The answers to these questions were transmitted by TEACHERS from the SPHERES of LIGHT. Paranormal voices appearing within the protocol were captured on tape and are marked with T.B: (Tonband). Any words that are underlined are authentic with the original transmission. This working circle grew out of a meditation group and commenced its psychic activities on October 25th 1995.

Introductory words:

GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS! We are welcoming all present from the OTHER WORLD very cordially. "Where two or three are assembled in my NAME there I will be right in the middle of them," these CHRISTIAN WORDS shall guide all our meetings. We will do this work in HIS NAME so that it will serve everybody. Only HE is able to send authorized TEACHERS so that we can receive the TRUTH. We ask CHRIST to bless all present here with HIS spiritual PROTECTION so that we won't be a plaything in the hands of GOD'S antagonist. We know that we have to make the greatest contribution ourselves. – Our aim is to grow through spiritual TEACHING, then to be able to distribute the TRUTH there, where it can fall on fertile ground. We are asking for GUIDANCE so that our mission on Earth will be justified. We cannot reach this destination under our own steam, without spiritual HELP. We thank all HELPERS from the OTHER WORLD who support us in this. In this sense we are hoping for a blessed and enlightening evening.

Welcoming all present and the start of the questions.

Question : During the last 20 years there was and often is talk about *little grey men* with black eyes that *abduct* people in order to carry our painful medical experiments on them. Their methods cause fear and terror in the hearts of those affected. We *cannot* see a divine ASPECT in this. On the contrary - our painstaking work of elucidation is made *more difficult* through this. How do you in the spiritual realm see this problem?

Answer : GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS!
We would like to thank you to begin with for the fact that we are allowed to be here with you at this location as your guests. As a TEAM, we are looking forward to the questions that are about to be asked in order to help you along your spiritual path.

Yes, these abductions *are real*. These beings are not beings that act within a divine ASSIGNMENT. They are *not* sent by GOD, but belong to a different power. *We know* that their actions trigger fears and terrors within you. We can only have a limited affect on this, the way we can *may not* or *can not always* interfere here on Earth.

Question : This was a different story in the fifties and sixties. Contacts of a different nature took place then. There were reports of humanoid beings who called themselves SANTINER, who looked like terrestrial human beings and who brought high grade messages to Earth. But it was mentioned that the Earth was *protected* from negative extraterrestrials by the SANTINER.

Answer : You and many people who have undertaken this journey are aware of the existence of the SANTINER.

- *The SANTINER are MESSENGERS sent by GOD.*

That the existence of negative entities becomes more and more apparent *now* has something to do with people's *negative thought processes*. Remember the saying:

- *Negative attracts negative!*

The last few years have served the purpose of *emphasising* shady sides. The duality here on Earth was also *promoted*. These VIBRATIONS release ENERGIES and WAVES and this is the reason for the proliferated operation of these creatures. We are still at a stage where we try to awaken GOD'S SPARK, LOVE and the LIGHT within people in order to *deny* these powers room.

Objection : We are aware that a lot of positive ENTITIES influence the Earth in order to bring the divine SPARK within people to shine...

Answer : Yes, this is our ASSIGNMENT.

Objection : ... and we therefore expect more *discernible* actions from the SANTINER. If these actions were on a more *massive* scale, many people would listen to the transmitted indoctrinations from the SANTINER *more attentively* and they would ask a lot of questions. Apart from that, our position would also be *fortified*. Do you see this the way I do?

Answer : This argumentation is correct, but it is unfortunately *too early* for this. Many souls *would not know what to do with this* or to express this a little better: We - in this case the SANTINER - would *trigger* a lot of anxiety.

- *As the situation is now, this action would be premature, but it will come!*

Many souls are on the right track and they are prepared to allow the divine SPARK to shine. But this takes time and patience.

Question : Why the SANTINER behave *so reserved* is enigmatical. This has led to a situation here on Earth where they are not taken serious enough. The negatively acting extraterrestrials on the other hand are *very active* with their abductions and they make headlines. Isn't there a danger that the SANTINER lose ground because of their reservedness?

Answer : *No, their time will come!* - People who live openly and in a divine SENSE *do have* contact. Either through *sightings*, through *dreams* or through their *astral journeys*. If you were aware of everything, you would be astonished about the number of times you had contact with your FRIENDS, the SANTINER, and how often you were instructed by them and had conversations with them!

