Protocol of an extra-terrestrial report of the year 1959

Title: **Veritas Vincit**

Contactees : Medialer Friedenskreis Berlin  
 Mediums : Uwe Speer and Monika-Manuela Speer  
 SANTINER : ASHTAR SHERAN, TAI SHIN, SETUN SHENAR

These published words of INTER-PLANATARIANS were received by the Medialen Friedenskreis Berlin, a Christian/Spiritual community, during many public séances. We deal here manly with *fully automatic handwritten messages*, which were subconsciously recorded by mediums with years of experience. These mediumistic messages are complete and were left in their original quality. The work of the two mediums began when they were 15 and respectively 17 years old. The total production is considered the absolute pinnacle of psycho-scientific exploration. Other spiritual circles have tried to copy their work, but its quality was never achieved. The distribution of these recently re-catalogued messages and protocols is *explicitly encouraged* and is not covered by any copyright.

---

## Preface of the editor

A few years ago in October, the 38th International Congress of Astronauts took place in Brighton, England. The topic was: What do we do, if there is life on another planet? - The scientists wrestled with the fundamental question of how such a tremendous discovery would have to be announced, without alarming the public or cause *instability within the government*. NASA's administration official James C. Fletcher explained: "The discovery of extra-terrestrial life would overshadow any of mankind's past discoveries. Nobody can say with certainty, how the people on Earth would accept this news." - Robert Pinotti, an Italian sociologist said: "The news of extra-terrestrial intelligence could have *devastating* consequences. It would influence every human activity. Contact with superior entities would be *devastating*, as the people on Earth would suddenly realise that they are *inferior*". - Others warned that the discovery of extra-terrestrial life would create panic amongst many of Earth's inhabitants and even the super-powers could eventually feel *inferior* to the newly discovered society and they could be exposed to the dangers of internal *instability*.

These statements hide fear, brought about by centuries of false indoctrination of the human spirit by the Church and by politics. How much the community is manipulated in its opinion, shows amongst others things, the still secret, third prophecy of Fatima from the year 1917: Cardinal Joseph Ratzinger, responsible for Church doctrine, put an end to any speculation, which surfaced about an "imminent disclosure of the secret: "The third secret *remains* a secret!" he announced. It is said that the pope *turned pale with horror*, when he read the written "third message" from Sister Lucia. He encouraged her to keep this "profound secret" to herself; it must be of fateful significance. According to rumours, a "global calamity" was supposed to be heralded. - The first two verifiable prophecies have already reached the world at large. They referred to the WW1, respectively to the dramatic circumstances leading to the outbreak of WW2. It is time that people reflect on the TRUE

VALUES of the world and life. The third secret of Fatima might disclose the originators as belonging to an extra-terrestrial civilisation. If there are people outside our known world, then such a TRUTH contravenes Church doctrine about our uniqueness. Is this the reason behind the silence from Rome?

Bad Salzuflen, May 2000

## **Preface by ASHTAR SHERAN**

PEACE ACROSS ALL FRONTIERS! - Amen.

One of your great poets who lived amongst your forebears once said:

“I hear the message, but I lack in faith.”

We have directed many MESSAGES at you - and I have spoken many admonishing words to you. But had to relay all these MESSAGES through my intermediaries; I hear from everywhere these words from a great thinker: “But I lack in faith.”

So I say to you once more:

*These MESSAGES convey the seriousness of the hour. They are as true as the whole universe is true!*

I initiate the *second part* of our great MISSION with the following solemn words, which state:

### VERITAS VINCIT

May those amongst you that have enough common sense to differentiate between the liars and the prophets, believe in it.

We are from a different solar system and have observed and helped you *for thousands of years*. We have tried very hard to develop a technology, to be able to convey to you the GREAT LAW.

The LAW fell into oblivion or it was *misinterpreted*.

We bring it to you again today by the ORDER of the CREATOR, hoping that *this time around*, you will *better* understand it.

In cherished brotherhood, your

Ashtar Sheran

## **Word of explanation**

PEACE ACROSS ALL FRONTIERS! - Amen

May these lines help you, dear brothers and sisters of this beautiful Earth, to guide you along the correct path to the

TRUTH - along the path the GREAT CREATOR in HIS eternal LOVE has decided for all of us. May your eyes finally open to see that, which you have always tried to avoid.

In the faithful service of my CREATOR and in cherished brotherhood.

Your Tai Shiin<sup>1</sup>

GREETINGS TO GOD!

### **One tells the other...**

The first part of our GREAT MISSION is mainly concerned *in proving* our presence in the firmament. We haven't just caught the attention of peaceful citizen, but made your systems of government nervous. It took quite a long time for you to take us serious. It is our firm resolve, to be taken *very seriously* by you, as we take the overall situation on your planet *very, very serious indeed*.

You have taken our MESSAGES even less serious, whether we have talked to some of you in *direct*, face to face contact or whether we used the spiritual MODE, which is the equal to your radio or television conversations. In other words, we like to *telephone* you via the *spiritual* COSMOS. This mode of conversation goes beyond telepathy - and apart from that, we have the astral, respectively the cosmic option of writing through your psychically gifted sensitives, which you simply call mediums. Whether a transmission is through a wire or a spiritual WAVE is really not important. The main thing is really, that we can *actually converse* with each other and tell you in your own language, what is of very great importance to you.

Journalists, who thought they were very clever, feigned astonishment and proclaimed to the world:

“Why do these INTERPLANETARY BEINGS not approach our world leaders and sit around a conference table with them? Instead, they seek out Smith and Jones.”

We don't like to be dictated to and prefer to select the people we can trust, ourselves. But exactly these world leaders are in our eyes the “Smith's and Jones's” of this world, which we *don't want* to visit, because they don't exactly carry the BADGE of LOVE and righteous FAITH on their forehead.

- *What is important is that we have our ambassadors, who spread our warnings.*

You should be happy that we are here and that we endeavour to protect you from the biggest calamity that can happen to the entire humanity of a planet. We work with the motto: One will tell the other, then when your government has something to tell you, their message is always *manipulated*.

This world is a place of *lies, malice and distortion*.

