stage in his series of incarnations. What was JESUS resolved to do for his soul and for his further development? What did he have to try in order to reach his goal?

ELIA : **This is an error!** - JESUS, the CHRIST, was *never reincarnated*, because he does not need a reincarnation. CHRIST *volunteered* and asked the CREATOR to be allowed to created order here on Earth, to redirect people's faith in the right direction and to provide them with the right information. The *worship of idols* and the *moral derailments* of people had become too widespread.

- *JESUS was the incarnation of the CHRIST SPIRIT, but not a reincarnation. We have to clarify this!*

Question : Were GOD and CHRIST amalgamated within the same LIGHT FORM and ELEMENTS of LIGHT, because the required purity was available at that time?

ELIA : No, the CHRIST ENERGY was and always has been pure. This ENERGY was never sullied by anything. You are already aware that *every being retains its own individuality*, a direct amalgamation with GOD was therefore not intended. Liken it to a drop of water that remains a drop of water even in a lake, because it has the potential of returning to

the firmaments as a cloud to then fall back to Earth as a drop of water. The parable of water, its rise and its return, is an excellent metaphor in regards to reincarnation.

Question : But it is said that the aim is to merge with GOD within the same LIGHT PLANE and to fuse with him. Is this also just a metaphor?

ELIA : *To be near* GOD is different from merging with HIM, because that would be the origin, the beginning, when no souls existed at all. GOD “gave birth” - in inverted commas - to *independent* life forms and that is irreversible, because GOD knows what it was like before HE gave “birth” to life forms. You were also different human beings before you had children. Everything resembles everything else. As above so below!

Question : What is the final aim of every soul?

ELIA : Well, as I said before, to be *near* GOD *without* directly merging with HIM. As human souls you will remain *independent* entities for all eternity, to then become *one* with GOD in the final stages, become one with HIM *in thought, in feelings and in action*. This will make “little gods” out of you - *in HIS image* - able to perform eminent ASSIGNMENTS independently, similar to the way JESUS did and still does to this day here on Earth, as proconsul of this solar system.

Question : What has happened to the 12 disciples of JESUS?

ELIA : Due to the *direct* indoctrination by JESUS, these human souls have also made good their ascent. They have become eminent TEACHERS within the spiritual realm. It is now their assignment to teach MESSENGERS of LIGHT, because as the souls of the disciples of JESUS, they have already attained the SPHERES of the BEARERS of LIGHT.

Question : Was this premeditated or merely a form of symbolism that during the crucifixion of JESUS, criminals were also sentenced to die on the cross?

ELIA : This was designed to tarnish JESUS with the same brush as a criminal, namely a criminal in regards to the religion of the priesthood prominent in those days. A point in time was selected so that JESUS would die in company of these criminals. This symbolic was aimed at the public, there to observe the proceedings. The jeering of the guards who reviled JESUS on the cross did not miss its mark either. The high priests at that time demanded that the people should observe this, because they were well aware how fast this news would spread.

Question : What position do the HIERARCHIC ARCHANGELS occupy in regards to GOD and to CHRIST?

ELIA : ARCHANGELS are the *executive* force, the EXECUTIVES of GOD. CHRIST also occupies this level of development and he irradiates the whole LEVEL with his LIGHT.

As FIRST BORN and direct CONTACTEE with GOD, CHRIST has the task of enriching all LEVELS with his LIGHT and knowledge.

- *The way CHRIST is at one with GOD, the ARCHANGELS are at one with GOD also. They are at one with the further construction of the universe, at one in empathising the sensitivity of soul essences that live on other planes as it were.*

It is GOD who fills the *whole* SYSTEM with LIFE'S ENERGY. The dark SPHERES and REGIONS of the spiritual realm are not excluded from this. When GOD sends one of his ENVOYS down to LUCIFER'S DARKNESS, this eminent ANGEL will act as if GOD was undertaking this journey. GOD has his REPRESENTATIVES and HE can count on them.

- *GOD also fulfils his own tasks, but we cannot name them because you lack the necessary understanding, knowledge and discernment. But you do not need this knowledge for your terrestrial advancement either. On the contrary, it would constitute an encumbrance to you, because you would realise how infinitely far away you are from realising this EMINENT GOAL. You would lose all your courage and this knowledge would break you heart, because you would not think yourselves capable of bridging this chasm.*

Question : There are nations that idolise *other* deities and pursue *completely different* religious directions. A lot of annoyance and hatred has resulted from these various religious affiliations. Why did GOD'S name gain prominence in only in a few regions of the Earth?

ELIA : What's in a name? It is the *same* GOD after all, all you have done is to give GOD different characteristics. Man has done this to himself. This certainly does not have to be like this and it is certainly not divinely ordained!

- *This is why great TEACHERS of LIGHT continue to come down to Earth at specific intervals in order to readjust GOD'S DOCTRINE and to set new standards through the way they conduct themselves.*

JESUS, the CHRIST, was *particularly successful* in this. All the other world religions know his name and his doctrines that are mirrored in many of the Earth's religions. All terrestrial religions believe in a HIGHER AUTHORITY in some form or another, even if they're unable to give it a name.

- *But it is unfortunate that you have this characteristics of twisting words around and of embellishing things with your fictitious verses. This results in a lot of misunderstandings and this is very difficult to reverse.*

Question : The words of the Nazarene, "I will soon return!" have led to a lot of confusion and speculation, the more so because JESUS was supposed to have uttered these words 2,000 years ago. There was a lot of speculation in regards to this at the turn of the

millennium. Nothing visually took place that could have made mankind change its mind. How do you see this?

SETHAN : You know that time and space have *different* values here with us compared to where you are. In regards to time specifications, it is always very difficult to name and to anchor detailed changes within the processes of your soul's existence and your consciousness. You are approaching a PROCESS that has started a number of years ago. The rethinking starts with you absorbing the words that force their way in from various planes and through filters and that you accept the fact that you, as human beings, are connected to one another and with one another. This means that through the INNER SPARK, GOD'S LOVE is present *in every individual person* through his soul level and that you are *thereby* interconnected with one another. This level of consciousness will only begin its process of maturation when you begin to eliminate your present, appalling thought processes, that is to say, begin to neutralise them.

Very powerful insecurities can presently be perceived within your physical world. In addition to this, a lot of confusion is caused by events of wars and natural catastrophes. But all of this also has the effect that mankind *huddles closer together* and a positive insight gains a foothold so that the suppressed and the poorest of the poor are fed and blessed by the more affluent. This means that *you adopt JESUS CHRIST'S doctrines and you hand them on*. The first steps in that direction have been made and are therefore a given.

- *This indicated that the SPIRIT of JESUS reawakens to a new life here on Earth if you are prepared to follow the path JESUS has revealed to you.*

But this is only a sub-area where the life of JESUS has an impact. The participation of the roman popes has also made a contribution in regards to making the name of JESUS CHRIST reverberate through your thought processes and your consciousness *anew*. All of these are minute core elements and they help you to undertake your journey in the name of CHRIST.

Question : But it is said that JESUS is supposed to have stated that he would *return*. Can we expect this to happen?

SETHAN : The return of the SON of GOD was meant to mean that he would *not physically* appear here, but that his LIGHT would have an *ever increasing effect* on planet Earth. This is indicated by the fact that eminent ENTITIES once again realise their incarnations on this planet Earth. Where there is darkness, LIGHT will shine and you will recognise that collectively and together with LOVE represent more powerful links than you presently assume.

Question : What would JESUS say if he would return to this world as a human being?

SETHAN : JESUS CHRIST, as GOD'S REPRESENTATIVE, as the SON of GOD would remind you once again that you only experience a minor stage within your history here on Earth

and that your *true* existence does *not* take place *here on Earth*, but on completely different PLANES, PLANES where you have to justify the things you have, or have not done, here on Earth.

- *You are here to progress towards this PLANE and to simplify your soul's stride into the spiritual realm. You unfortunately continue to forget that your sojourn here on Earth is of a short, temporally duration and that infinity and reality lie still before you.*

Question : JESUS would therefore not say anything different from what he said 2,000 years ago to the people living at that time?

SETHAN : Well, it would be a repetition, but on a *different* level of consciousness. The parables of JESUS would be expressed in a *different* oral form, so that you would be able to understand them with your *present day* consciousness.

Question : Was JESUS married and did he have children?

SETHAN : JESUS was *not* married. He did *not* have children. JESUS was an eminent MESSENGER of LIGHT, giving his ENERGIES to many human souls, so that they experienced enrichment and so that their souls would illuminate in order to undertake their journey here on Earth. As human beings, you are fed by the SPIRIT and the LIGHT of JESUS CHRIST, who acts in connection with the CREATOR.

Question : Of what importance is it for a Christian to either pray to GOD or to JESUS CHRIST? - JESUS is supposed to have said: "Nobody will get to the FATHER but through me". Does this mean that one should only pray to JESUS?

SETHAN : The way back to the FATHER is *not dependent* on what form you chose to establish closeness with the spiritual realm. Whether you approach the ENTITIES that accompany you or your GUARDIAN ANGEL, or whether you also include JESUS CHRIST or the CREATOR is not a decisive factor. The LUMINOUS ENTITIES around you and also your GUARDIAN ANGEL and other EMINENT ENTITIES within GOD'S HIERARCHY are all connected and therefore also connected to JESUS CHRIST and to GOD. It represents a BRIDGE of LIGHT across to HIGHER SPHERES, to PLANES of LIGHT where the physical plane has totally faded away. A constant connection to GOD and to JESUS CHRIST is therefore guaranteed through your *spiritual* HEART.

Question : But what did this statement by JESUS actually mean?

SETHAN : It meant that JESUS CHRIST is the *elementary LEADER* for you, here to spread GOD'S DOCTRINE on Earth. The door to the CREATOR was opened through the insights and feelings JESUS experienced here on Earth. This insight and the PLANE of LIGHT that leads to GOD were made known through JESUS and this enriched the terrestrial knowledge. Through JESUS CHRIST you received the information that there is a DIVINITY and a CREATOR who is connected to you and who supplies you with

ENERGIES that allow you to exist here on Earth. All of this was embodied in JESUS CHRIST and this is in connection with a symbolic metaphor that serves the purpose of bringing the insight of the existence of the CREATOR closer to you.

Question : I have to ask the following question once again: You told us that ARCHANGELS do not make contact with terrestrial psychic circles. But there are a series of psychic messages that allegedly originated from either JESUS CHRIST or from ARCHANGELS. According to your indoctrinations, these messages must therefore come from hoaxing and lying spirits?

SETHAN : This is not quite correct. What was meant was that a *direct* psychic transmission does not take place, that is to say, that JESUS CHRIST will not personally announce his presence through a medium. We could be dealing with ENTITIES with a *connection* to JESUS CHRIST. We also possess a connection to the SPHERE of LIGHT JESUS CHRIST dwells in, that is to say, to the PLANES of eminent spiritual BEINGS of LIGHT who support us and who provide us with ENERGIES. We have established a CHAIN that reaches via EMINENT ENTITIES all the way to this PLANE here. We entertain constant contact so that we receive certain information from other BEINGS of LIGHT who in turn, establish contact with HIGHER PLANES. Psychic messages that maintain that they represent *direct* contact with eminent ENTITIES like ARCHANGELS or even JESUS CHRIST are therefore *not eventuating like that*.

Participant : If an ENTITY professes to be JESUS CHRIST, this message already begins with a lie. I am therefore surprised that *even though* its contents are of a negative nature, the gist of the message can *certainly be a positive one*. How is this possible?

SETHAN : Negative ENTITIES are also of an eminent spiritual standing. LUCIFER is also an eminent ANGELIC BEING and he disposes over a lot of information and spheres. He can spread his PLANE of DELUSION over you so that *you believe* that you have a positive contact. These messages must *not* necessarily be false or incorrect. But there is always a SOURCE of DANGER involved when JESUS CHRIST allegedly announces his presence through a terrestrial medium, because this will not happen, we can verify this from our PLANE of EXISTENCE, because it is impossible.