Question : We have a written enquiry here by a reader from Ronneburg. At the end of his letter he writes: "... In connection with our anticipated removal from planet Earth I salute you very cordially..." It is quite obvious that a lot of people hope for enrapture, respectively an evacuation from planet Earth by the SANTINER. I am not all too sure whether preparations in regards to this *really* exist. Isn't it more of a case where people have to lie in the bed they have made for themselves?

Answer : Remember the LAW: *What you have sown, you will reap!* Man here on Earth has it within its powers to decide whether the world and their faith, their inner attitude, will change. Only *you, as human beings* here on Earth, can fight the negative through your consciousness and by *changing* your thoughts... (Break in communication.)

Whether the VIBRATIONS here on Earth will alter into something positive or not is still in the balance. You, as a great brotherhood, have the assignment of elucidation and of bringing about change and by distributing your brochures, you make your own contribution. Only *you, the people* here on Earth, can *change*.

- The SANTINER are prepared *to ASSIST* you and to make you CONSCIOUSLY AWARE, in order to HELP to *compliment* the true FAITH.

You know that there is *more* to Heaven and Earth than meets the eye, otherwise you would not be sitting here as a group. Be prepared and open to find out *more* so that you can *further* expand your consciousness. - But *not all* souls can undertake this step. Others need *different* means, think of ufology and tape-recording research. The SANTINER have come to you as MESSENGERS and they are here to indoctrinate you. What will eventually develop from this is presently not foreseeable.

Question : The question is how much longer will planet Earth tolerate the rape of its environment? Many fields are over-fertilised or poisoned altogether. Many newborn babies suffer from

allergies or contract cancer at an early age. What sense is there in an earthly incarnation if the necessary basics for a life on Earth are no longer available?

Answer : You are correct, the Earth can only put up with a *certain amount* of destruction. What is correct is that *you do* this as souls, as human beings, either consciously or subconsciously. But do not disregard the other side of the coin: How many people are prepared to apply themselves on behalf of the Earth, how many are prepared to sacrifice time and money on behalf of the Earth. Should these endeavours *not* be acknowledged? - How many plants have returned TO THIS PLANET with their NATURE SPIRITS, how many rivers have been cleansed and brought back to life with the help of creatures...?

- Do *not only* see the negative, it clouds your perception of the overall picture! You can only grow through *assignments*!

You, as human beings, stand at the *apex* of your decision to either consciously grow or destroy life in everything: Animals, plants even *your own* life! - As a unit, you have your *free will*, apply it in a more *positive* sense and things will change for the better. Do remember: As members of this work circle, you have the opportunity to look beyond the end of your noses! If the day should come, it will come. Do not stress your soul and your mind.

Question : Through our mass media we hear almost exclusively *negative* things. Nobody has the complete overview to separate the truth from untruth. We read about broken oil pipelines in the Russian Taiga nobody cares about, about the Brazilian rainforests that are deforested, a second or third Chernobyl is on the cards... What else must take place before GOD will say: "Enough is enough"? - HIS PATIENCE is admirable!

Answer : It is not the CREATOR who carries out the destruction, but *you!* - Man sometimes needs a longer period of the CREATOR'S PATIENCE in order to *see the error* of his ways and to recognise that Mother Nature strikes back. This is also one of Mother Nature's LAWS! Think of all the earthquakes triggered by *nuclear tests* alone.

Only you, living here and now on the lease GOD granted you, namely "Earth", have the opportunity to make changes. This is a task for the souls that are *now* born and that are already on this planet. *You* judge yourselves, *not* the CREATOR! - HE gave you the option of an incarnation here on this planet. Most of you *wanted* to come to this planet. Therefore treat this lease arrangement with *dignity*. The CREATOR will ask *every one of you* to give back the lease HE granted you!

Objection : We are grateful that we may look beyond our noses. But the destruction of the environment around us has unfortunately a grave mental effect on every one of us. Having to observe all of this is difficult.

Answer : The negative can only be *confronted* through *positive* thought processes.

Question : If further nuclear disasters take place, the planet will surely be exposed to extreme radioactivity. Would an earthly incarnation then still make sense?

Answer : *No* further incarnations will then take place on this planet.

Question : Are there any SANTINER living on Earth at this point in time?

Answer : Yes, a lot and anticipating your next thought, they're represented in many governments.

Question : Is the so-called "evacuation" still on the cards?