---

<sup>1</sup> First “technical officer” of ACTION METHARIA (Alpha Centauri)

Nobody can trust or believe their neighbour. This is why you apply this mistrust when dealing *with us and our envoys*. Apart from the fact that there are people amongst you, who *sensationalise* the transcendental, that is to say, the cosmic TRUTH and practise every kind of abuse and deceit with it.

All these characteristics of humankind on Earth were not unknown to us. This is why it could not disappoint us. Nothing has changed for many thousands of years, on the contrary - right up to today, it got *even worse*.

*You love* turmoil, terror and murder.

*You love* sensationalism, weirdness and violence.

Therefore, we are much too tame for you. You would prefer to fight us rancorously - even if it would cost you the whole world. You cannot live without excitement and talk about peace like washerwomen.

Before we land on this beautiful planet Earth, *desecrated* by you through rivers of blood and tears, we will bring you the TRUTH. No matter how long we have to wait, the TRUTH *will triumph*. But now is the time.

This TRUTH will also have a hard time - nevertheless it will carry the day according to our principals:

*One will tell the other.*

You should *also* act according to this method, respectively this procedure.

*You have the opportunity of distribution!*

### **The doubt about miracles**

Dear brothers and sisters of this beautiful Earth!

We know that you have many holy scriptures that report about all kinds of miracles, which cause all sorts of headaches for you even today - and if you can't find a logical solution for them, you simply dismiss them or ridicule the *whole* contents frivolously. You make it very easy for yourself, if your reasoning is not sound.

- *You use the word “ superstition ” with great levity.*

Before I talk to you about our ASSIGNMENT, our divine MISSION and about the GREAT LAW of interplanetary space, I will first *convince* you about the TRUTH, otherwise, none of my words would find understanding with you.

- *The biggest mistake lies therein, that you place the knowledge of your philosophers above the KNOWLEDGE of GOD. You lack the connection to the INTELLIGENCE of the divine universe.*

Dear brothers and sisters on this planet, I have to emphasise that from a spiritual point of view, you have *neglected* your life. You are *too one-sided* in your observations, in your criticism and your views. You know *very little* about the great and wonderful functions of life, the guidance of one's existence.

I use *your words and phrases* and strive to utilise your imagination and terms to fill the gaps in your knowledge. It is very hard for me as I have to change down to a lower gear so that you can understand me - yet still so much remains that I would like to tell you, alas it is not my faith that is lacking, but the right words.

Every doubt springs from uncertainty and ignorance.

Therefore, scientists always doubt the things they have no knowledge of.

The engineer of this world states quite often: "This is technically impossible."

*But we inter-planetarians have known for a long time, that there is no impossibility.*

There is a *I don't know*, a *I can't do this*, a *I don't want to* and a *working against it*. But there is *no impossible* in the whole of the already explored universe! Where man's ability fails him, the HELP of the cosmic INTELLIGENCE is always available.

- *But if you don't want to deal with this INTELLIGENCE and deny it, if you reject it by force and ridicule it, how can it help you?*

You have given the UNIVERSAL SPIRIT a name: You call him GOD. There is no further notion for you, which could trigger a HIGHER CONCEPT. It is the end of the line as far as *your* perceptivity is concerned, - but not for us!

*We know* that everything is continual development, which will never come to a standstill or an end and that the UNIVERSAL SPIRIT *unimaginably magnifies itself every second*, so that even the ORIGINAL SPIRIT with its great ability, surpasses its own "impossible", ITS own restrictions through new experience. We therefore have a *broader concept* of GOD than those who appraise HIM only by the present CREATION. What I want to say is that a miracle, which was thought of, planned and prepared a thousand years ago, but was impossible to perform then, is a thousand years later mere child's play.

If the UNIVERSAL SPIRIT you call GOD, wants to perform a so-called miracle here on Earth today, this miracle will *far surpass* all the past miracles, which have ever taken place on this planet and are verified in your holy books, that is to say, recorded in the books of truth.

- *Not only technology belongs to the great wonders, but the advance of the whole universe; that whatever is developed far away from you in infinite space, can be brought to you at any time. There is also no separation in time and space for you, as you mistakenly believe.*

The many versions and editions of the holy bible comprise the greatest number of publications of all books ever written. Your ancestors have build Temples and Churches, which reach for the sky by the

thousands. These are prayers of stone, who's Love and labour cannot be calculated. But unfortunately *all is for nothing*, as the knowledge to support faith and doubt eats away at faith like moths at a garment.

We have studied life on this planet for over 4,000 years and are trying in various ways to save you. The difficulties to achieve this have hardly changed, then it is always *the priests*, the keepers of prayers set in stone, who *deprave* the people and through their craving for recognition, imperiousness, greed and know-it-all attitude, counteract all advancement, fanatically defend this error and in their stupidity *serve the anti-spirit like idolater*, instead of *serving* GOD. This stupidity of the Church is still very much opposed to our MISSION.

The question whether we are ANGELS has been asked now and then.

My answer is:

- *We are SERVANTS of the UNIVERSAL SPIRIT, we are not ghosts, but made of flesh and blood and in spite of this, we belong with the ANGELS because we see eye to eye with them. Whatever the ANGELS can do is transferred to us.*

We are therefore the IMPLEMENTERS of the divine WILL, because we were given a great MIGHT, for you an unimaginable MIGHT, which for the first time in over 3,000 years, I would like to explain to you.

- *If we would receive the ORDER from GOD'S ANGELS to destroy this Earth, we would have to obey - and do it.*

We are *completely conversant* with you mentality, your thinking, your hatred and your concept of love, your technical know-how and your secrets of war.

- *There are no secrets you could keep from us. We are the technical and optical EYE of GOD, monitoring everything.*

We know what is talked about in the street and in your homes.

We know about your enmity between each other.

We are astonished about your mutual segregation, your isolation in every form.

*Earth's humanity deserves our greatest sympathy, then it is a singular hospital of mentally and physically sick people marked and beaten by the anti-spirit.*

The sick *lack* help, mercy, LOVE and patience. We are SAMARITANS send by GOD. Which medicine, which diet and which recipe can cure your epidemic illness?