Question : **2 Corinthian, Chapter 11, Verse 14** states: “Well, no wonder! Even Satan can disguise himself to look like an angel of light!” Is this correct?

SETHAN : This is right, because once upon a time, Lucifer occupied *the same rank* as JESUS CHRIST. LUCIFER is also a SON of GOD and he also originated from the CREATOR. *In spite of his apostasy*, Lucifer still maintains his status as an angel. Both are fed by information from the CORE of his SOUL formed by the CREATOR, but it found its apostasy through a completely different ENERGETIC ONENESS. The CORE of LUCIFER’S soul *is overshadowed*, but that *doesn’t* mean that the CORE of his SOUL has lost contact with the CREATOR.

Question : Can this come to a point where negative ENTITIES can effect healings?

SETHAN : *Yes, this is possible.* Negative entities also dispose over abilities that are comparable to the side we acknowledge as the LUMINOUS SIDE.

Participant : Up to now I have always assumed that this was impossible.

SETHAN : This is *certainly possible* if an amalgamation with a soul that lives here exists. Remember that as soul beings, you are surrounded by BEINGS of LIGHT, HEALING ENTITIES and other ENTITIES you can call upon and who are prepared to give you their ENERGIES. This can *attract* negative souls who also dispose over HEALING ENERGIES. One cannot rule out that negative souls can also discharge HEALING ENERGIES, but this doesn't mean that a *successful healing* will take place without the assistance of a positive HEALING ENTITY.

Question : How can a healing take place at all if negative entities carry out healings but at the same time shy away from the LIGHT?

SETHAN : We're dealing with ENERGY TRANSFERS and they *don't* take place *directly*. Remember that DARK SOULS are present everywhere. You are also surrounded by DARK SOULS when you send *negative* thoughts. Like attracts like. This entails that your thought processes open WINDOWS so that ENERGIES of a *negative nature* can flood in.

- *Only due to the spiritual PROTECTION that surrounds every soul and the free will your mind is endowed with can you decide which way you want to go and through your willingness to respect and to accept the LIGHT, can NEGATIVE ENERGIES be converted and neutralised.*

Question : The original, inscribed wooden sign that was attached to the cross of JESUS is supposed to be located in a Church in Rome. Is this based on the truth?

SETHAN : This is a legend and does *not* conform to the truth. This wooden sign is a *replica* and it was manufactured centuries later based on traditional letters that indicated the existence of such a sign. This sign serves the purpose of consolidating the faith and to anchor GOD'S symbolic in a higher form here on Earth. But it is also designed to augment the power of the Church and to fetter religious people to a religious denomination. This ensures that your free will is thereby *suspended*, because it is impossible for you to choose a different religious denomination whilst in a state of awe.

Question : The Church preaches that JESUS *died for our sins*. How could JESUS die 2,000 years ago for our human sins, when these sins are being committed *as we speak*?

SETHAN : This is incorrect and it was not handed down in the pure form JESUS CHRIST wanted it spread.

- *It doesn't mean that JESUS CHRIST died for your sins here on Earth. You are responsible for your deeds and actions and thereby also responsible for your destiny and your karmic issues!*

JESUS CHRIST walked a painful journey here on your terrestrial planet in order to show you that *in spite* of all the pain and *in spite* of all this suffering, a PLANE of EXISTENCE awaits that will make you forget all this hardship. The human body is subject to the physical plane and to decays, but its TRUE CORE, the soul, remains intact and finds its way to another PLANE.

Question : It is said that people should *not judge* other people. But how are we to interpret CHRIST'S WORDS: "By the fruit of their labour shall you recognise them"?

SETHAN : We are dealing with two *different* planes here: JESUS meant that faith and LOVE serve the purpose of enriching your life here on Earth and of giving you the opportunity of finding *icons* that will guide you in the direction the CREATOR wishes you to go. You have become acquainted with different life forms here on Earth who are prepared to wander here on Earth in the name of GOD. By their deeds and actions you have recognised that they are prepared to take GOD'S WORD serious and to apply it in their day-to-day life.

- *The judgment of another begins when you mentally interpret the flaws of another and when you manifest the things you consider to be wrong in these people. This is not according to the tenets of the CREATOR.*

You should recognise the positive and the divine SPARK in every human being. This is profoundly expressed by those human souls who stand up on behalf of human rights, LOVE and for faith in DIVINITY.

Question : Mary was there when JESUS was born and when he died. What was her development? There is not a lot of reference to Mary in the bible.

LUKAS : Well, this has to do with the fact that the various denominations interpret and clarify this person, the mother of JESUS, *differently*. Mary was *too persistently* coupled to cults and treated with *exaggerated* devoutness so that we, that is to say, the positive spiritual realm, gain very limited access to these, sometimes fanatical, masses.

It is a different situation with individual people who possess a true sense of faith and LOVE for Mary, the mother of JESUS. It can happen then that miracles take place, as you say, something nobody expected.

- *On the one hand, Mary has been unjustly neglected and on the other hand also too exaggeratedly depicted. This to a point where the person of JESUS came second to the personality of Mary. This is not what the soul of Mary, who occupies an eminent position in GOD'S REALM, had in mind.*

Comment : There are cultural circles and religious denominations that seem to actually rate Mary higher than JESUS CHRIST, thereby creating a completely individual cult. This gives Mary a completely different standing.

LUKAS : Yes, that is right. Apart from that, Mary is not the mother of GOD! GOD has no mother! A lot of changes have yet to be made here.

- *What you call “mother” is an entity that finds an application within certain natural laws, something that applies to all mothers throughout the physical universe. It is a different story in the spiritual realm, because the spirit entities who serve GOD are unable to procreate other entities from within their spiritual bodies. The “birth” of new souls remains the prerogative of the CREATOR; this is why he bears this name.*

Everything and I mean everything that sprang from the CREATOR will one distant day return to HIM, the way it was predicted at the beginning of time.

Question : What privileges did Mary and Joseph enjoy that they were selected as parents for JESUS?

LUKAS : No special privileges. It was all connected to a specific point in time, that is to say, with *temporal conditions*. Moreover, the country the great MASTER JESUS was going to born in had already been determined and a suitable couple had to be found there that fulfilled very specific criteria in regards to the people in the vicinity of the local surroundings. To list all of this would take a separate protocol and this would only be of interest to a few. This story would not necessarily help your individual progress.

- *Of much more importance are the aforementioned divine LAWS, their effect, their acceptance and application. It is of less importance to fill your head with things that are completely negligible. But we are quite happy to tell you more about it, if you really want to know more about this.*

Comment : This means that the *moment in time* for the birth of JESUS was important and that it could not have been an immaculate conception, but a completely normal, centralised incarnation. What the Church has made out of it is therefore a miscarriage of facts, exactly like the Church’s dogmas against the “pill” and in regards to the debatable celibacy of its priests. This has produced a lot of constrains that maintained their “validity” to this day.

LUKAS : Yes, that’s right, that’s right. We already wrote that *every* mother is subject to a divine natural law that possesses universal validity. Everything you listed is the *work of human beings!* We told you once before that Mary was inseminated like every other woman. This is why no further discussions are necessary on this subject. GOD created LAWS that *nobody* can override. Even the CREATOR must abide by HIS LAWS! Only your Churches believe to have the right to ignore them.

- Question : A scientist from Braunschweig, chemist *Dr. Manfred Werner*, who manages an institute for cancer research full time, is supposed to have sustain himself from ENERGY of LIGHT *since the year 2001*. For ten days he allowed himself to be examined in a clinic. Result: Apart from a faster pulse rate during the night and slightly elevated Keto-levels in his urine (akin to a diabetic's) everything was normal. Is a life without solid food actually possible?
- LUKAS : Yes, this is possible and it was practiced in monasteries in the East after it was *inspired* there. But it takes an *extraordinary* amount of solid faith and an amount of trust that must be *even greater*. It is not your assignment to emulate this and it would pretty quickly bring you to the limits of your physical and mental competence.
- *The above mentioned example was allowed so that the sciences of the western world had something to marvel at. Your sciences are once again confronted with an enigma and this enigma will remain a mystery until one learns to accept GOD'S presence.*
- Question : The Church teaches us that Mary remained a virgin all her life and that the brothers the New Testament mentions are actually his cousins. One also generally assumes that these brothers are the children of Joseph and Mary that were born after JESUS was born (acc. to Luke, 2, 7 Mary's first born). Is this correct?
- SETHAN : The fact is that Mary and Joseph took up *their* positions here on Earth like all the other creatures. These two people enabled many souls to reincarnate.
- *JESUS CHRIST did have siblings that were born after him and who fulfilled their life's spectrum within the regions they were born into.*
- Question : What does Mary mean to people nowadays? Wherein lays this fascination?
- SETHAN : Mary represents a figure of signification, because she gave birth to an eminent MASTER. Mary made sure that this event was handed down and that it was given the justified credibility so that the faith in GOD, the CREATOR, could be spread right around planet Earth. Symbolically speaking, Mary is *the origin of life* and some sections of your community regard her to be a divinity that emanates a FORCE and that this divinity transformed this FORCE and ENERGY in order to be able to give birth to a great medium such as JESUS here on Earth. For many people Mary symbolises the female stature that occupies a high ranking position within the Christian Church. Healings and miracles are also associated with her and *they are indeed coupled with her*.
- Question : Why does one only mention Mary and hardly ever her husband Joseph? Whilst Mary was given cult status, Joseph hardly ever gets a mention.
- SETHAN : Mary was the one that organised the birth of JESUS. Joseph is only a secondary figure; he was there to *protect* Mary and to *guide* her through the war-like conditions prevalent at that time. Joseph is not part of the picture to the degree so many other male

personalities usually enjoy on your planet Earth. The CREATOR and JESUS CHRIST occupy positions that next to Mary's, also enjoy a great status here on Earth.

Question : LUKAS already commented to the following question by saying: The Church calls Mary "the mother of God". What are we to make of this? We would like to hear your opinion on this.

SETHAN : Mary is a soul entity that declared her willingness to give birth to JESUS here on Earth. *She is not the mother of GOD.* But she occupies a position that has to be taken into account separately, for all the periods of time JESUS experienced here on planet Earth. Mary represents the original source, the life energy that provided JESUS with his outward appearance and through which he began his terrestrial vocation. This is emphasised by the fact that Mary accompanied and supported JESUS here on Earth.

- *Mary is the one that gave birth to JESUS. But she is not the mother of GOD.*

Question : Does the mother of JESUS transmit psychic messages in regards to the situation on Earth and mankind?

SETHAN : We have to say *no* to this. Mary occupies an eminent position within an ADVISORY PLANE that is situated within a LUMINOUS PLANE. Mary is presently not, and never has been, engaged in giving messages to psychic circles. She takes care of her assignments in other areas where she supports SPIRIT ENTITIES in their education and their further development in regards to planet Earth.

Question : What are the apparitions of Mary in *Medjugorje, Lourdes, Fatima* and other places all about?

SETHAN : These were ENERGETIC APPARITIONS that were marked by HEALING ENERGIES sent by HEALING ANGELS, willing to be active here on Earth.

- *HEALING ANGELS often utilise the image of Mary to attract the attention of terrestrial human beings in order to make their HEALING ENERGIES perceptible in regards to their elements and their ethereal FREQUENCIES of LIGHT.*

Question : What has the apparition at Fatima to do with Mary?

SETHAN : Many BEINGS of LIGHT, appearing here on Earth, are ENTITIES that closely resemble the SANTINER.

- *The apparition of "Mary" was carried out by a UFO, that is to say, by ENTITIES from within the biosphere of the SANTINER. -*
- *It wasn't Mary who appeared on Earth in Fatima to give the children HEALING ENERGIES and to signal future APPARITIONS in the sky. These were contacts that took place between the SANTINER and inhabitants of your planet.*

Fatima was misinterpreted by you, but it still maintains great value for money, because it promoted man's sensitivity in regards to perceiving extraordinary APPARITIONS and HEALINGS. A sensitising of your mind is important *when it comes to expanding your consciousness* for the things that come to you from the spiritual realm.