Answer : A number of *other* mediums deal with this evacuation. The end of times *will come*, when, where and how is presently unfathomable for you, because time is an illusion. If we would give you a date, the guarantee that it would eventuate on that date is not given. This does *not* mean that the transmissions you receive in regards to the end times are incorrect and that it will *not* take place. Only the point in time, the way you envisage it with day, month and year, is presently *not* predictable. You receive indicators through mediums who are *inspirationally* connected with ASHTAR SHERAN'S flotilla.

- *It would be a sad state of affairs if one would lose one's faith and one's positive manner of thoughts due to these transmissions. This is of particular importance in this day and age!*

What is offered by the SANTINER is a CONTINGENCY PLAN for something that *might* eventuate. This doesn't mean that it *must* take place. A lot of things are changeable and subject to the vicissitudes of time.

Question : In regards to UFOS, a lot of facts are distorted by the mass media. How can we relate to people that UFOS *actually* exist, if hardly any appear in the skies over Germany to give our words *emphasis*? We need backing!

Answer : Dear friends, you will make contact with people to affect an interchange that is predestined, especially when the evacuation is *imminent*. If this should come to pass, the SANTINER will do what is necessary.

Question : With the help of radio telescopes, scientists scan the heavens in search of radio signals from extraterrestrial life forms. Why do the SANTINER not furnish these radio signals en masse and worldwide, so that even ham radio operators could receive these signals? The speculation of whether intelligent life exists out there in the universe would be dealt with once and for all. One could no longer hide the facts.

Answer : It would be as if you would switch your radio on to hear a native in the jungle beat his drums. You would not be able to make a connection. Making contact is difficult, because the technical means *do not suffice*.

Objection : This is incomprehensible to me. Any fool on Earth can build a radio transmitter. It really should not cause any problems to the SANTINER to build a transmitter whose signals can be picked up down here.

Answer : The transmitter does exist and it is called *telepathy*.

Objection : But *not everybody* can receive telepathic messages, at least not consciously.

Answer : But this is the *first step* in regard to *opening* one's soul and in regards to the new consciousness of the age.

Question : This is apparently *not* to be accomplished with the help of technology?

Answer : This would be much too simple.

Question : A different question in regards to this: Is there life *inside* planet Earth?

Answer : We can tell you here and now that IMPULSES of VIBRATION are present *within the Earth* that possess a lot of ENERGY and also POWER in order to maintain the Earth's equilibrium. The civilisations that entertain contact with you here on Earth are *not* from inside the Earth, but from *other* planets.

Question : Is it possible to look into the Earth's future?

Answer : The Earth's future is with us, you would say: On a daily, hourly, minutely and secondly basis. We observe the present day and we *see the effects* this day has on the future. Every day has a *different* VIBRATION and a *different* effect on the future. Just like your seasons, it is *alterable*.

- As your spiritual BROTHERS and SISTERS, we hope that the things that are on the agenda do *not* eventuate!

Question : I have a few questions in regards to the Earth's future...

Answer : We will *not* answer questions in regards to deadlines!

Question : ...there are those that jeer and say that the world will look exactly the same as it does today in the year 2,000 or even 2,010 and that the announced terrestrial changes, like tectonic quakes and the displacements of the continental plates are *phantasm* banded about by *esoterics*, the same apparently applies to the alleged evacuation by the SANTINER. What can you tell us about this?

Answer : *The changes on Earth have been initiated. With a shift of the Earth's axis and also with climatic changes, you have to expect more severe natural catastrophes - and your life will therefore also change.*

Question : Must we therefore adapt our life to the developments taking place on Earth?

Answer : This is it - and this is exactly what *we* want to try to do through our work here, namely *to change* your consciousness. It isn't a case where you adapt like a chameleon, but a case of trying to confront this in a DIVINE SENSE.

Question : Does it make sense to take precautions and to store supplies?

Answer : Through your personal contact with the SANTINER you trust in what *must* happen, what will happen.

Question : Is there anything you can tell us about the Earth's magnetic field?

Answer : These magnets have shifted and relocated *a number of times*. The Earth's inner FREQUENCY DISTURBANCES *add* an additional, aggregating factor and this leads to an *intensified* level of stress on the outside *and* on the inside. These FREQUENCY DISTURBANCES were triggered by your nuclear tests, whereby you have directed fissures towards the centre of the Earth. The inner structure, the INNER CLOCK, *has suffered some damage*.

Question : What can you tell us in regards to the over-utilization of raw materials?

Answer : This is more within the surface structure. More destructive are your nuclear tests, because every atom possesses an INNER CORE and it sends its FREQUENCIES towards the Earth's *insides* - and this in a destructive manner.