I say to you IN NOMINE DEI:<sup>2</sup>

You are lacking quite a substantial amount of KNOWLEDGE, which you, that is to say, the ancestors *you were once yourself*, have therefore failed to adequately safe keep; you have acted negligently with these handed down INTER-PLANETARY LAWS, you have intertwined them with lies and by *false* reproduction have made the majority of them *unbelievable*.

- *The average person is not in a position to follow the contents of the Holy Scripture, even your priests cannot do so.*

The Holy Scripture is a book full of unbelievable miracles, surpassing Arabian fairy-tales by far. This is why all those engaged in the difficult fight for survival to earn their daily bread from morning til night, ask themselves:

- Why did GOD *personally* come down to us?
- Why does GOD *himself* talk to us face to face?
- Why do the sky and the oceans move?
- Why were the enemies slain by invisible hand?
- Why did fire and sulphur fall from the sky?
- Why? - Why? - Why?

The Holy Scripture, which contains all these miracles, does not answer these questions - and the priesthood can only answer thus:

“You may not ask these questions. It is the will of GOD that you must believe unconditionally.”

But I tell you with great emphasis:

- *GOD the UNIVERSAL SPIRIT, does not ask of anyone to believe anything, which is not sensually perceivable in any shape of form.*

Almost every person on Earth, every average citizen, asks himself the completely justified question: “If all the great miracles of the bible happened in ancient times, why do they not occur these days?” Nobody of the present generation is in a position to verify these miracles. Here the printed word is asking for a superhuman trust in events, which happened thousands of years ago - and are not repeated these days. Here the intellect fails and doubt *triumphs* over TRUTH.

Coming from ANOTHER STAR, we know how hard it is to fight against fanatics without weapons. Our only weapon is the TRUTH, then under GOD’S ORDERS, we are *not* allowed to use other weapons. This is why it takes such an unimaginable amount of preparation, to give the weapon I once

---

<sup>2</sup> IN THE NAME OF GOD

again call “VERITAS VINCIT”, enough FORCE so it can combat obstinate aberration. This is the reason why we have to be very industrious and build many spaceships of various configurations. We fly like bees to your Earth and back. We are as glowing stars in the firmament, attracting your full attention. This has *nothing to do* with curiosity if we investigate what you do, but it is obeying a HIGHER COMMAND, which we received from the DOMAIN of GREAT ANGELS.

Well, I know from experience that you don’t want to know about ANGELS, GOD or SPIRITS, because you believe it all to be superstition, remnants from ancient times, which the bible has retained to the detriment of mankind.

Before I carry out my ASSIGNMENT, I have to instruct you a little more. In spite of everything, I will use the bible to convince you *that you are all mistaken* - and that the bible *still* contains a lot of TRUTH, even if it has been twisted and distorted a hundred times.

- Certainly, GOD speaks to people, but HE *never* talks face to face.
- GOD spoke to HIS ANGELS and they spoke to us and conveyed HIS WORDS to the EXECUTIONERS of HIS WILL, the way it has always been and still is today.
- We are the *authorised* EXECUTIONERS.

## The might of the spaceships

For you to understand my next explanations, I have to tell you about our technical MIGHT. It is not really part of our assignment to give you details about the configuration of our space-beam-ships, but you’re allowed to find out what so-called miracles we can perform.

We have *various kinds of spaceships*, you might be familiar with some of them through your own observations. We fly a great number of small ships. We have intermediate types and our mightiest spaceships, developed thousands of years ago, have crossed your skies only at a very great height.

I will give you a short explanation what these huge *mother-ships* can do for example: We can traverse the universe with one of our super large spaceships, whose engineer and commander I am, with the *speed of light increased by 50%*. Once in space, this ship can be switched to a frequency that *brings about a change to the atomic structures*. With this kind of acceleration, space is virtually leap-frogged. If we come across anything solid in this state our bodies are also in, it will be penetrated without leaving a trace behind.

- *The fifth-dimensional thrust displaces any physical matter, no matter how dense it is. Anti-gravity is so powerful, that even original rock changes polarity under its magnetic influence.*
- *These forces also influence your radar systems. We can switch our large spaceships to “invisible“, even if we reduce its speed.*

Such a spaceship contains everything we need for our survival, we can also *produce* anything we require *ourselves*. We can prepare food out of individually available atoms and even water in huge quantities, from dense materials. So not to fall prey to monotony in our diet and to avoid lack of vitamins, we have greenhouses and air-conditioning at our disposal.

You will realise that such a spaceship, which existed for thousands of year, is today *even better* constructed and is also much more powerful. If we wanted to, we could practically spend all our life on such a spaceship and traverse the universe *without limitations*.

But don't get carried away with your imagination!

Space travel will *not* be feasible for you through the direction your technology has taken, as you *underestimate* the dangers confronting your technology.

Our spaceship, type AS, can land on Earth. Such a *landing* would be very dangerous for you, *for quite a large distance around the ship*, even fatal. There is here on Earth hardly a place where we could land that would exclude this danger.

In one word:

- *We could only land at a place where we would not encounter anybody, as your inquisitiveness would result in your death -, something we would not want at all.*

The anti-magnetic thrust can be diverted in any desired direction. The directional changes happen at the blinking of an eye and with *immediate* effect. If we land on a mountain, we prefer original rock formation as it offers the best resistance to this force.

- In broad daylight, such a ship appears to you as a *dark cloud*, with its anti-gravity switched on at night, is looks like a *cylinder of fire*.

We can *attract* and *repel* the atmosphere in great quantities. A magnetically heavily charged atmosphere glows *red*. Apart from that, compressions build up within the atmosphere, which float about like white filaments but soon dissolve, they appear to you like fire and smoke. Only when they fall down, are they as white as snow.<sup>3</sup>

You have your Holy Scripture, the book of divine LAWS.

We also have our historical chronicles and traditions.

This is why I'm going to tell you, *which conformities* we have discovered in your scripture.

---

<sup>3</sup> The "angels hair" observed at UFO sightings.

## The miracle in Egypt

I ask the *leader of the Circle of Peace* (Friedenskreis), to compare my expositions with the corresponding biblical texts, so that these comparisons, which are very important, can be understood and will convince everybody. It would be impossible to believe my expositions without this brilliant argumentation, as *religious fanaticism* on Earth is *too great*.

Leader : I will gladly do this.