Question : According to new research, one is supposed to have discovered that Mary, Herod's wife Mariame I. and Joseph, Herod's brother in law of the same name, were the ones that were officially accused of adultery and sentenced to death by *Herod the Great* and this is why they had to flee to Egypt. Can you confirm this?

SETHAN : We have to *negate* this. This is not according to the truth. This depiction and this parable are, according to what we are allowed to convey to you here, not correct.

Question : What stands out when JESUS visited Nazareth is that the people from Nazareth regarded JESUS only as the son of Mary. Where was Joseph, his father, at that time?

SETHAN : The fact is that Joseph no longer lived on planet Earth at that point in time and that Mary escorted her son, this eminent medium. Mary felt intensively that JESUS *was somebody special* and that he possessed gifts and abilities that could not be explained with the human spirit. Right to the end of his life's journey, Mary was a companion to JESUS who accompanied her son and was near to him on his last journey here on Earth. Mary was aware that JESUS was not just from her alone but also from the CREATOR. Mary recognised and found out that DIVINITY is present in every individual human being and that this particular human being she called JESUS, spread this DIVINITY here on Earth.

Objection : But JESUS was supposed to have had siblings.

SETHAN : This line-up of siblings did exist on Earth, but its cohesion disappeared because many of them found their own way and established their own lives. JESUS had younger siblings, but they did not keep him company during his life on Earth.

Question : Why is there so little information available in official accounts about the childhood and youth of JESUS?

LUKAS : A lot of this information did not conform to the Church's bias and their doctrine and this is why many books and scriptures were not included in the bible in its current form. But these books exist and some of them can be studied by interested readers. These scriptures show that JESUS was indoctrinated by entities of a *human* and *non-human* nature that are *not* part of your so-called Christendom. This is *one* reason for the great gap within the timeframe.

- *One allows this gap to exist so that one does not have to admit that other communities and religious denominations also possess a highly spiritual orientation.*

JESUS recognised the highly spiritual orientation of other communities and visited them in order to find out more about who he was and about his ASSIGNMENT.

JESUS also experienced the distribution of the HOLY SPIRIT as a human being, because he *intensively strived* for an inner connection with the FATHER of us all. This soon brought extraordinary apparitions into play and he displayed abilities that distinguished HIM as the SON of GOD. But regard the fact that every human being can achieve this when the orientation of his free will runs in *that* direction.

- *This material will only be released to you and you will only be redeemed, when every human soul has experienced its own spiritual enlightenment. Only then will the wheel of rebirth come to rest.*

Question : What would JESUS, who rode on the back of a donkey, make of the richly adorned throne of the pope? What would he say to the Vatican's assets and estates?

SETHAN : These are valencies and displays of power that visually indicate how high a personality's standing is in your material world.

- *JESUS demonstrated that there is no need to be adorned with gold and jewellery in order to be able to spread the NAME of GOD. It becomes clear that this does not depend on what a person shows on the outside, but on what a person emanates from INSIDE. The INNER VALENCIES are the deciding factor!*

The INNER VALENCIES are *not* denoted by how richly furnished the king's treasury is in order to keep the peace and preserve the divine LAWS.

- *It is more important to realise that the heart and the soul are connected to one another in divine faith and that only faith enables you to absorb these ENERGIES from the spiritual realm.*

This entails that what your Churches presently display on the outside does not possess the valencies the divinity within every single human being amounts to. A beggar, who respects the divine LAWS and therewith also his fellow man, possesses a *higher valence* than someone with a well endowed treasury and someone that *only visually displays* his powers in such a way.

Question : How would JESUS react to the comfortable lives enjoyed by the curia?

SETHAN : What would happen is that GOD would not make any comments in regards to that. Every human being realises his or her own individual PLANE when they *cross over* to the spiritual realm. They will all be confronted with the life lived here on Earth and every individual human being will be guided to the PLANE that has been allocated according to the soul's terrestrial moral conduct.

- *Everything depends on what a human being has put into practice here on Earth in the name of CHRIST and on what GOD has allocated for everyone individually. Important is what a human soul has done for itself and for its fellow man here on Earth in order to accomplish the step into the LIGHT, respectively into the spiritual realm.*

Question : Do we have to conquer our terrestrial Churches in order to become *real* Christians in the eyes of CHRIST?

SETHAN : The Church represents a powerful symbol of faith to many people. This symbol also has its effect and its validity. You must discern that due to religious institutions, there are a lot of Christians that are very religious and very devout. With their deep sense of faith in what GOD expects of them here on Earth, *these* people also apply the divine LAWS. And there are others that *do not need* the Church and that can undertake their life's journey *without* the help of various religious denominations and institutions. There are people that fulfil their *own* perceptions *from INSIDE*, in a spiritual sense, in order to act in the name of GOD here on Earth. These people have realised that their free will absolutely entails the opportunity to focus their life on GOD and to serve creation. These people are prepared to undertake their journey *without* the Church and *this certainly meets with the approval of GOD*; it can lead to the *same* goal the people who undertake their journey *within* the religious arena and religious communities in a divine SENSE strive for.

- *It is important for you to recognise the deeper meaning of the doctrine we have worked with over all these years, namely the application of the divine LAWS in your every day life.*
- *Beyond that the insight that you are un-enslaved beings, equipped with a free will and an inner divine SPARK and that contact with an ethereal PLANE and its inhabitants is possible and can be utilised in order to show you the way so that these people can then accompany you along this journey here on Earth.*

The insight and the knowledge that a real DIVINITY actually exists and that a reincarnation within the framework of this DIVINITY also exists will bring your insight to a point where you will be *unsolicitous* prepared to deal with your own INNER LIFE *more intensively* so that you can then undertake the journey in a divine direction.

Question : The Lutheran Church in our town displays the following sentence over its altar: "*He, who believes in me and in the one who sent me has eternal life.*" - Do people who *cannot* believe *not* have this eternal life?

SETHAN : These people are also soul beings, they will have a life after death and they continue to ride the wheel of reincarnation. The non-believers also have an eternal existence that continues after their earthly demise, that is to say, when the physical world is left behind and when these people enter the ETHEREAL PLANES.

- *Acknowledging reincarnation is the first step in order to recognise that one bears a strong co-responsibility in regards to the deeds one performs here on Earth, a co-responsibility that one cannot simply push onto other people.*

Question : Human beings are supposed to consist of a number of energetic, layered shells: The physical body, the ASTRAL BODY, the EMOTIONAL BODY, the MENTAL BODY, the SOUL BODY and the divine FLAME. These shells are supposed to consist of a variety of VIBRATIONS. What did this layout look like with JESUS?

SETHAN : In the case of JESUS, the CHRIST, this ENERGY was of such an elevated state that it couldn't be compared to your human ENERGIES. JESUS possessed a *very direct* line to the CREATOR. His contact with GOD was not interspersed with *as many* INTERMEDIATE LEVELS as when you make contact with GOD, respectively through your spirit GUIDE and from there through other EMINENT BEINGS.

- *As a human being, JESUS entertained a powerful connection with the HIGHER ENERGY VIBRATIONS from the spiritual realm. This explains the ELEVATED VIBRATIONS of his individual ENERGETIC BODIES that enveloped the human mantle, the physical mantle of JESUS. This is what gave JESUS the capability to exercise his psychic abilities in this way here on Earth.*

Question : Did JESUS die free from sins?

SETHAN : JESUS CHRIST also sinned during his earthly existence and they are to be assessed with *human* values, just like your own. But due to his level of consciousness he reached the conclusion that he possessed a GIFT that was incomparable to that of other people.

- *JESUS realised early that he possessed the ability to communicate with SPIRIT ENTITIES and to work with SOURCES of LIGHT that were imperceptible and unattainable to other people.*

Question : Would one not have to be free from sin in order to be able to work, the way JESUS did, with such SOURCES of LIGHT?

SETHAN : His unblemished state in regards to sins is accounted for by the fact that JESUS never forgot to allow the DIVINITY within to shine *to the outside*, that is to say, to allow his LOVE to envelop every single living being he encountered, be it a plant, an animal or a human being. This is was the distinction of JESUS, the CHRIST, here on Earth.

- *JESUS was able to communicate not only with Mother Nature, but also with the souls of many human beings he encountered on his earthly sojourn. JESUS was able to make direct contact with the soul of anyone he met.*

Question : Is there therefore a marked difference between the Church's definition of sin and the definition applied by the spiritual realm?

SETHAN : That is right. What do you denote as a sin? - Sins are atoned for in Church by saying a prayer that asks for your sins to be forgiven. The Church tries to fettle many people to its institution along these lines in order to maintain their powerful status and in order to continue to bind people to its religious sphere of influence. This is *not* what sin is all about.

- *The fallen ARCHANGEL can be equated with the fall from grace and it is marked by the fact that this ANGEL turned away from the CREATOR.*

But this sin will also be forgiven, because GOD continues to endeavour to bring this fallen ANGEL back into the LIGHT. GOD will also never abandon this fallen ANGEL and his “sins” will some day be extinguished.

Question : How are we to understand the words of JESUS in **John 16: 25**:

“I have used figures of speech and imagery to tell you these things. But the time will come when I will not use figures of speech, but will speak to you plainly about the father.”

SETHAN : This time exists already. Many religious denominations have started to identify the words of CHRIST, a “with one another” and brotherliness here on Earth. Many religions begin to look beyond the point of their noses in regards to their own religious denomination.

- *It isn't just Christendom that will announce GOD'S word in this form, but other religious denomination also, even when a different point of contact is at their disposal there.*

Furthermore, this circle here is also utilised by us, ENTITIES from the spiritual realm, to announce the word of GOD. We are also MESSENGERS of GOD who try to spread the word of GOD here with you, in a circle that is prepared to accept this as its task in order to carry this doctrine beyond this circle. This also serves the purpose of carrying the true word of GOD, thereby CHRIST'S doctrine, out into the world - and this not just via the Holy Scriptures, with the help of parables and metaphors that the bible contains. We, as GOD'S HELPERS, also try to reveal these words in the name of CHRIST.

Question : What does the sentence “nobody gets to the FATHER, but through me” that JESUS is supposed to have uttered mean?

SETHAN : What is meant is that accepting JESUS and giving simultaneous service on Earth are the first steps towards spreading GOD'S word on this Earth. The material world is very dense and it must be penetrated to allow the ETHEREAL PLANE to spread its wings here. JESUS CHRIST was the first preparer of the way who clarified GOD'S word and the PLANES of the SPIRITUAL WORLD on Earth. The life of JESUS and the miracles he performed opened up a path to GOD, the CREATOR. This *doesn't* mean that one has to name JESUS CHRIST *first and then* the CREATOR. People can approach the CREATOR directly and send their thoughts in that direction.

- *JESUS CHRIST was the FOCAL POINT who was allowed to spread the words here on Earth in the NAME of GOD.*

Question : The high outside temperatures that have been with us for a while and that are heating-up the apartments here affect us and you also. What is the temperature where you can no longer be active here to guarantee our PROTECTION? Can you write something on this subject so we are not made-insecure by our feelings and so we can decide whether a meeting should take place or not.

LUKAS : Your PROTECTION from the spiritual side is ensured in any case. You said that you must be able to rely on your feelings. Well, this is exactly what you should learn: *Depend on your feelings!* - The warmth we experience here has two sides: We are somewhat restricted by the temperature in our endeavour to establish solid contact with you, because you physically suffer from the heat and you are not as relaxed as you usually are when the *temperature hovers around the 20 degree mark* on your temperature scale. Both of these problems *only* arise on the physical plane. We are then unable to utilise your physical body the way we would like to. If you were on our SIDE, no problems would arise at all, even under the most severe physical temperature conditions.