Question : Are we dealing with FREQUENCIES we are not yet able to measure?

Answer : That's how it is, your technology does not yet allow you to do so.

Question : What effects have these polar shifts on Mother Nature and on human beings?

Answer : The whole climate will change and undergo a shift. Floods will take place. There will be *some* displacements of the Earth's surface (landslides). Volcanoes will erupt anew. You can expect a displacement of the Earth's surface in some areas.

Question : Measurements indicate that the Earth's magnetic field has been diminishing for a number of centuries. How high is the probability of a reversal of the Earth's polarity?

Answer : We would like to inform you that this reversal could take place.

Question : Do the SANTINER have the opportunity to interfere?

Answer : The SANTINER will *not* interfere with the domain of *your* consciousness and *your* free will.

Question : Even if mankind destroys the whole planet?

Answer : It wasn't meant like that. The SANTINER are prepared, if it should come to this, to fulfil their assignment here on Earth. The SANTINER - and this is what we meant - are *not here* to interfere with and to change your free will decisions through inspiration. Otherwise they would *obstruct* your path.

Question : How stable is the Earth's axis *at present*?

Answer : At this point in time the Earth's axis is *still* stable. The opportunity to maintain the Earth's stability is there. The SANTINER are presently engaged in *cleansing the atmosphere* and in *renewals*, particularly in regards to plants and minerals.

Question : There exist statements by aircraft captains that report sightings of giant spaceship over the Earth's Polar Regions. What is the meaning of this?

Answer : There are two spaceships are there *to affect a balance* between the two poles. You must look upon this as if a house of a relative solid construction is propped up on the outside in order to make it more stable.

Question : Some scientists insist that there is not going to be a future polar shift, but that the Earth will tilt, to what degree is this statement correct?

Answer : These experts are *no* experts.

- *The catastrophe will start at both poles.*

Question : How great is the danger of a collision with a huge piece of debris from space in the near future, like a planetoid, comet, meteor etc?

Answer : The possibility that meteors might collide with your Earth - at sometime in the future - seems to fascinate the press. *At this point in time*, the earth is *well shielded* by the spaceships of the SANTINER. The SANTINER break them up and de-materialise them.

Question : I was asked the question: "How can we store provisions if we do not know *when* this will take place?" I find this question absolutely justified.

Answer : It isn't quite right. Of what use would it be to you if I tell you that the Earth will be destroyed in 2003? - Live in the *now* and try to align your consciousness with the CREATOR'S in a divine sense, so that the ENERGY of the LIGHT you *emanate* will shine around the world.

Objection : What would happen if you would give us credible times and dates?

Answer : An inner panic would be the result. How could you then guide these souls onto the correct path?

Objection : It isn't absolutely clear how we would react to this ourselves- in spite of all our knowledge.

Answer : This fear is human. Allow it to express itself, because this fear must find its own way so that it doesn't block the *inner* soul.

Question : Can you tell us something in regards to Hermann Ilg's scriptures?

Answer : *You can distribute these scriptures to other readers in good faith. The connection there is a positive one and the work performed has become more intensive.*

Question : The time factor on Earth is supposed to be different from that of the extraterrestrials who visit Earth. Is this correct?

Answer : As the "extraterrestrial" - in inverted commas - possess a *different* body, a *different* life style and a *different* life expectancy, time no longer presents a hindrance to them. Time has been conquered.

Question : Why is so much interest shown in the Earth and its inhabitants?

Answer : For CREATION and for the CREATOR, the Earth represents an *important part* within HIS CREATIVE CHAIN. If these souls would *not* turn towards GOD, the *whole* CREATIVE CHAIN would fall apart.

Question : Are there also other planets that resemble the Earth and its inhabitants what the standard of living, respectively its appearance is concerned or are we "inimitable" in the universe?

Answer : *Duality* exists here on Earth and consequently the DIVINE *and* the antagonist reign side by side.

- *A similar development, as it is featured on this planet does not exist anywhere else in the universe.*

Question : Is this in regards to flora and fauna or in regards to mankind's attitude?

Answer : *In regards to the development of the human soul.* - In reference to flora and fauna, there is a multitude of planets of a similar make-up, because these souls must go somewhere.

Question : Unique in this respect only in regards to the way terrestrial man is intrinsically linked with GOD'S antagonist?

Answer : This is the crux of the matter and *from there* stem the anomalies of this planet. The technological level of development here on Earth *cannot* be compared to that of other planets.