ASHTAR

SHERAN : Thank you my friend. - We prefer the *psychic way* for our inter-planetary communication, as this makes every medium its own interpreter. We send you biblical terms and concepts, which are received by the medium and transformed by the brain into the respective verbal language.

Apart from this possibility, we have radio waves or *automatic writing* at our disposal. But today we have learned your languages, especially German and English, so that we can understand each other *better* than your ancestors. They were relying mainly on a *telepathic medium* (clairaudience). Such a medium is well known to you from the bible, his name is *Moses*. He was the connecting link between you and our ancestors, which were also connected with the ANGELIC WORLD.

When Moses lived on Earth, inhumanity, ungodliness and slavery were prevailing. The cries of distress from the suppressed and tortured penetrated to the SPIRITUAL REALM and was *acknowledged*. The ANGELIC WORLD instructed our ancestors, the SANTINER, that is to say, the FRIENDS of the UNIVERSE, to care for humanity of Earth and to familiarise them with the LAWS of the BROTHERHOOD, which the SANTINER received from the ANGELIC WORLD.

As a result, the spaceship “SHA” began on a course to planet Earth and crossed over Egypt unseen. We, the SANTINER, made telepathic CONTACT with the excellent medium *Moses*. As Earth’s humanity only reacted to miracles and sensations, miracles had to be produced to make the people and their rulers *pliable*.

- The SANTINER *absorbed the rays of the sun* and plunged all of Egypt into impenetrable darkness. Such a phenomenon was made possible by their already advanced knowledge of solar power.

Extract from the bible: “The Lord spoke to Moses: Raise your hand to the sky so that such darkness falls over Egypt, that one can grasp it. And Moses raised his hand to the sky and there was a heavy darkness over all of Egypt for three days, so that nobody saw anybody else.”

Question : A scientist even insisted that the Earth stood still at the time?

ASHTAR

SHERAN: No, the Earth never stood still, it only swayed during the ice age.

Question : Is it your intention to *repeat* such a phenomenon?

ASHTAR

SHERAN : We would do it, if you wanted to bring the human race again to perdition through a new World War. By employing our fleet of spaceships, we could maintain such a darkness *for days*; we could darken the whole Earth, that is to say, the sunny side.

Question : What about the other plagues in Egypt?

ASHTAR

SHERAN : We have no records about them. But we can attract organisms like frogs, fish etc. out of the water and also drop them again. The magnetic force works in various ways. - We also should not forget that Moses was an *extraordinarily good medium* and in constant contact with the SPIRIT WORLD, which gave him all directives for his conduct, through his clairaudience.

- *The close co-operation between the SPIRIT WORLD and us, the SANTINER is still possible today!*

Our ancestors had the divine ASSIGNMENT to help *the Israelites* under any circumstances, the way *we* have today the divine ASSIGNMENT, to help all of Earth's humanity, also under any circumstances, as we have far greater technical possibilities these days.

The spaceship "SHA" was escorted by a further six spaceships, which belonged to the mother-ship. When the Israelites reached the Red Sea under the guidance of Moses, pursued by the Egyptians, the SANTINER started to act with their spaceships. The mother-ship flew ahead of them and was observed as a *concentrated pillar of clouds*.

To the left and the right of the mother ship "SHA", three companion ships operated at an even greater height, directing their anti-gravity beams at full force and at an angle towards the sea. A continuous blast of air, linked with intensive magnetic waves, pushed the water apart and dried up the ocean floor as if the tide had gone out, so that the water was drawn up on both sides.

As you are aware of through your own observations, the spaceship shone at night with a red glow so that it floated ahead of the Israelites, *like a pillar of fire*. Unfortunately for the Egyptians, they were not discouraged and continued their chase and ended up within the centre of the magnetic beams of the spaceships in action. They suffered the same faith as some unfortunate pilots endured recently; they turned upside down with their vehicles and were wildly tossed about by the enormous suction. Apart from that, the bodies of water on either side flooded over them as soon as the spaceships changed their position.

It was not the intentions of the SANTINER, that is to say, our forefathers, to kill the Egyptians in this way. It was really their own fault. But according to our historical

tradition, our forefathers fared no different than those pilots - who had to drop the a-bomb over Hiroshima - they reproached themselves terribly and suffered great anguish of the soul.

Extract from the bible: The angel of God, who had been in front of the army of Israel, moved and went to the rear. The pillar of cloud also moved until it was between the Egyptians and the Israelites. The cloud made it dark for the Egyptians, but gave light to the people of Israel, and so the armies could not come near each other all night.

Moses held out his hand over the sea and the Lord drove the sea back with a strong east wind. It blew all night and turned the sea into dry land. The water was divided and the Israelites went through the sea on dry ground with walls of water on both sides.

Just before dawn the Lord looked down from the pillar of fire and cloud at the Egyptian army and threw them into a panic. He made the wheels of their chariots get stuck, so that they moved with great difficulty.

Question : Why were the other spaceships not mentioned in the bible?

SETUN

SHENAR<sup>4</sup>: The spaceships were flying very high, as they had to irradiate a large surface area of the sea. They have a certain dispersion.<sup>5</sup>

**Picture:** The Israelites passing through the sea.

Fully automatic psychic drawing through the guided hand of the medium Uwe Speer. The spiritual MEDIATOR was the MESSENGER of LIGHT, ARGUN. To give a clearer picture, all connecting lines have been removed

Question : The bible tells of epidemic dermatitis, which was considered a punishment by GOD. Can you tell us about this?

<sup>4</sup> Deputy of ASHTAR SHERAN.

<sup>5</sup> These days, ufology demonstrates that the sensational UFO-messages are completely correct. There isn't one point that speaks against it. When the night was lit up by a *pillar of fire*, it coincides with current descriptions of UFO light waves that look like the Northern Lights. But what really catches the eye is the psychic connection with the occupants of the UFO's. The bible reports about red water and red dust, which settled like a veil over the earth. UFO reports testify the same phenomenon, which happen in areas UFO's have flown across. It has been observed for instance, that the colour of cars that were stopped, changed.

SETUN

SHERAN: In those days, our spaceships emanated many rays that were very dangerous, yes even *deadly*. If people became ulcers at that time, it was because they suffered from radiation sickness. Our forefathers constructed protective masks because of these side effects; they affected an absorption of these rays.