- *Free spirit can even exist on a sun without suffering any damage, but not your physical body.*

Question : The Church is very dogmatic and acts in many directions. What is your opinion in regards to *the canonisation of saints* by the Catholic Church?

LUKAS : Well, we discussed this once before. The canonisation of saints by human beings represents a special accolade given by your Church for services rendered within the physical arena. The canonisation of saints is not bestowed by GOD or by his PLENIPOTENTIARIES. Therein lays the difference! The canonisation of saints by your Churches certainly serves a purpose, namely that your Church indicates particular deeds and accomplishments of those so canonised, encouraging you to do likewise. But most office bearers within the Church unfortunately do not follow their own advice - and that is the tragedy.

Question : Do these canonisations have repercussions in the spiritual realm?

LUKAS : *No, absolutely not.* The same applies to everything else, be that a superior profession or a particularly powerful position on Earth, they have no continuance in the spiritual realm.

Question : What is your assessment in regards to popes calling themselves “God representatives” and elevating themselves to the highest rank within the Church’s hierarchy?

LUKAS : As you have indicated yourself, we are dealing with *self-aggrandisement* here and nothing can really justify this. To allow oneself to be elected to the rank of “God’s representative” borders on insanity. - A sinner, burdened by karmic issues, is elected to this rank by his peers with similar karmic issues without asking GOD or one of his REPRESENTATIVES from the spiritual realm. This type of glorification is *not* regarded as something particularly humble by the positive SIDE.

Question : Why is it that the pope acts like this, even though he decrees over many sources and he would really have to know that he imposes nothing positive on himself ?

LUKAS : Well, these are traditions the Church is not willing to give up. There is a danger that mankind could fall prey to its own traditions one day. The question whether a tradition is of a *positive nature* or not is never asked; one wanders along the same old beaten track like sheep, tracks that have been used by human sheep for centuries and they all wandered the same way into perdition. When will you be ready to journey along MORE LUMINOUS roads?

Question : How can the approaching change of our consciousness progress when these types of rigid conditions, originating from old and established structures, still exist?

LUKAS : Well, the change to your consciousness is not approaching. It is already in full swing.

- *The traditions we mentioned are the brakes on the path towards of your HIGHER DEVELOPMENT.*

For as long as these brakes are not referred to and identified, little will change. We are here to intervene. JESUS heralded the SPIRIT of TRUTH to you. Well, we are a minutely small LIGHT of this SPIRIT that would like to help you if you would allow it to do so. But your wilfulness towers above everything. The day will come when you will destroy your own human existence.

Question : What is your opinion in regards to the forgiving of sins by the Church?

LUKAS : It is nonsense based on traditions.

- *There is only one BEING that can carry out the forgiveness of sins and that is GOD, the CREATOR! No human being has the authority to do so.*

The forgiving of a sin will only come into effect when a debt, especially a dept in regards to *other souls*, has been paid in full. Only then will GOD, the LORD, erase the FREQUENCY attached to the memory of this negative act within your soul’s cosmos once and for all.

Question : Can such old traditions, like the ones the Church has maintained for centuries, ever be dissolved at all?

LUKAS : Many people have tried to do so, but have ended up being burned at the stake in your dark, distant past. These funeral pyres no longer burn these days, but there are other means to muzzle these “revolutionaries”. This has also been put into practice already.

Question : What is the connection between the work this circle performs and this situation? How can our work here penetrate this abuse of power?

(T. B: This doesn't work at the moment.)

LUKAS : Well, your luminous work is *not* spread orally by you. You *don't* stand in a pulpit, *not* in a market place and *not* at public events. You stay in the background and you are “the deliverers” of our expositions and explanations to certain themes we deploy together. Through their worldwide distribution, these truths are available at any time. This was certainly not possible in biblical times and for a long time after neither. This is the big difference in regards to what is happening these days.

Your protocols are now spreading like wildfire, *because the readers become ever more active* by replicating these texts and by handing them to others, something you are not aware of. But this is not something you have to be aware of. Concentrate on us and less on the dissemination that, through our inspiration, has become common knowledge to a degree you would not think possible. The same applies to other work circles like yours that are supported by our side.

Participant : Between 1840 - 1864 and again between 1937 - 1965, *Jakob Lorber* and *Bertha Dudde* respectively, received a plethora of psychic messages that were published under the pretext of being authentic new-revelations (These messages also dealt with the theme of JESUS CHRIST). To what degree are the works of these two people actually authentic?

SETHAN : The contents of psychic transmissions should primarily be assessed in such a way that makes it imperative and meaningful to impart these transmissions *exactly the way they were received by the mediums*. It is important that no changes are made, like for instance the changes made to your bible that to some degree no longer possesses the authority it once possessed.

- *The fact is that the two publications you just mentioned contain a high percentage in regards to what had actually been transmitted.*

You are aware that human mediums never reach 100% accuracy, but that parts of the personality of the person in question also enter the picture. It is important though that you should accept the things that are important to you and the things that find congruities with other works and other sources. This often verifies that transmissions are authentic and conform to what has been transmitted in other arenas.

You know that well performed circle work or positive psychic activity depend on *abiding by the rules* and particularly on *the re-examination* to see whether eventual impurities might be present. *Depend on your feelings!* Locate contradictions and present them to us so that they can be corrected and settled. We repeat once again, both

publications contain a high percentage of their respective original transmissions, that is to say, these texts were rendered authentically by both mediums.

Question : The transmissions received by *Jakob Lorber* and *Bertha Dudde* also deal with the approaching end times and the Age of Aquarius. (JESUS also mentioned them during his life on Earth.) If the proclamations of those two are really authentic, why don't you deal with this theme with the same urgency and intensity?

SETHAN : Because this theme does not have the same relevancy *at this point in time* on this planet Earth as it did in the past when these mediums were alive. Keep in mind that World War II raged during one of the periods given above and that many negative influences were present. These souls began to make *the way* to GOD, the LIGHT of the LORD, *tangible* again.

Through your thoughts and your actions you possess the self-determination in regards to the time era and you can determine the consequences that develop from them. You are the preparers of the way in relation to what will happen on Earth in the future. You are a part of what you call the axis of time. Through your thoughts and your deeds you write your own history and this determines the effect this has on here on Earth.

Objection : It is said that these proclamations by *Jakob Lorber* and *Bertha Dudde* are supposed to be the WORD of GOD.

SETHAN : You are already aware that GOD and JESUS CHRIST do not directly deal with mediums. EMINENT ENTITIES were active there and they worked with these two mediums. These ENTITIES INCORPORATE a high level of LIGHT - and this is identified by the fact that they approached these mediums *alone* and that these transmissions were possible *without* the assistance of others.

Question : The main theme of these works is the approaching end-times, the proclamation of CHRIST'S return, the total transfiguration of Earth due to the end of one chapter of redemption and the battle of the last religious war, where the Antichrist, in the form of a human, incarnated individual, goes beyond his boundaries and carries out open warfare against the few avowed believers in CHRIST. Can we *also trust these* proclamations and do they conform to the CREATOR'S plan?

SETHAN : The fact is that this is primarily a figurative religious tradition. The expansion of consciousness that is taking place now, indicates that the CREATOR has a completely new age here on Earth in mind.

- *This means that a lot of LIGHT will become apparent and that through the circumstance that presently exists here on Earth, a lot of things will expand.*

You can recognise this, amongst other things, on the upheavals taking place in nature and the changes within your climatic zones. You will realise that you have to stick together in order to conquer the restructuring and these new processes here on Earth so

that you are in a position to recognise that as human beings, you are all connected and linked to one another and that you depend on every single one of you.

- *Only as a community will you be strong enough to protect yourselves against this DARKNESS and against the PROCESSES controlled by the DARK SIDE.*

You are about to manifest a complete rethink, not just within your biosphere, but also within yourselves, so that you will realise that you are BEINGS of LIGHT and that everyone depends on everybody else here on Earth, not just on the help offered by the SANTINER, but also *among* one another.

Question : There have been a lot of speculations about the identity of the prophesied Antichrist. What can you tell us about the Antichrist?

SETHAN : The Antichrist is a mythical figure, an inner process that takes place within you in regards to good and evil. You find yourselves in a situation where you have to inwardly deal with the “for and against” with your free will. You will chose the path you consider to be the right one. You have a part of this Antichrist within you and you will soon recognise just who is prepared to make this journey with you.

Participant : Is the Antichrist to be equated with our so-called “inner swine”?

SETHAN : If you like to call it that. Put like that we can affirm this.

Question : Who is the actual initiator of the messages published by *Jakob Lorber* and *Bertha Dudde*?

SETHAN : It was an eminent BEING of LIGHT, one that is no longer active here on Earth. She is no longer within a physical plane, but in a sphere where ethereality reigns.

Question : Are we now experiencing the end times?

SETHAN : We are not allowed to answer this, because we do not have the CREATOR’S authority to deal with this theme in more detail here and now.

Question : What kind of person was Mary, the mother of JESUS?

SETHAN : Mary was a being that expressed her gratitude to every being and every creature and this from WITHIN, on a mental level. She was a great advocate in regards to Mother Nature and all other elements here on Earth. Mary’s soul already enjoyed a great level of maturity and she was selected to act and to behave in a manner that allowed JESUS, the CHRIST, to be born here on Earth.

Question : Was this therefore a deliberate selection of his parents?

SETHAN : You must remember that every soul here on Earth *selects its own* physical parents and this according to opportunities that are of importance in regards to its terrestrial existence...

(The meeting was interrupted by a sudden breakdown of the recording apparatus)

SETHAN : We know that there are difficulties here today and that a certain amount of excitement exists, because your technology does not function the way we are used to. I will once again give the answer so that this protocol is complete.

Every earthly soul who incarnates anew here on this home planet selects his or her parents in order to guarantee certain progresses within their development. Every individual one of you has *consciously selected their parents* in order to mature, not just within their soul, but also within their mental capabilities. This is often in conjunction with obstacles and a lot of pain and suffering. But remember that karma and other causes also play a part and they also influence your earthly existence.

JESUS selected Mary and Joseph because Mary's mental structure was such a LUMINOUS one that his soul was able to adhere to Mary's physicality very well during the pregnancy in order to find an ENERGETIC BALANCE within the material plane. The soul of JESUS, which possesses a very high CONCENTRATION of LIGHT, had to assimilate to the terrestrial biosphere to begin with. Mary offered excellent conditions when it came to creating this ENERGETIC COMPENSATION for this EMINENT SOUL.

Question : Solar miracles and apparitions of mother Mary are always in connection with warnings like: "*Repent! - Turn back! No longer offend the LORD! - Pray, so that your sins may be forgiven. - You have little time left.*" These types of apparitions are reported from all over the world. But nothing much changes in spite of them. One doesn't consider turning back in spite of these warnings. What will be the consequences of this?

SETHAN : This has to do with the fact that you carry out a rapid development within your physical world. It isn't just your environment that moves rapidly, but also the things you receive in regards to thoughts and inspirations. When it comes to abiding and applying the divine RULES, you are often on the right track. But you are often yanked out of your centeredness and you then realise that it isn't all that easy to continuously fight your way through all of it in your physical coarseness.

- *This is why you should continuously endeavour to stay in contact with the spiritual PLANE, your CREATOR and your GUARDIAN ANGEL so that you do not lose this ENERGETIC STREAM.*

Your soul connects you with the spiritual realm; that is to say, you are connected through your INNER CORE and SPARK. Cherish this treasure and you will see how easy it is to allow DIVINITY to emanate from within. Due to your hectic lifestyle and your instantaneous expectations this is easily forgotten.

Question : Will these solar miracles and apparitions of Mother Mary continue just the same?

SETHAN : These apparitions are phenomena certain ENTITIES carry our here in order to draw your attention to the fact that ETHEREAL PLANES and LIGHT CUPOLAS also exist here on Earth. Your Earth possesses many HATCHES and LAYERS through which ETHEREALITY can have an effect. There are ENTITIES that utilise these ENERGETIC opportunities in space in order to spread the word of GOD here on Earth and to have an inspirational effect on your souls.