Objection : One sometimes expresses the wish to be able to emigrate to another planet!

Answer : You will begin your journey to *another* planet *after* your earthly existence.

Question : Why is it that the positive SPIRITUAL WORLD often finds it so difficult to give answers to any future development on planet Earth? These questions *intimately* concern man's physical existence and are therefore reasonable questions to ask.

Answer : I suppose we can presume the fear that hides behind this. The fact is that we *may* only give you messages within a certain context, within the parameters we're *entitled* to. Many souls have suffered *many a crisis* during the Earth's past history and they did *not* serve mankind's overall welfare.

Question : Is it true that more advanced INTELLIGENCES from space have manipulated the terrestrial-human genes in order to create the foundations for the existence of the species called homo sapiens?

Answer : We can *negate* this.

Objection : But the bible states that in the distant past, the sons of gods procreated the titans of prehistoric past with terrestrial son and daughters.

Answer : No.

Question : How or from what did the body of homo sapiens develop from?

Answer : *The body of terrestrial man was created through materialisation executed by more eminent BEINGS.*

When the souls received their bodies here on Earth from extraterrestrial BEINGS, it was akin to an evolutionary *leap forward*. In its functionality and its life style, the body was *adapted* to the conditions that prevailed *at that time*. It was a *higher* spiritual form that took up its development here on Earth.

Question : Did this evolutionary incision take place during the time of Neanderthal Man?

Answer : This incision was made *prior* to that.

- It was *not* an act of pairing two bodies to propagate, but a materialisation, initiated by the CREATOR in order to offer these souls a history of development.

Question : Could the CREATOR have carried out these materialisations himself?

Answer : The CREATOR possesses such a high FREQUENCY of VIBRATION that the soul would simply *break apart*. HE wants to see HIS children grow and mature and *not* destroy them.

Question : Cases of hypnotic regressions are reported where the test subject saw himself in the role of an extraterrestrial visitor to this planet in a previous existence. What can you tell us in regards to this phenomenon?

Answer : This statement, demonstrating the regression to a previous existence, does not necessarily *verify* that these souls were extraterrestrials in the past. The fact is that after their demise here on Earth, these souls spend time *outside* of the Earth's sphere of influence for TRAINING PURPOSES and this is why they are able to bring these sorts of remembrances with them.

Question : There were a lot of reports in the papers about the weather phenomenon called "El Nino"¹ recently and it was depicted as a natural occurrence. What can you tell us about it?

Answer : This is *not* a natural occurrence, but one initiated by extraterrestrials.

Objection : I had assumed that this weather phenomenon was directly linked to our nuclear tests and that it was the natural reaction of a sensitive Mother Nature.

Answer : No, these "natural catastrophes" serve the purpose of *enriching the oceans with oxygen*.

Question : Was it just the SANTINER who were involved in promoting evolution here on Earth or were there also *other* visitors in the past, visitors one could describe as "inquisitive astronauts"?

Answer : This planet has been chaperoned by the SANTINER from the distant past to the present day, wherever FREQUENCY DISTURBANCES, initiated *by other* visitors, appeared, they were *not* the cause of a divine ASSIGNMENT!

Question : Is it only the SANTINER who work *exclusively* within a *divine* ASSIGNMENT?

Answer : That's right. - Before we run out of time, TAI SHIIN would like to answer your next questions.

(T. B: DARE TO JUMP!)

Question : Welcome TAI SHIIN.

¹ El Nino is a South Pacific climatic anomaly that recurs every two to seven years. The effects on the weather patterns between South East Asia and the Americas are dramatic. Whilst the underlying causes of this phenomenon are shrouded in mystery, scientist can reasonably accurately say just what causes an El Nino. They talk about an El-Nino-South-Oscillation, which is simply a periodical fluctuation of the atmospheric pressures in the Pacific region.

When the MESSENGER of LIGHT AMENDON was a guest of our circle here, he said that *planet Earth* was the only planet the anti-spirit still has access to. He literally said: “Anywhere else, Lucifer has no chances left.” Can this be correct, because there are also *negative* extraterrestrials?

Answer : GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS!

I salute you! This is TAI SHIIN speaking. I am happy to be able to answer your question through this medium here. - Who tells you that there are extraterrestrial beings that are *negative*?

Participant: The abductions of human beings taking place against the free will of the abductees that are supposed to happen here on Earth are negative.