## THE UNIVERSAL LAW

Humanity on Earth leads a *LAWLESS* existence and ignores the divine LAW, even today.

Some of your philosophers insisted that GOD'S TEN COMMANDMENTS were conceived by the people who lived there at the time, to make it possible that people could live together. Many other false doctrines have *originated* from these observations, and they have brought about the situation as we have it now on planet Earth.

- *One does not believe* in the LEGISLATIONS of GOD.
- *One does not believe* in Moses's clay tablets from Mount Sinai.

I will tell you and convince you and this based on our *own* historical tradition; the LEGISLATION of the TEN COMMANDMENTS are absolutely correct, then our forebears have brought these LAWS down to Earth and handed them to Moses by ORDERS of the ANGELIC WORLD. The details have been recorded accurately and apart from a few minor differences, coincide with your bible. But up to now, you were *lacking* an *understanding* about this great event, because you are a humanity that doubts *every* TRUTH and always looks for *other* explanations.

When Moses, the Israeli medium, after traversing through a sea of reeds, led his people across the desert, the Israelites were guided by a spaceship, which always soared ahead of them showing the way. This spaceship led the people to the Sinai Mountains. There the people, freed from bondage, camped on a plain, you call *Sebaije*.

The mother ship "SHA" hovered over the peak of the 2,000 meter high Dschebel Musa and contacted the medium Moses through spiritual waves. This highly sensitive man could have received the great UNIVERSAL LAWS of GOD from the SPIRITUAL WORLD through *clairaudience*. But it was feared that he could be interfered with by the UNDERWORLD, which later proved to be the case. Apart from that, the Israelites were a *doubting* people and would not have believed him altogether. This spaceship was *clearly seen* by everybody. This event, so important to planet Earth's humanity, happened as follows:

Moses was ordered to keep his people away from the landing area, respectively avoid the circle of radiation. The magnetic radiation was so powerful, that a person or any other living being staying close by, would have been *killed instantaneously*. This is why he was told to draw a borderline nobody was allowed to cross under any circumstances. Only after a very loud "all clear" signal was given, was it permitted to cross this border.

An activated spaceship of this size charges the rock underneath with magnetic radiation. The spaceship could no't land on the ground and had to remain activated so it could hover over the mountaintop. The power was reduced to an absolute minimum, but was still high enough to *partially burn* Moses. He suffered radioactive lesions in his face and on his hands, so that his countenance glowed like St. Elmo's fire.

As Moses suffered pains when exposed to the sun, he was handed a detoxification mask to speed up the healing process. On all ensuing negotiations with the SANTINER, he wore this protective mask.

Moses was given access to the spaceship, which hovered over Dschebel Musa *like a concentrated pillar of smoke* - but by night, like a pillar of fire, illuminating the whole mountain with a red light.

Moses took the spaceship to be the HOUSE of GOD, as it was magnificently decorated. Here, the UNIVERSAL LAW of the BROTHERHOOD was given to him, with has validity throughout the universe and to which all inhabitants of all planets have submitted to, with the exception of Earth's humanity, because life and advancement *without* this LAW is *impossible*. It is the great and only applicable LAW of the INTERPLANETARY BROTHERHOOD, the LAW of the HEAVENS.

- *Moses was the first human being to receive this LAW from a SON of GOD.*

Extract from the bible: During the day the Lord went in front of them in a pillar of cloud to show them the way, and during the night he went in front of them in a pillar of fire to give them light, so that they could travel night and day... Mark a boundary around the mountain that the people must not cross, and tell them not to go up the mountain or even get near it. If anyone sets foot on it, he is to be put to death. But when the trumpet is blown, then the people are to go up the mountain... And the Lord commanded Moses to tell the Israelites: "You have seen how I the Lord have spoken to you from heaven."

Question : Where do the TEN COMMANDMENTS, Moses was given to by your ancestors, come from?

SETUN

SHENAR : We received these COMMANDMENTS from the REALM of GOD. They were handed to all those star people, who *did not* live according to the LAW of GOD.

Question : Besides the TEN COMMANDMENTS, we subsequently find many other laws about an appropriate way of life, in the bible. Were these laws also handed down from you?

SETUN

SHENAR: No. Moses had a discussion with our forebears, especially with one SON of GOD and a lot was explained to him. Based on this INDOCTRINATION, he made more "laws" *himself* and he was also *lied to* from the other side. The priesthood also *changed* many LAWS and REQUESTS, because they *did not like* them.

Question : One talks about a "chosen people". Did the SPIRITUAL REALM really choose the Israelites or did pure coincidence have a hand in this?

SETUN

SHERAN: The deliverance of the LAWS of GOD had nothing to do with coincidence. The Israelites were martyrs under the bondage of the Egyptians. But as they had a wonderful medium (Moses), such impressive HELP and LEGISLATION was possible.

- *The Israelites could certainly consider themselves a chosen people, but they did not behave like one.*

Extract from the bible: Moses went up Mount Sinai and a cloud covered it. The dazzling light of the Lord's presence came down on the mountain. To the Israelites the light looked like a fire burning on top of the mountain. The cloud covered the mountain for six days, and on the seventh day the Lord called to Moses from the cloud. The countenance of the Lord was like a devouring fire on the top of the mountain before the children of Israel. Moses went on up the mountain into the cloud. There he stayed for forty days and nights, without bread or water.

Moses was a guest in the spaceship. He was *a student* of the commander, who was to play another great role on Earth. This divine SON strived to explain the GREATEST LAW to Moses. He was commissioned to build a worthy temple, which was to honour the CREATOR and UNIVERSAL SPIRIT JAHWEH, as the Israelites were *manly idolaters* just like many of today's people on Earth are once again addicted to idolatry.

Question : Dear star-brother, are you informed about the contents of the LAWS Moses received, because they have been *altered* later on?

ASHTAR

SHERAN: Yes, they are exactly the same LAWS we still observe and uphold as holy.

Question : May one learn about them?

ASHTAR

SHERAN: Certainly, it is our ASSIGNMENT. But it is *a lot harder* these days for such a communication, as mankind is not open minded enough any more to accept and be influenced by such a miracle, as they were when Moses lived. Even then it was very hard, but these days, mankind reacts only to brutality.