Question : The miracle healings in *Lourdes* began on February 11, 1858. Three girls, the 14 year old millers daughter *Bernadette Soubirous* amongst them, collected firewood near the *Grotto of Massabielle*. *Bernadette* reported later:

“A lady stood there in the Grotto, I could clearly recognise her. She wore a white veil that reached from her head to her ankles. She wore a white dress underneath. The dress shone like satin, then dull like velvet, and then as soft as delicate batiste. The lady did not wear shoes. She was beautiful and wore a rosary on her arm and had her hand folded. The lady told me her name, she said 'Que soy l'immacula Concepciou'". (I am the Immaculate Conception - the holy Mother Mary)

International committees of physicians have examined thousands of cases in *Lourdes*. Result: *Cannot be figured out with the methods and means of science*. - Who was the ENTITY that appeared there and how does one explain the spontaneous miracles that continue to take place there?

We hope that a lot more people gain an insight along these LINES in order to effect *their own* mental change so they then begin see with their hearts and not just with their biological eyes.

Question : Apparitions of Mary also appeared in the village of *Medjugorie*, near Mostar, the Grotto of Mary in *Ziemetshausen* and many other places and the miracle healings took place after are recorded in Church archives. What are the reasons behind these healings?

SETHAN : Its purpose is to guide your human consciousness in a direction that will make you realise that there are facts that your technological know-how cannot explain.

- *You ought to realise that you can achieve a lot with the help of Mother Nature and with your faith and that an interaction between your medicine and nature's elements is absolutely possible.*
- *NATURE'S ELEMENTS and BEINGS of LIGHT offer their services to work with you. They try every day to catch your ear in order to give you inspirations, thereby opening a door to a completely different PLANE and SPHERE.*

It is unfortunately very difficult to convince those of you who think along *dogmatic lines* that an interaction between a number of planes is important so that your level of

consciousness *can change*, allowing the new Age, this new epoch to begin. Your cell structure needs *these NATURAL ELEMENTS*, because this change cannot be realised through your technical and medical means.

Question : What is meant with the *descent of the Holy Spirit* at Pentecost? What effect did this have when JESUS was around and of what significance is the *descent of the Holy Spirit* these days?

LUKAS : You have witnessed the *descent of the Holy Spirit* here every Sunday evening. It was also common practice for the community to assemble and to pray *in a DIVINE SENSE* when JESUS was on Earth. If the community was strong and when they prayed in unison for something so that the HOLY SPIRIT might help them comprehend their life, their existence and *life after death*, the SPIRIT of the LORD, the so-called HOLY SPIRIT, often descended in many cases.

- *This made many members of the community inwardly apprehend the presence of GOD and it came to pass that through this inner tethering, many people realised that GOD'S existence was not just wishful thinking, but REALITY. -*

Due to your free will, GOD can *only* interfere and descent HIS SPIRIT, if people *request it*. If this wasn't the case, you, as human beings, would no longer have your free will and you would become marionettes in the hands of HIGHER POWER.

Question : Are the ecumenical Church days one result of the *descent of the Holy Spirit* as in biblical times?

LUKAS : One slowly began to realise that if there is only *one* GOD, there should only be one community focussed on this *one* SPIRIT. The ecumenical fraternity travels in the right direction and it ought to bring all the other major world religions to the discussion table. This would eliminate a lot of volatility from your politics and you would receive the key to many of your world problems at the same time. You would have markedly improved circumstances here on Earth within a relatively short period of time and they could become paradisiacal. But to achieve this, you have to strive in a *conjoint direction*, because in the eyes of GOD, your free will has top priority.

GOD bestowed your free will upon you so that you can develop *without coercion*, exactly the way you want to. This is why the question of why GOD "allows" these natural catastrophes, and a lot of other things where people lose their lives, to take place - please excuse the word - *asinine*, because you are not prepared to contemplate the coherences logically. The world is on its way and the speed and the period of time for this to take place depends entirely up to you.

Question : The *descent of the Holy Spirit* amongst the apostles of JESUS had the result that they carried the gospel out into the world. Why are there so many other religious denominations next to Christendom?

LUKAS : Through their relationship with JESUS, his apostles gained an elevated spiritual orientation. After JESUS had left them, they prayed to GOD for divine awareness so that they could continue with spreading JESUS'S doctrine without him being there.

- *The disciples of JESUS realised that the human spirit is subject to many aberrations and that they could not achieve this without HELP from a HIGHER SOURCE. - So it came to pass that the descent of the Holy Spirit allowed the disciples of JESUS to inwardly recognise the LORD. Through their INNER luminosity, they allowed their insights to RADIATE throughout their world.*

The apostles received a lot of recognition in those days. But *not all* were prepared to abide by their INNER SPARK and faithfully ask the LORD for cognisance. Due to egotism and pride, other orientations and lines of thoughts developed, some of them did develop along parallel lines. This should now be corrected and your publications represent an important step in that direction.

Question : There are reports of weeping busts of Christ and weeping statues of Mary that emanate the fragrance of roses or even shed tears of blood. Are these phenomena actually real?

SETHAN : Not all of them. Some act as signposts for those that undertake the journey, as indicators to pilgrims who *need* these apparitions in order to make up their *own* mind, because the phenomena are not self-explanatory nor can they be grasped in this fashion. It has been impossible up to now to ascertain - even scientifically - how these extraordinary apparitions come about. This makes it quite clear that there is a limit where everything is beyond your understanding. Many people dismiss these apparitions as “hocus-pocus” or say that they are “ just deceptions of the senses”. But this is not the case and the same applies to ufology and the things you experience, see, sense and also feel here this evening.

Dear friends, we hope that throughout all these years, our answers we were able to familiarise you with these type of events, events most of you still denote as “phenomena” or “miracles”. The fact remains that everything has *a cause* and a reason. -

You will realise one day that all of this is just *a minor detail* of what JESUS did *for you* here on Earth. JESUS also performed true “miracles”. He was ridiculed for doing so and later on even killed. Our messages are little indicators for those of you that are prepared to undertake this journey. We hope that we have been successful in opening a DOOR to a WORLD that is usually imperceptible to you.

Participant : Yes, you have managed to do this and we thank you for it from the bottom of our hearts!- We thank you for the long duration of your caring indoctrination and also for the patience you have shown us. Due to external pressures, some of an occupational nature, we are unfortunately forced to discontinue our psychic work. Love, to you also...

ELIA : GREETINGS IN THE NAME OF GOD! This is ELIS writing on behalf of the WRITING TEAM. We are pleased about the fact that everything went so well in the

past and that our medium was able to participate as satisfactorily as it did. We hope that we, the WRITING TEAM, were also able to impart a few thought impulses to you. If you think that a lot of the things that we have told you about are impossible to put into practice here on Earth *you are wrong!* - From the vantage point of a medieval thinking person, your present day thought processes would also seem impossible.

The Age of Aquarius has only just begun and it will last for many hundreds of years. You might not experience the NEW THOUGHT PROCESSES here on Earth, but you certainly have laid the foundation for it. Isn't this something? - You here and many others on Earth perform this pioneering work.

I would like to bid you good-bye and to wish the LORD'S blessing upon you. Do remain centred in the future also and sense the things that are right and proper from within. Do not allow yourselves to be influenced by others. Test everything and retain the best. -

GREETINGS IN THE NAME OF GOD!

ELIA and LUKAS.

BARTHOLOMEUS: My dear friends from the spiritual realm and dear friends assembled here around this table. This is BARTHOLOMEUS speaking. I would also like to direct a few parting words at you and my TEAM BROTHERS. On behalf of the divine CREATOR and HIS ENERGIES I am grateful for the opportunity to bring this circle's work to a close in the name of GOD and the office bearers of the WHITE BROTHERHOOD that accompanied you here. We hope that you will be able to experience a harmonious and beneficial time in your work arena and also within your family structure. We thank you for your ENERGIES and for your FORTITUDE and we wish you an inner divinity so that you can emanate GOD'S LIGHT around you.

It has always been an absolute challenge for us to cooperate with you here and to experience the way you have been endeavouring to look through the DOORS of the spiritual realm. I am pleased that I was allowed to participate here with this TEAM and allowed to experience all of this.

We are in close contact with many other BEINGS of LIGHT that also accompany mediums on this planet. It is pleasing to hear that an exchange between the spiritual realm and your physical world is possible.

We extend a specific thank you to all the human souls who are inwardly connected to this circle and who have helped with their LOVE. We express our thanks for the ENERGIES we received, because they have made it possible for us to do our work here with you.

Realise that you are *uniquely individual* creatures who also need LOVE and nurturance. Look after yourselves and continue to encourage yourselves in the knowledge that you are looked after and guided by ENTITIES around you.

GREETINGS IN THE NAME OF GOD!

BARTOLOMEUS and the TEAM

(T. B: Good night!)

SETHAN : As the leader of the TEAM I am also grateful for the opportunity to say these closing words to you, this group and all the many other souls that have participated here this evening in order to give this circle their PROTECTION. There are also many souls here that observe such a meeting as this *for the first time* and they are trying to find their way to the spiritual realm.

The task you performed here was a part of what must be regarded a building block and a link within a chain that covers your whole planet Earth. We hope that all the people who helped us will be successful in finding their INNER SPARK and maintaining their connection to the CREATOR for the rest of their earthly existence.

- *We hope that all the members of this circle and all those affiliated with this circle will remain in a harmonious relationship with us through their daily meditation in order to secure the connection between the spiritual realm and you on this planet.*

We thank you for providing the various themes, they will find a lot of interest in many different arenas.

- *It is important that you realise that everything is to be regarded as something that goes together within a UNIT, a WHOLE, not just Mother Nature as a whole, but also all human beings who live on planet Earth, in spite of all their differences and dissimilarities.*

We hope that over all these years we have been successful in opening your eyes for the things that take place *outside* of your visible perceptions. Your existence is not just denoted by what you experience within your immediate environment, but everything also affects other continents and what happens to people and to Mother Nature there. This is a cycle and a connection that will one day come to an end, a cycle that began and that comes to an end, like one's birth, death and an ensuing rebirth in a completely different sphere.

We hope that you will continue to contemplate the *changes you could make* within your own personality, your own life and your family and that this will strengthen your divine SPARK, your consciousness and your LOVE to a degree that you will *perceive* and *deal* with your environment *differently*.

Our wish for you is that you may experience the adjustment and the GOD REALISATION to the full extent and that our work here was able to open you up to such a degree that your INNER LIGHT may shine *continuously* throughout the world. Through a solid inner ATTITUDE, you will be in a position *to learn the truth at any time* in the future also, without the help of automatic writing or speaking in tongues, if people want to hear what you say. People will sense the emanation coming from you and their INNER SPARK will RESONATE with your INNER SPARK. They will hear about the REALM of the LORD via this ENERGETIC BRIDGE and this without any extra effort on your part.

We thank you for your questions and that it was possible to answer your question through your medium so as to give you a partial insight into what your future history has *in store for you* and about your *past* history. You are the product of many reincarnations and you have advanced to a point where you can take a look forward towards the spiritual world. You opened the spiritual WINDOW yourselves many years ago. We are grateful for having been able to experience this process with you.

We thank you for this last meeting here this evening and particularly for what you *wanted to* and *could* absorb within your thought processes. Preserve these important cornerstones you received from the CREATOR. They will remain with you well beyond your death. These are ANCHOR POINTS that mentally guide you back to the SPIRITUAL SPHERES in order to connect you to BEINGS of LIGHT like us, so that they can fill you with positive ENERGIES. May the approaching Easter festivities be luminous and harmonious for you so that you remain mentally connected to us and to the CREATOR. We will continue to be with you and inspire your world of thoughts - *in as much as your free will allows it*.