Answer : These entities are *attracted* by the antagonist, they are *materialised* by the antagonist and they have no place within the divine PLANETARIUM.

Question : We are therefore fed a lot of nonsense and you cop the blame for it?

Answer : That’s right.

- *These creations are manipulations and mirages (materialisations) caused by the antagonist!*

Question : Why do these beings even appear to children?

Answer : Because the souls of children *are open* and this gives these entities *much better* access to these souls.

Objection: I have been of the opinion up to now that *especially* children enjoy very *specific* PROTECTION.

Answer : Children live in INTERMEDIATE REGIONS, especially when they’re asleep. They move between PLANES and they often hover *between* their earthly existence and their spiritual EXISTENCE and to gain access to them in this INTERMEDIATE SPACE *is easy*.

Question : Are these abductions *real* or do they only take place on a mental level of the person so affected? Is it their *physical* body that is actually transported?

Answer : They experience that their shell, their body, is removed from this Earth and later on, in regards to time, they find that there is a period of time that is *missing*. The lack of memory of this period of time is often recovered through hypnosis. These abductions are *against* the WILL of the CREATOR!

Participant: In recapitulating, could one say the following:

1. That there are *no* negative extraterrestrials in GOD'S universe.
2. That everything we experience here; we experience due to our own negativity. Children are unfortunately also tied up in this, because they have to live within this FIELD of mental ENERGY.
3. These so-called abductions by UFOS are staged by GOD'S antagonist.

Answer : This is the antagonist's *black magic*!

Question : If the antagonist can *materialise* negative UFOS and their occupants, the materialisation of some kind of monsters would also have to be possible. If this is the case, could such a being attack a human being?

Answer : This could be possible, theoretically *and also practically*.

Question : Accordingly, all the many horror movies are not that far of the mark?

Answer : *Even worst* can and could eventuate!

Question : Can the human spirit *conjure up* something that does *not* exist anywhere else either physically or non-physical?

Answer : That is *impossible*! All horror stories are based on some kind of TRUTH. This is where the LAW of *cause and effect* applies once again.

Question : No terrestrial screenwriter, director or writer can therefore come up with something that they have not experienced somewhere in some INTERMEDIATE REGIONS of the spiritual realm?

Answer : This is expressed by the soul.

Question : One might call them "fantasies", but are these in reality *reflexions* of experiences that once again come to the surface?

Answer : That's how it is.

Participant: A lot of things that didn't fit together up to now have become quite clear to me this evening. We thank you very cordially for your words and we are looking forward to your next visit.

Answer : We are happy that we can answer these questions for you and we are grateful that this is *possible*. - I bid you goodbye.

GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS!

Your brother from the stars TAI SHIIN.

Participant: I sometimes have certain reservations in regards to *the way* we ask our questions. What can you, *in the spiritual realm*, tell us about this from your point of view?

Answer : These questions arise out of your *present* mental and spiritual development. Whether these questions are of a low or a high standard cannot be assessed. You, yourselves will observe how over the years your questions have become *more complicated* and *more complex* and how their *contents* has also changed. As a circle you must grow, the medium must grow and as a TEAM, we must progress with you within the same LEVELS of VIBRATION.

Question : If you must *adapt to us*, what will make this circle progress?

Answer : *You* are the pacemakers and *you* set the tempo and the time.

Question : Could you theoretically “push” us?

Answer : You would then *not be able to deal* with the answers!

Question : Are all the things that are supposed to eventuate *predestined*?

Answer : To some degree yes and to some degree no. *Various* ways and effects converge. *Not everything* is predictable and determinable, like for instance a time frame. A lot of things are changeable through a *positive* attitude to life and to LOVE.

We would like to bring this to a close. - We, as a TEAM, wish you a wonderful time and we would like to ask you to contemplate the theme “*Faith and trust*” and also what you *would like to achieve* in regards to your soul’s development. You will not be in a position to cross borders without your own trust in yourself. You alone, every individual one of you, is able do this by yourself. Be assured, you do have the opportunity to break through these boundaries! The theme of “*Faith and trust*” is an important element in regards to your next step. Remember this and observe your own deeds! In a divine SENSE we wish you harmony and understanding for one another and for others also for the future and that you learn to LOVE yourselves.

- *You can only express your divine LOVE to others if you love yourself.*

With this in mind, the TEAM bids you goodbye and wishes you a blessed time.

GREETINGS IN THE NAME OF GOD AND

PEACE ACROSS ALL FRONTIERS!

EMANUEL