But there lives on Earth once again a "Pharaoh" and under his dominion many slaves. We will not chase his warlords into the sea - we have different means at our disposal, then during the last three thousand year, our technology has also not stood still. Just consider the MIGHT our forebears had even then.

We *can* destroy all of mankind on this Earth in one day, but what for?

Would this serve the UNIVERSAL SPIRIT JAHWEH?

We have the ASSIGNMENT to work *for* GOD - and *not against* HIM!

## Atheism is madness

The papers have called me “Prince of Venus”.

I’m *not* a prince, but a SERVANT of GOD and I was not born on Venus. We cultivate a good friendship with the inhabitants of Venus, something we would also like to do with the inhabitants of Earth. But the one thing that separates us from this interplanetary brotherhood is their pronounced and widespread *atheism*.

*I tell you, such behaviour is madness!*

Therefore *verify* all our statements down to the last word with your bible and you will have to admit that there is a HIGHER POWER, always very tolerant but never inferior.

I address all leaders and people in powerful positions in brotherly LOVE and with great urgency. Your war ministries have collected information about our existence. Our spacecraft were photographed, filmed and spotted on radar. They were sighted and pursued by pilots. Hundred of thousands of reports lie in your archives and are the *evidence* that we fly around the Earth, night and day. These spaceships are sometimes seen as specks of smoke or gleaming objects, at night as *fiery orbs* or *shining cylinders*.

- *Some of our larger spaceships have a length of over 500 meters, using your measuring system, and their exhaust rays so powerful, that at full throttle, they would flatten your houses as an earthquake would.*
- *We can distil water from the atmosphere in huge quantities and release it down to earth. We can influence weather patterns and through this alone could wage a decisive war against you, before you could even launch a counter attack. Extreme heat or freezing temperatures would paralyse you, as we desire.*

This is why I continue to repeat: *Atheism is madness!*

But your religion in its present distortion is an *impertinence without equal* for every conventional thinking person. Judging by its own experience, neither a child nor an adult can consider your Holy Scriptures as verifiable TRUTH. Most of it confuses and at best, leads to disbelieve. Judging by the first page of your bible, you can see how *false* your historical traditions are, when it reports of “pillars of smoke and fire“, from whence “GOD the LORD” speaks.

- *We have never seen the UNIVERSAL SPIRIT, nor have we talked to HIM. But we still have received HIS WORDS and REQUESTS and respected HIS REQUESTS.*
- *We have a very impressive and solid connection with the IMMATERIAL WORLD, which is the sole VIBRATIONAL PRINCIPLE our own spiritual existence, that is to say, where all our feelings and thoughts are working from.*

- *I spoke of a MISSION. - Yes, we have received this ASSIGNMENT from that ETHEREAL WORLD. Our COMMISSIONERS are MICHAEL and CHRIST.*

Your bible contains many prophecies, for example: The SAVIOUR appears from the clouds.

We also come from the clouds and within the “clouds” to you.

Does that not make you think?

We are *not* here to alarm you or to senselessly occupy your Earth because we haven't got another star where we could live in peace, as some of you allege. We come, because we have to make a sacrifice for our COMMISSIONERS and for that GREAT SPIRIT, which reigns above our COMMISSIONERS.

We have *send* our BROTHERS and SISTERS *amongst you*, to study all your habits and plans. We are now informed about everything and I have given the order to *bring* the multitude of our brothers and sisters *back on board* and to ship them back to their homeland.

Does this not make you think?

What we have come to know is terrible enough. You do *not* live according to the handed down LAWS but according to the *phantasms* of your admirable philosophers, which have no idea about GOD and HIS WORKS and POSSIBILITIES.

One has said about me, that I was ready to use force to rid the world of ungodliness and tyranny. I'm convinced that it must be possible to avoid this violence. Deep down, you are not really that bad, just *unbelievably uninformed*.

- *This is why I do everything to enlighten you and to postpone a landing, until I'm convinced that this mass landing will not cause chaos on this world. This will happen, when you have learned to understand us better.*

But if it should happen, as it did in Egypt, that our help is attacked, those pursuers will cause their own calamity; it will be much bigger than Hiroshima, bigger than any picture your imagination could paint. We hope and pray that we *don't have to* kill.

Question : You talked about false reports in the Holy Scripture. What do you mean by that?

A. S. : *Remove everything from the bible that has anything to do with war. Almost all of these passages have been demonically distorted. Your bible should be a HOLY BOOK and not a report on war experiences. - Please re-write it!*

Question : Can you give us an example?

A. S. : Certainly, let us stay with the theme we started with. It is mentioned in all of your bibles: When Moses saw that the people had become unruly, he entered the camp and he shouted:

"Everyone who is on the Lord's side come over here!" - And he said: "The Lord GOD of Israel commands every one of you to pick up your sword and go through the camp from this gate to the other and kill your brothers, your friends and your neighbours." The children of Levi carried out what Moses instructed them to do; on this day, 3,000 men of his people were slain...

Dear friends consider this for a moment, is this remotely *logical*?

If Moses, in a fit of rage, had given the order to kill three thousand men and this in the NAME of GOD, after only a short time ago having received the great LAW from our forefathers, which states:

- GOD wishes, that man shall not kill his brother!

Moses would have lost any sympathy from our forefathers with this unparalleled disregard and they would not have exchanged any further words with him. You can see that there are atrocities mentioned in this so-called Holy Book, which are *illogical* and for every reader ruinous, they do not belong in this Book.

It is understandable, that people like *Spinoza* or *Marx* and *Engels* were indignant about it and because of *lack* of better KNOWLEDGE, rejected everything outright. Or do you still want to claim that the TRANSMISSION of LAWS by a SON of GOD in a spaceship on Dschebel Musa, is "opium" for the masses?

I hereby give my excellent advice and ask the responsible authoritarians and party bosses of this Earth to look *very closely* at all material about flying saucers and spaceships - and then pick up a bible. If they are then *still convinced* that the HELP of GOD is an opium, namely that "opium" that the UFO's convey, they belong under medical treatment, because something in their soul or their nervous system is not right.