We thank you for the things you have done for other souls within the framework of your work here and for the help that has been ENERGETICALLY directed at you from many souls. There were many human souls here to accompany you and who sent you ENERGIES and LIGHT in order to support you. We salute all those that have accompanied this circle in thought and through their cooperation. We hope that you also find the trigger within you that will allow you to recognise that ETHEREALITY *is present here* and that it is around you *on a daily basis*. We salute all terrestrial souls that have accompanied this circle and we hope that many of them will find their way in the right direction. -

There are many human souls engaged in spreading the WORD, and the things the CREATOR endowed them with, here on Earth. Your circle received many an acknowledgment that *buttressed* the things you did here. Realise that this work *was not* an important experience *just for you*, but *for other people* also. We thank the LORD, the CREATOR, who made it possible for us to complete this work with you in a divine sense.

We are united with you through our divine connection, also in the future, when we are no longer in a position to entertain a direct conversation with you through a medium. We

will be with you, not just during your meditations and prayers, but *also during the daily occurrences* that confront you here on Earth. We are your COMPANIONS and we will continue to be your COMPANIONS.

We give thanks for the ENERGIES that were present here and we thank all the souls that provided and maintained PROTECTION for you so that these meetings became a possibility on this level. The way this work was carried out so wholeheartedly has always been an enriching experience for us. We also thank you for that.

We wish you a lot of LIGHT for the future and ENLIGHTMENT for you and your souls, so that you are able to open the DOOR wide in order *to discover new PASTURES around you* that are different from what you are used to in your physical world. We salute you with LOVE and we hope that through the work you performed here, you are prepared to open this DOOR wide *without trepidation*. May you be successful in seeing the LIGHT of the LORD permanently within you and successful in *passing* this LIGHT on to your fellow man.

We wish you a harmonious, happy and fulfilled terrestrial life, pleasing in the eyes of the CREATOR and JESUS CHRIST. May your life continue to feed you new insights and expansions to your own soul's image. We conclude this evening in the name of GOD and we wish you a lot of harmony, inner peace and a LUMINOUS time - *until we meet again some day...*

LOVE,

your SETHAN and the TEAM.

The full trance speech of an unknown ENTITY by the name of SATURIUS followed, an entity that has never made an appearance within the psychic work circle.

SATURIUS: We salute you. This is SATURIUS speaking. *I am an ASPECT of an EMINENT ANGEL* and I am here to make sure that one distinguishes more often between what is the *truth* and what is *illusion*. - We would like to give you a kind of indoctrination before this meeting comes to an end, to give you advice and to direct your attention to a number of things we regard as important for you to recognise. We thank you for your willingness to listen to us.

To begin with we would like to talk about the *psychic abilities* you observe here first hand through this medium who does not know just how psychic it really is and who is unaware of how well it can receive spiritual messages.

To become a medium takes a lot of effort, not just in this life, but also through a lot of conscious efforts in *past lives*. *It isn't a case where being a medium is a present from the*

spiritual realm, but more a case where a lot of preliminary work has gone before to reach such a level of consciousness, that is to say, to extricate oneself from personal things in order to allow pure LIGHT to develop within so that one can entertain correspondence with BEINGS of LIGHT like us. Only then are we able to speak through a medium. The purer the consciousness at that moment in time, the purer the channel will be.

(T. B: Directed at a female member of the circle.)

We greet you dear friend. How are you?

Participant : I have great problems with the after-effect of my medicinal therapy. You did tell me that this therapy *was unnecessary*. In retrospect, you were absolutely correct and a subsequent examination confirmed this.

SATURIUS: In regards to this we can tell you that your trust in the spiritual world *is not quite strong enough*. - There was a lot of anxiety about your illness. - Last time around we gave you the advice to make changes within all of your life's aspects. Have you done something about this?

Participant : I am about to put your advice into practice, this is not a rapid process, but I take it into consideration.

SATURIUS: Yes? We are pleased about this. The changes you have to make represent a *very intensive* effort on your part - but not just you, *all of you* must consciously deal with this, because in the final analyses you will find that at the root of all illnesses are problems or challenges that should be mastered.

- *These challenges are your impetus to grow, to unfold your consciousness -, more and more until you reach your TRUE IDENTITY, the consciousness of your TRUE IDENTITY.*

You are very much *entangled* in your mundane problems and with your personality structures, *from whence you see things*, assess, condemn and reach some kind of results, the more intensively you deal with it.

- *The most important thing for you to do is to strive to achieve the consciousness of the divine CORE.*

Everything else just serves the unfoldment of one personality, a personality that will one day be overcome, but one that makes you act, think and feel in this life. But your thought process must take priority, because your *feelings* and subsequently your *actions* develop from it. -

It is important that you do *not* develop a consciousness that just represents the personality of your true self, but *the eminent CORE of your TRUE SELF*, something that has to be unfolded because it will *act through your personality* here on Earth.

- *GOD'S ENERGY, the ENERGY of LOVE, of POWER and of WISDOM want to be expressed through you in this physical world. This is your LIFE'S THEME - and this is what you should concentrate on!*

Judging by your state of consciousness, you are developed enough to contemplate this and to abide and to express it in your daily life.

We would now like to draw your attention to something else, namely your way of *looking* at things, your *assessment* and *adjudication* of things. The way you look at things is the way of the duality you live in.

- *If you continue to develop your consciousness and begin to behold things from within the consciousness of the divine ONENESS, you will find that both sides of this duality belong to this ONENESS. Both sides have their justification!*

You reject the shady sides, the dark sides. You only want to see and develop the LUMINOUS sides. This, my dear friends is not in order, because the duality you live in and the personalities derived from it belong together. You do not like to acknowledge your own shady sides. - You want to develop your LUMINOUS sides. This is understandable, but by doing so you *supplant* your shady sides, but it is *imperative that you take notice* of them and *deal* with them in order to *integrate* them, thus allowing your personality to become *complete* so that you can then advance towards the ONENESS of the DIVINE, equipped with this insight.

Above everything else, your shady sides include the *assessment* and the *rejection* of certain things. Looking at it from a different state of consciousness, you would realise that everything you reject also has its justification, because it represents a mirror image of some personality structure, present within your *own* personality, something you cannot see - and actually do not want to see.

- *Everything in your life in regards to emotional rage and sadness, anger, resignation, depression, all of these shady attributes you do not allow yourselves to identify, are a mirror image of your suppressed personality structures.*

In order to put this into practice: If you encounter a person or a situation you *reject*, you react to with *negative emotions*, you are dealing with something that is *hidden inside of you* -, because if it *wasn't* inside of you, you would *not* react. This is particularly discernible in a marriage. You are not too concerned if somebody else would do something you reject. It is a stranger after all. - But if your partner does something like that, *you are emotionally affected by it* and this is a sign that it is present *within you*. We beseech you to grasp this great opportunity and recognise these shadows *within you* during your life here on Earth.

- *Every time you distance yourself from other people, one of the shadows inside of you is affected -, even if it isn't pleasant to hear this and to work on it.*

All we want to do is to draw your attention to this and this with LOVE, because all of you want *to grow* and *to mature* during your life, otherwise you wouldn't be here today, otherwise you would not be here together.

We have already drawn your attention to the fact that the aim is *to develop feelings*.

I would like to express myself in pictures: My dear friend, in your case we see that your heart is full of sadness. Half your heart is full of sadness. You would say that: "Sadness is a negative energy, full of the 'grey' energy of mourning." - A heart so full of sadness as yours dear friend finds it difficult to express joy.

- But joy and happiness are what causes elevated VIBRATIONS within you. - *An elevated VIBRATION is called for to bring you closer to your divine CORE -, the pure, divine ENERGY of LOVE. This VIBRATION can only be attained when the heart is free.*

We would like to attract your attention by telling you that you ought to tackle and deal with your inner sadness so that you can *let go of it* and so that your heart can *open up*. You experienced a lot of sadness in your childhood and you have retained this sadness throughout your life. If the heart is so full of sadness, LOVE cannot comprehensively open up the heart. This will only happen when sadness, rancour and anger *have been dealt with* so that the heart can fill with LOVE and become soft and large. We beseech you to *no longer supplant* this sadness, but to *look at it* so that you can *let go* of it, so that your heart can expand and the UNIVERSAL LOVE that is present within you and everybody, can fill your heart.

(The SPIRIT TEACHER turned his attention to another participant)

Dear friend, we also see your heart. It looks as if you have built a wall around it. You are a great matter of fact person, you control most things with your head and you have built this wall around your heart in order not to get hurt. Your vulnerability has induced you *to feel as little as possible*, because there are not just - you are aware of this - feelings of joy and happiness, but also feelings of sadness, anger and pain within you. Your mind controls your life 9 out of 10 times and you do not allow your feelings to participate to a desirable degree. This is why your joy is also guided by the mind and *all you can say* is: "This is nice. - This is good". But all of this takes place in your head - through the protective wall you build around you - and *not* in your heart. We would like to advise you to dismantle this protective wall stone by stone, to remove this wall and to try *develop your feelings*.

- *Feeling is the prerequisite for the unfoldment of the heart. The centre of your divine CORE, the CORE of UNIVERSAL LOVE radiates more amplified in an unfolded heart.*

How can UNIVERSAL LOVE unfold if the heart is pushed up against the walls of the mind and if these walls are so solid that they confine the heart? We beseech you *to*

experience feelings! This also has to be practiced. - If we tell you that you have the divine CORE within you, this means that you possess an *unswerving* connection to GOD'S ALMIGHTINESS. This knowledge alone would have to produce an *enormous joy* - but this joy should not be *realised* within the mind, but *felt* within the heart. Feel this joy! - You experienced this joy when you were in love. - You experienced this joy as a child, the joy of being alive. - At a time when you were not restricted by your programmed personality, you *felt joy* and you *felt happiness* then. Where is your capacity to feel now?

We beseech you my dear friend to *unfold* your heart and to *demolish* the walls of your mind that hinder you from experiencing feelings and to sense things instead of *only turning them over in your mind*. Our wish for you is that you finally allow yourself to *sense* your feelings and this is a great piece of information for you.

Something that also hinders you - actually all of you - is the substantial tendency to *not allow things to be as they are in a relaxed manner*, that you have to *judge* and to *condemn* people and situations that confront you, that enter your life, on hand of your personality structure. And this brings about *negative* feelings and the wall of your mind blocks them.

- *The higher you build this wall to protect you from being hurt, from experiencing anger, ire and rage, the less likely you will be able to feel joy and pleasure. But these feelings are necessary to break through the layers of your personality so you can progress and advance towards your divine CORE, to your TRUE SELF, to experience the blissful state that is hidden deep within you and that ought to be unfolded and developed. If you sense this within you, you will know what divine LOVE is all about.*

It takes a lot of hard work to advance this far, because it means to *let go*, to let go of your thought structures in regards to what is right and what is wrong, something that naturally equates with the duality you live in. -

Every human being has a level of consciousness that developed during the course of many lives lived and this level of consciousness is presently the right one. Through the challenges you regard as "problems", life offers *everyone* a chance to consciously progress - you can therefore not assess the level of consciousness of anyone else, it *also* has its justification.

Once you have progressed a little further in your development, once you have dealt with your armour, your wall, your mourning and once you have allowed your heart to open up and have reached a somewhat different level of consciousness, you will be able to appreciate *that everything has its own justification* - all the things that take place in every individual's life. This will enable you to look at things in a *more relaxed manner*.

To practice and to *develop composure* in this life is on the agenda for every one of you sitting here. The word composure somehow springs from letting go. What are you

supposed to let go? - You ought to let go of your habit of assessing and condemning things.

- *Once you let go in the knowledge that everything is subject to a divine, quintessential order, you will become more relaxed.*

Realise that calmness and letting go are *within the domain of your personality*. Your character traits continue their development and they ought to develop in a direction that allows you to realise that what you call personality is *transient*. Everything is transient, your personality with all its feelings, with all the thoughts that spring from your mind and all its associated reactions. Everything is transient. The only thing that will eventually remain, in order to return one to one's divine childhood, whether after this life or another life, is your divine CORE and this CORE is the thing that has to be unfolded.