The Israelites believed at the time, that the spaceships, respectively the clouds of fire, could *help* them as an unbeatable war-machine, so they could see their hated enemy swim in blood. The alleged GOD was in their eyes *an avenger*, but GOD IS LOVE and the commander of the spaceship was the same.

- *Neither* GOD nor we are avengers.

We are FRIENDS to all our brothers and sisters in *the whole* universe and we are always at work, risking our lives and our health, to help all people without cognition onto the right path. You make the huge mistake of *separating* GOD from peace.

- *There is no GOD without PEACE and also no PEACE without GOD.*

Both belong inseparably together. He, who blasphemes GOD, blasphemes peace also. And if we bring you PEACE ACROSS ALL FRONTIERS, we bring you at the same time the one and truthful GOD in the entire universe. GOD ACROSS ALL FRONTIERS!

The ungodly cannot make peace, because there is no peace without GOD in the whole universe. But spaceships are divine MESSENGERS of PEACE.

It is unfortunate and confusing that you are inclined to *exaggerate* or *lie*. The papers are chasing *sensations*. For as long as we have known you, we had to ascertain that there is no honesty amongst you. Neither your Churches nor your national leaders are honest. They brake every agreement and every contract. Perjury is committed daily and false assurances are given before GOD.

- *Religious books are not books about fairytales or magic, but they are still looked upon as such.*

### **Annotation:**

The name of the supreme commander of the UFO flotilla ASHTAR SHERAN was most accurately calculated cabbalistically. The name contains the highest values that can actually be calculated. It means: *FIGHTER for the GREAT LIGHT and for the TRUTH of GOD.*

Uwe Speer, the preferred UFO-medium, has according to the same calculations the following meaning: Silver and the atomic weight of silver, which means and guarantees the absolute authenticity of the cosmic MESSAGES.

Herbert Viktor Speer according to the same cabbalistic calculations: The herald of the TRUTH as a comet with the culmination point of the year 1959.

These values were announced during a public lecture by an expert with years of experience. It should support this MESSAGE. The lecture was on the 8th of May 1959 in Schulze-Angern, the theme: Divine phenomenon are not magic.”

The dishonesty amongst you takes away all of you courage to believe in phenomenon. The result of this state of affairs is that you have *no* respect for the supernatural. The human existence, actually any existence, is supernatural too, this is why you don't respect life.

You have no respect for the SPIRIT of GOD living within you. You say in your ignorance: “If there were such a mighty GOD, he would have to *show* himself or punish all sins on the spot or visibly save all the innocent. - But nothing like that happens and you simply assume that the THRONE of GOD is empty. To this I will say to you:

- *The Israelites thought the same and this at a time when they were in a lot of trouble.*

GOD *does not* leave HIS THRONE; if HE would come down to Earth to you, HIS THRONE would *really be empty* and the universe would be thrown into chaos, only

because HE had to visit you to call you to order. This is why HE has completely different opportunities to visit you and to call you to order. HE has HIS spaceships, which are unbelievably fast and save and can visit many stars.

- *These ships were build by the INTELLIGENCE of GOD. But HE does not use these ships himself, rather has HIS ENGINEERS, COMMANDERS and CREWS and a REPRESENTATIVE, a SON for a LEADER and a telepathic MEDIUM between HIM and the CREW.*

Such a phenomenon is *not* wizardry, but it shows that one can travel through the universe with this FORCE of GOD. Every spaceship that races through the universe powered by this FORCE and not by the principal of combustion, is a ship of the heavens and a part of the great space flotilla of GOD. For this reason, we operate under the AUTHORITY of HIS NAME, the way it is the fashion with you. Every ship that visits a foreign land, *represents* his country, and the commander acts with the authority and responsibility in the name of the Lord. For this reason, the LAW in the NAME of the almighty, universal MAJESTY was presented by one of HIS PRINCES.

Therefore you can rightfully say:

GOD send you HIS proudest flagship and hoisted the flag of the true UNIVERSAL FAITH on Dschebel Musa. Gun salutes and sirens boomed over Sinai. You have *soiled* this flag and trampled on it. Your flag is now a blood stained rag.

You cannot deny our existence in any way - and even if you continue to do so - *we will always appear in your firmament*, until the last doubt has left you. But with the fact of our existence, the LEGISLATION on Sinai, the delivered RELIGION of PEACE and the personal MESSAGE of the CREATOR and GUIDE of all worlds, is connected forever.

On account of your *technical inadequacy*, we were not able to make this clear to you in the years past. You would not have understood us *any better* than Moses and the other Israelites. You stand at the gate to the universe with your technology and science these days and strongly believe in conquering space. Now the important time is here, where we can finally have a rational conversation with you, so you can understand us and now fully realise the whole meaning of our visits, then and now.

- *There is no magic*, every phenomenon has a cause, an aim and an effect. This realisation must get you to a point, where you can accept the divine LAW.

First of all the most important COMMANDMENT:

*GOD wishes that nobody is killed!*

By observing this COMMANDMENT, respectively this WISH, all chances for peace and survival and at first, a still inconceivable opportunity for a progressive existence on this Earth, opens up for you.

The spaceship “SHA” was the flagship of a space flotilla, which was to bring about a change in the whole thinking process of Earth’s humanity, even then. The land near the river Jordan was reconnoitred and allocated as suitable land. The difficult crossing of the desert was made possible by the provisions the space flotilla provided; a so-called *edible* ectoplasm was used.

These are no tales and miracles and have nothing to do with wizardry!

But it was after all *more* than wizardry, namely divine HELP for a people, selected to *bring about* a change in the thinking process of all people and an impetus to preserve and protect the LAW.

The people of Israel accepted a great responsibility and a debt of gratitude for the HELP and for the future of mankind.

But unfortunately GOD was *disappointed*, then *you prefer a god of war* to a GOD of MERCY and LOVE.

The curse of these evil deeds still weighs heavily on the people of Israel.

Moses recognised the power of the spaceship and trusted this might and power, when he threatened the enemies of his people.

Extract from the bible: And they saw the GOD of Israel: the floor at his feet was like tiles made from sapphires and as clear as the sky. And Moses entered into the middle of the cloud.<sup>6</sup>

Question : Are the TEN COMMANDMENTS still in their original, handed down version?