- *Once you have allowed your divine CORE to unfold, you will act from within it and no longer from the point of view of duality, but from within the characteristics of the divine power, namely LOVE and WISDOM, which are energetically put into practice.*

We would like to turn your attention to the fact that to withdraw from one's terrestrial life is not the reason why you are here, because only an involved, terrestrial existence offers you the opportunity *to grow*. Only a terrestrial existence gives you challenges, gives you problems to solve. What are problems supposed to tell you? - They are supposed to tell you *that you ought to reassess your valuations*. - They ought to help you develop a *different* way of looking at things. - They ought to help you *to go within yourself* and to look at things from the vantage point of the CONSCIOUSNESS of ONENESS, under the terms we mentioned before. - In situations like that always ask yourself:

- What is this trying to tell me? - What changes should I make?

or:

- *How would I see things*, if I were to look at them from the perspective of an enlightened one? - How would I evaluate things *then*? How would I act *then*?

Image that JESUS, an enlightened one, an angel or Buddha, certainly a completely awoken divine BEING, is with you *on a daily basis*. *This is the way it is in reality!* - We are *always* with you! - But you are unfortunately unaware of this.

- If you were aware of this, how would you look at things *then*, from this perspective?

or:

- What advice would JESUS or your ANGEL give you in regards to how you ought to act?

You think that the divine is outside, around you. *But this is not the case!* - The divine is *within you*. Due to the fact that it is *within you*, you will always and at every moment in time have a connection to the CREATOR. This is why we, BEINGS of the divine POWER, endeavour to regard you and to guide you *as aspects* of pure divine LOVE, WISDOM and POWER, because we are your BROTHERS. We would like to see you reawaken to this consciousness. This is our request. This is why we are here, from the day you were born. We escort you through many lives and we want to help you and protect you.

- *But we cannot shield you from your learning processes, because they indicate a change of consciousness to you.*

The aim for you is to *let go* of the way the development of your consciousness made you look at things and to regard the events that affect your life from a new, *modified* vantage point so that when you emotionally react to these events, *you will regard them as a mirror of your shady side*, and this in turn will be another challenge for to work on yourself.

It is furthermore imperative that you utilise your knowledge by applying this KNOWLEDGE in your day to day life and that you *do not withdraw* from the people around you, but that you approach people from within this consciousness that continues to unfold within you, that you *carry* the LOVE and the WISDOM that *continuously* develops within you to those around you, but do *not* force this indoctrination upon them - the way we do here today. We do so because you *can accept* this indoctrination and because you *know* that it is *not* a case of “we know better”, but that it springs from our LOVE for you, in the interest of your growth, in the interest of your unfoldment.

Above everything else my dear friend, we would like to say and ask you that you should not withdraw from those around you the way you do. You ought to allow the DIVINE within you to *have an effect* and to *express* the actions of the divine POWER in your terrestrial existence.

What is this divine POWER? - It is ultimately the LOVE, EMPATHY and WISDOM that ought to be unfolded and that ought to be imprinted in your thoughts, feelings and actions so that this LOVE, this EMPATHY and this WISDOM *is expressed* through you. You will then find that people *willingly* accept the things you tell them.

Assessment, condemnation, rancour, sadness and anger have *no place* within these aspects of a divine existence. It is the attributes of your personality that will help you progress along your way. But you must drive along a *double-track*: You must *continue to deal* with your personality structures on the one side and you must *continue to unfold* the consciousness of your divine ESSENCE, your divine existence, *more and more* on the other side. It will then come to pass that both disassociated parts, personality and

divine SELF, *will become a oneness* and you will begin to live *from within this oneness* and to bring forth this oneness to deal with the things you are confronted with on a daily basis.

Life is constant change. There is never stagnation, *because your soul demands growth and progress*. This is why there are good times and bad times.

- *The bad times are times of growth! Do not simply regard them as bad times, but as challenges. - There is no stagnation!*

We are aware that all of you would really like to live a harmonious, equable existence, but for as long as you live, challenges will find you and this applies to everybody else as well. This is why we are so eager to draw, in conclusion, your attention to the fact that these challenges you will be confronted with - like this illness in your case dear friend, ought to help you find *the trust in the divine UNIVERSAL POWER*, in ALLMIGHTINESS. This is what has to be developed so that the things that seem difficult to you can be looked at from a *different* perspective so you can then accept them in a *more calmer* manner.

We already conducted a pre-meditation with our medium so that our medium's consciousness is prepared as never before. During the intervals we always direct her consciousness to the surface so that she does not overhear what we are discussing here. We ask you to make a copy of this recording and to make it available to the medium so that she can also hear our transmission. This would also benefit her! She must also realise that she *can subordinate* herself to the divine WILL, well, must subordinate in order to actualise it in her day to day life. This is her aim in life!

We would like to indicate to you once again that this is essential *for all of you*, otherwise you would not be here to *promote* this inner orientation *through meditation*. This orientation towards your divine CORE, from whence you develop trust in yourself, trust in divine GUIDANCE and trust in life in general. *The shift within your evaluations derives* from the development of this new consciousness.

- *Life provides you with the opportunity to develop your consciousness on the one hand and on the other hand to realise that GOD is to be found in everything, therefrom gaining joy once again.*

Look around you and contemplate all the things you could derive *joy* from and all the many thousands of things you could be *grateful* for, because from this gratitude develops even more joy. - Your knowledge about the divinity *within you*, your connection to GOD'S UNIVERSAL POWER and the realisation that you are *constantly* surrounded and permeated by the divine ESSENCE of LOVE, WISDOM and POWER alone *ought to bring joy to your hearts*. Joy and blissfulness ought to melt away the sadness that has built up within you, it left you with a sea of tears that ought to be wept in order to melt away the wall you put up so you wouldn't get hurt.

- *If you live within a divine self-consciousness you are no longer vulnerable. Because GOD is not vulnerable!*

GOD, the divine LOVE, the divine WISDOM, sees everything from a *different* perspective. Enter the consciousness of your ONENESS with the divine ORIGINAL FORCE and *you will also* look upon everything from a *different* perspective, you can become *calm* and *composed* and you can then *let go* of things and *leave them as they are* so that everybody can learn the things they have to learn and this through the problems and challenges *every* human being is faced with during their terrestrial journey.

If you think that some people do live a life *without* lows or highs, you will find that you're dealing with levels of consciousness here of an extremely low nature and you will find that these people have not progressed very far in their soul's development.

- *The further your consciousness progresses, the more external challenges you will encounter.*
- *Once you learn to deal with the rise of these challenges with more and more composure, your inner joy will never abate and you will accept the conditions you live under, the things you're confronted with and you will find pleasure in all the beautiful things around you just the same.*

Do not allow yourself to be dominated by worries or thoughts of disaffirmations, thoughts of judgement, thought of knowing better, thoughts of condemnation or assessment. Do not allow yourselves to be dominated by them, but go and look upon the wondrousness of the divine UNIVERSAL POWER within everything around you.

Realise just how much cause you have *to be grateful for* here in this life. How well things are for you and the advantages your soul's development brings you, namely to live in a country like yours at a time when things *go so well* for you. - That this is so has a lot to do with numerous events from your past lives, even if you don't remember this any more and even though you know nothing of these past lives. *This alone* is reason enough to be grateful! -

When you see how much illness, how much misery there is and how many people *live in total unawareness*, you must be grateful that you possess *a little more* awareness, something you had to diligently work for and something you achieved through suffering a lot of pain and experiencing many difficult situations.

- *The wisdom of old age should gradually take effect within you - and you ought to live your life according to this wisdom, joyfully and by gratefully accepting challenges. But not allow your joy de vivre to be influenced to a degree where joy and gratefulness have no place.*

We found it appropriate to carry out one more full-trance meeting at the end of our get-together in order to show you what is possible and in order to point these things out to

you. Everything has come together admirably. We prepared this meeting with lots of LOVE and joy. If you could only see the enormous pool of ENTITIES of LIGHT assembled here in order to create a PILLAR of LIGHT to the divine SOURCE within you and outside of you, in order to touch your hearts, in order to open your hearts, to expand your consciousness and to lift your consciousness. If you could recognise all of this you would be jubilant and triumphant in your gratefulness and joy - the way we are jubilant about the fact that you were prepared to cooperate with us all these years and the way you were open and ready to accept these messages the way you are today. Messages that were not necessary very palatable to you, but that will help you advance along your journey. As you are prepared to accept all of this, we decided to arrange the final meeting of this circle this way and to bring you the rest at the end of it.

Participant : We thank all of you very much! - I have three questions in regards to your explanations. May I ask them now?

SATURIUS: Please do!

Participant : 1.) How can one distinguish between good and evil if one should not assess and condemn things? - 2.) How should we deal with people we did not choose to be with and who attack and insult us personally? - 3.) Have all human beings the right to choose their friends and to withdraw from people who insult them and who talk behind their backs? If everything were covered by the mantle of tolerance, there would no longer be a reason to defend oneself.

SATURIUS: Dear friend, dear friends, we would like to give you, all of you, some additional information in order to compliment our messages. Your questions indicate that you have not quite grasped some of the coherences. A number of the things would become more apparent, if you would contemplate these messages more intensively.

To answer your first question: In regards to appraising, assessing and condemning, it is *not a* case of distinguishing between GOOD and EVIL, but about *people* who do either “good” or “evil” in your opinion. Christendom has 10 commandments and Buddhism has 5 rules one is advised to abide by. If these are not abided by, that is to say, if “evil” deeds are done, repercussions will follow either in this life or in another life. - If “good” deeds are done, that is to say, if the rules are abided by, the appropriate repercussions also follow. You call this “karma” and it equates to the COSMIC LAW of resonance: *Whatever you instigate always comes back to you*. One also calls this the LAW of REFLECTION, that is to say, you see the *mirror image* of what has *emanated from within you*, from what is *inside of you*, even if you cannot recognise this. It is what we called your “*shady side*” in a previous message.

This is also the answer to the third question you wrote down. Everybody can naturally select their own friends, people on the same “wavelength” as you, people who *enrich* your life and people who make your life *complete*. But when differences arise, *both sides* are always to blame! - If you feel offended, through disagreements for instance, it is first and foremost a case where *you also project rejection*, that is to say, *where*

judgement or condemnation is present. Secondly, scathing utterances are often expressed when they spring from an emotional and not from an objective platform.

- *When you reject someone from within yourself, the person concerned feels this whether you want them to or not. When the other person emotionally reacts to your rejection, it affects your emotions and you then call this an affront and you feel mortified.*

You can of course react by retreating, but this means that you will have learned nothing from the situation.

You should look for *the cause* of your inner rejection *within yourself* and *not* in the reaction of the other. You will then recognise your “shady side”, that is to say, *the cause* for your earlier evaluation, judgment and condemnation. You will then have made a huge step forward and you will be able to forgive the other and return to the previous, regular relationship without having parted company, you will then have made peace with the other person and with yourself.

JESUS said: “Love thy enemy”. This had two reasons: All creatures are *interconnected with one another* through their INNER ESSENCE on the one hand, that divine SELF we have dealt with in our messages. On the other hand, *our so-called “enemies” always manage to make us aware of our “shady side” we then have to deal with;* we have also dealt with this extensively.

- *You should not tolerate “evil”, but you should stand by you points of view and your insights. - “Evil” can be measured with the 7 main commandments and the 7 requests or the 10 commandments of the Christian Church.*
- *Everyone is befallen by the things he or she triggered within the divine legalities. You can be assured of that!*
- *Every human being acts from within their developed or undeveloped consciousness and must then deal with the consequences. You cannot recognise this - maybe sometimes, but you cannot assess this.*

You are confronted by a lot of things that can and ought to make you learn and grow. Even if you think that you were not in a position to select certain people around you. They were sent to enter your life *to serve your process of maturity*. If you look at those people in your life from this point of view, you will have advanced a considerable amount on your way of leaving your habit of judging and condemning behind you.

- *If you try to avoid everything that is unpleasant to you, you would hinder and prevent your maturation process. Apart from that, this is impossible for you to do anyway, because life would then send you other challenges and you would act against your soul’s will who had something else in mind for its spiritual growth. - We have also dealt with this before.*

We would like to advise you to deal with the development of your *own* consciousness instead of that of other people, otherwise you will progress very slowly - you and your soul actually want the complete opposite. You are *responsible* for *yourself* and for *your* own progress. Cease the opportunity and do not wriggle out of it. - We have also mentioned this before.

We would also like to advise all of you to *internally* absorb the things you have learned today, *to contemplate* them and *to integrate* them into your life, *to open* your hearts, *to elevate* your consciousness, not judge and condemn things, be they within your circle of friends, within the family structure, your own or your extended family; the things that go on there will make you shake your head at times. It is not your place to judge them. You are *not* the divine AUTHORITY and JUSTICE!

- *The perfect divine LAWS will present every human being with exactly the things he or she needs for their respective development. -*
- *You cannot assess the level of maturity of other people's consciousness.*

We see in you your divine CORE, the great divine LOVE that has manifested itself in every human being and that now has to be developed, developed through *empathy, compassion and the revocation of condemnations*. This LOVE awaits its expression in everyone! - Regard *every* human being from the vantage point of these aspects, namely that the divine POWER is also present *within all of them* and that *every* human being experiences *exactly the right situations* in regards to their level of development, be it something difficult or something good. It is not within your knowledge to assess *this*!

Grow into wisdom! - It is the most important thing!

Think, speak and act from within that wisdom!

This is the task for the *second* phase of your life.

We thank you for accepting our directives. - We thank you for being allowed to be speaking so openly to you. - We do so from the great LOVE within us, because we are here *to help you progress* and to *elevate* you and your consciousness so that the ONENESS can arise *within you*, the ONENESS of knowledge, so that you - even though you live within a world marked by duality - are at ONE with the divine ORIGINAL POWER, at ONE with this LOVE and WISDOM that may guide you every day.

We are not just next to you, we are *with you, within you* and we *permeate through you* with our LOVE. You must *open up* your hearts *to this* and you will feel it. We *cannot penetrate* through *sadness*, through *negative feelings*, through *protective walls* against fear, injuries or pain. You must *be prepared* to open yourselves up to this and the best opening leads through *gratefulness and joy*, which in turn leads back to gratefulness.

We would now like to bid you good-bye. We were able to utilise the ENERGY of this medium for a sufficiently long enough period of time, an ENERGY you also contributed to. It is due to the her great LOVE of LIFE, her LOVE for you and for other people that makes her so willing to open up when we would like her to do so.

We say good-bye to you in the name of this great LOVE. Be assured that we will always be with you, that we LOVE you -, more than you will ever be able to experience and come to know within your terrestrial love for one another. - Grow into *what you really are*, into a “child of GOD”, into an *expression* of GOD. The word “child” seems to belittle you. Not really, because you are an aspect of the divine ORIGINAL POWER, the POWER of CREATION, the POWER of LOVE, WISDOM and of the I AM.

We hope to have served you well with our last expositions and we greet you with LOVE!

SATURIUS.

Acknowledgments and good-byes. As always, a short meditation followed to close the chakras.

The *Psychic Work Circle* hereby bids all its faithful readers good-bye:

May PEACE reside in every heart.

May LOVE emanate from every soul.

May FORGIVENESS rule every mind.

May UNDERSTANDING be the connecting tie.

Words from WHITE EAGLE:

A limited mind finds it difficult to grasp the UNLIMITED. The deeds of the great healer, *JESUS of Nazareth*, is neither limited through time, space nor one’s affiliation to a particular race. The moment you call him, he runs to help you, no matter who you are or where you are. He is immediately at your side in spirit. He embraces you and holds you close to his heart. We are talking about an eternally valid, mystical wisdom.

Do not think that you are unimportant and that you cannot make a difference. *It is wrong to think like that*, because *your* contribution might just be the thing that tips the scales. You should neither think

how little you can do, nor should you say that: "Others can do this better than I can". You may not flag in your commitment to think *positive*, to emit the LIGHT of LOVE and benevolence, and you should utilise every opportunity to support the MASTER'S work. Ban all thoughts of impotence. GOD is with you and you are a part of HIM. You, your spirit, is the son or the daughter of the living GOD, of a power, a divine intelligence, of a merciful heart. You live within the infiniteness of creation. Expand your consciousness beyond your body and beyond the physical plane.

Your critical and cunning mind traps you within its boundaries and threatens to subjugate you within the darkness of materialism. But the SON of GOD, the CHRIST, the SPIRIT residing in your HEART CENTRE, has the power to release you from the limitations of matter and to guide you into the LIGHT. Concentrate on the radiant LIGHT of CHRIST'S LOVE and fear nothing, because this LIGHT is like a SHIELD made of silver and it is your soul's protection. The wise does not argue. He remains silent and quietly goes his way, always endeavouring to follow in the MASTER'S footsteps.

You are here on Earth in order to achieve a conscious amalgamation with GOD. Learn to think, to live and to act in the wonderful presence of GOD. Your lower self, something that represents such a great burden to you, fetters you to the Earth, but your HIGHER SELF, your radiant EGO, is at ONE with infinite, eternal life. Look up to the WORLD of LIGHT, the source of your energy, your comfort and your health. Oh, if you could only see the radiant faces of your OLDER SIBLINGS, you would realise why there is no need to be fearful, because they talk to your heart, telling you that you will also be safely guided through the most difficult of tests.

Give everything you've got. But to give everything does not necessarily mean to give away all your money. Give all the LOVE and LIGHT you carry inside of you. The solution to difficulties at home within the family or with problems in regards to those around you is as follows: *Give, give, give the simple, pure and divine LIGHT of your heart* - this is so simple and so difficult at the same time. If you follow the path of the MASTER, if you abide by the LAWS of LOVE, *you cannot fail*. The world will try with all its deviousness to divert you from your path. But there are no excuses for a brother of the LIGHT, because he ought to love the LORD, his GOD and all his fellow human beings and all other creatures with all his heart and all his soul.

Pay less attention to the body and *more attention to the spirit!* Constantly live within the consciousness of the spirit and in the presence of the angels who want to help you. If you believe in them and if you live in complete awareness of their presence, you will be astonished how much help you receive in all facets of your life. They will not relieve you of your responsibilities, but if you give your best, they will help you. Accept the blessings and the help from the heavenly worlds. - You may think that you are unimportant, unobserved and *far removed* from these angelic beings, but these eminent BEINGS, so lovingly, so affectionately and so caring in the work they do for the CREATOR, *guard over mankind*. You, as an individual, are known to them, you are loved by them and shepherd by them. Move forward with confidence and fully aware that the LIGHT of CHRIST envelops you.

If you experience gloominess or if you feel that darkness approaches you - do not forget to look up to the radiant LIGHT of the SPIRIT WORLD and imagine how its immortal POWER enters your heart.

All human beings are at one with GOD. The world of the spirit permeates the world of matter and only the human mind separates both worlds. Live in order to serve your brother and do not miss any

opportunity to love him. Always direct your attention towards goodness and avoid all thoughts of destruction.

A historically important letter²

As a report to *Caesar Tiberius* from *Pontius Pilate*, the former Roman Governor of Judea, this letter is considered a document of significant curatorial status. It was written around 32 AD. The original letter is kept in the *Vatican's Library* in Rome. Copies can be scrutinised at the *Congressional Library* in Washington D. C.

“Dear Caesar Tiberius:

A young man appeared in Galilee preaching with humble unction, a new law in the Name of the God that had sent Him.

At first I was apprehensive that His design was to stir up the people against the Romans, but my fears were soon dispelled. *Jesus of Nazareth* spoke rather as a friend of the Romans than of the Jews.

One day, I observed in the midst of a group of people a young man who was leaning against a tree, calmly addressing the multitude. I was told that his name was *Jesus*. This I could easily have suspected, so great was the difference between Him and those who were listening to Him. His golden coloured hair and His beard gave to His appearance a celestial aspect. He appeared to be about thirty years of age. Never have I seen a sweeter or more serene countenance. What a contrast between Him and His hearers with their black beards and tawny complexions.

Unwilling to interrupt Him by my presence, I continued my walk but signified to my secretary to join the group and listen. Later, my secretary reported that never had he read in the words of all the philosophers, anything that compared to the teachings of Jesus. He told me that Jesus was neither seditious nor rebellious, so we extended to Him our protection.

He was at liberty to act, to speak, to assemble, and to address the people. This unlimited freedom provoked the Jews - not the poor, but the rich and powerful.

Later, I wrote to Jesus requesting an interview with Him at the Praetorium.

He came. When the Nazarene made His appearance I was having a morning walk and as I faced Him my feet seemed fastened with an iron band to the marble pavement and I trembled in every limb, as a guilty culprit, though He was calm. For some time I stood admiring this extraordinary Man. There was nothing in Him that was repelling nor in His character, yet I felt awed in His presence. I told Him that there was a magnetic simplicity about Him and His personality that elevated Him far above the philosophers and teachers

of His day. All in all He made a deep impression upon me and everyone because of His kindness, simplicity, humility and love.

Now, Noble Sovereign, these are the facts concerning *Jesus of Nazareth* and I have taken the time to write you in detail concerning these matters. I say that such a man who could convert water into wine, change death into life, disease into health, calm the stormy seas, is not guilty of any criminal offence and as others have said, we must agree truly this is the Son of God!

Your most obedient servant,

PONTIUS PILATE”

A document about Jesus Christ

Shortly before the outbreak of World War II, a document was discovered in the library of the Catholic Order, the Lazarists, in Switzerland, that possesses great religious-historical value. We are dealing with a letter *Publius Lentulus*³, the predecessor of *Pontius Pilate*, wrote to Caesar in Rome, in his capacity as governor of Judea. This letter mentions *Jesus Christ* and it was written in Latin and its translation goes as follows:

“The governor of Judea, Publius Lentulus, to the Roman Emperor Caesar!

It has come to my attention and I feel that you should be informed, oh Caesar, about a virtuous man called Jesus Christ, whom the public consider to be a prophet, a son of God and who’s disciples maintain that he is the son of God, the creator of Heaven and Earth.

Indeed dear Caesar, one hears some wonderful things about this man every day. He is a man of medium height, has a venerable aspect, bears himself with majestic dignity something that is expressed in his noble facial features so when one beholds him, one instinctively gets the feeling that one should love him and fear him at the same time. His hair, down to his ears, is the colour of ripe hazelnuts and from there, down to his shoulders, a shining light coloured blond, his hair is parted in the middle according to the customs of the Nazarenes. The beard is curly and of the same colour as the hair on his head and without actually being long, it is parted in the middle. His gaze is austere and possesses the strength of a ray of sunshine. Nobody can withstand his gaze. His hands are beautiful and his arms likewise. Everybody finds his conversation pleasant and appealing. He is not often seen in public, but when he does appear somewhere, he acts very unassuming. He bears himself very nobly. He is beautiful.

³ According to the Catholic dictionary, Lentulus, PUBLIUS, is a fictitious person, said to have been Governor of Judea before Pontius Pilate, and to have written the following letter to the Roman Senate:

Even though he never studied, he is well acquainted with all the sciences; he walks barefoot and without head covering. Many laugh when they see him from a distance, but once they're near him, they tremble and admire him at the same time. It is said that this region here has never seen such a man. The people maintain that they have never attended lessons like his before. Many say that he is God; other maintain that he is your enemy, oh Caesar. This devious nation harasses him any way it can. It is said that he never made anyone unhappy, that he is more inclined to satisfy everyone's expectations.

Oh Caesar, I am prepared to carry out any order you care to give me in regards to this person.

Jerusalem, indict 7, in the 11th month.

Publius Lentulus

Governor of Judea”⁴

⁴ My own translation from German. I found numerous translations on the Internet, all of them varied significantly from one another.