A.S. : The TEN COMMANDMENTS have already been *altered*. In the original version it states: GOD *wishes* and not, *thou shall*. Apart from that, the appended explanation is not correct, as it has been *thought of and added to by people on Earth*. It is one of the weaknesses of humankind to add something to everything. At the end, only a small remnant of the TRUTH is left, but this remnant is *still* the TRUTH.

GOD does not command!

HE *wishes*!

---

<sup>6</sup> **Comment:** The exact description of the colours fits exactly with the UFO’s and mother ships we’re familiar with. The facts about the legislation with the help of the SANTINER (UFO people) is biblically irreproachable demonstrated and cannot be refuted. The present protocols completely coincide with theses descriptions. A UFO undoubtedly picked up the prophet ELIJAH. But how does the famous psychologist, C.G.Jung explain the problem of UFO’s and the phenomenon on Mount Sinai? He insists that visitors from the subconscious become “visible”. Where is the proof for Dr. Immanuel Welikowski opinion? He declared the pillar of fire to be a comet, which later became the planet Venus.

## The WORD OF GOD is not a fairytale

---

When William Jennings Bryan, an American presidential candidate, had to defend his faith in a sensational court case many years ago, he was not aware of spaceships and he had to suffer the indignity of an unemotional agnostic by the name of Clarence Darrow, who gave him a hard time. One has been endeavouring ever since, to *refute* a belief in the bible. Especially the Books of Moses were considered a completely ingenious *social fraud*.

Where the false interpretation of this, in its handed down form very difficult biblical treasure has led to, shows itself today in the steely faces of millions of drilled, human robots. It is therefore a really great cosmic ASSISTANCE, if we receive from the BROTHERS from the STARS a clear and certainly demonstrable explanation and complementation, explaining the meaning of these strongly disputed biblical miracles, which were always considered as myths and fables. One can only be grateful and say: Glory to GOD, the LORD of the heavens!

---

A. S. : After Moses received instructions to build a large temple tent and this was completed and at their disposal, it became the site for many conventions. I want to prove with this, that we are *no* figures of fantasy and that you have here an *excellent possibility* of an *unbroken chain of evidence*. - Our spaceship SHA approached the Earth closer, hovered over the tent where the meetings took place and could be perceived by everybody. The mountain did not have to be climbed anymore. Moses entered the tent and was informed directly from the spaceship.

Question: How was the voice transmitted, over a radio?

A. S. : The voice resonated over an amplifier from the spaceship and could be heard afar. Consider that our forebears *already* had spaceships *in those days* and were therefore *well advanced* of your technology. They had control over radio technology. You are only now beginning to construct spaceships, but have already developed radio technology.

Extract from the bible: Then the cloud covered the tent and the dazzling light of the Lords presence filled it. Because of this, Moses could not go into the tent. The Israelites moved their camp to another place only when the cloud lifted from the tent. As long as the cloud stayed there, they did not move their camp. During all their wanderings they could see the cloud of the Lord's presence over the tent during the day and fire burning above it during the night.

Question: Why is there always talk about a *cloud* or a *pillar of fire*? Did it not happen at least once that the spaceship could be seen in its *real* form?

A. S. : Oh, certainly. Moses and many of his priests saw it from underneath. They believed it was a DWELLING of GOD. Moses could not enter the tent because the magnetic radiation was too strong. The vortex around the body of the ship makes the atmosphere always look like a dark cloud, as any impurity, like sand and dust, will be sucked up and swirled around the ship, when it's close to the ground. The aura glows like a red St. Elmo's fire at night, so that it looks similar to a pillar of fire.

- *The spaceship represents without fail the PRESENCE of GOD, as it brought HIS LAW, as it has already happened in the case of other humanities. The spaceship SHA guided the wandering people also across the river Jordan.*

If I had talked to you like this twenty years ago, you would have laughed at me, but what is even worse, all others, especially theologians and the Israelites would have mocked you and fought you. But you know these days that there are all types of spaceships - and you are assiduously at work to design them. This is why I assume that you will *now understand* my explanations and that you will *respect* them accordingly.

You believe that because *we* travel through space, that it should *also* be possible for *you* to do so. But we are the MESSENGERS of GOD - and you are only a bellicose and quarrelsome people without a BELIEF in GOD. It should be obvious to you that the FLOTILLA from HEAVEN *does not* use rockets. *We* want peace and harmony.

Earth is one of the few planets, which do *not* belong to the INTERPLANETARY BROTHERHOOD. This BROTHERHOOD is *only attainable*, when there *are no* war anymore.

Our ancestors were in advance of your technology by *thousands of years*, they conquered spaceflight 5,000 years ago.

In respect to religion, we are also *ahead* of you by *thousands of years*.

*Metaphysical knowledge reaches* all the way up to GOD.

## **The proof of GOD'S existence**

A. S. : PEACE ACROSS ALL FRONTIERS!

Dear brothers and sisters of this beautiful TERRA, let us prepare peace so that GOD the LORD can take pleasure in all HIS children. - Please put your questions, I will gladly answer.

Question: One will ask us, why the LAWS of GOD were *not* delivered by GOD *himself*? We now hear that these LAWS were brought to us by people from another star. Is there any other proof that GOD *in fact* did *compose* these LAWS?

- A. S. : All the details connected with Moses should really be sufficient. But you are still troubled by doubt. Well my dear friends, listen up, I can also answer this for you and that should finally be enough. I will use our own historical traditions to help out; *they compliment your bible.*

The people at Mount Sinai were a stubborn people and very hard to educate. The Israelites enjoyed generous HELP from the HEAVENS and added to this, a wonderful CONTACT with us. They were liberated and guided to a blessed land. The HEAVENLY SHIP floated in front of them and showed them the way and provided for them and guarded them in every way. *They had proof, that GOD really meant them well.*

But *next to* the TEN COMMANDMENTS, they made a whole series of regulations all in the NAME of GOD, namely by referring to the wonderful CONNECTION of the contactee Moses. They blamed him and GOD for all the injustice. So we lost our patience and turned away from you.

But GOD the LORD was *not agreeable* with the return of the spaceship SHA; because HE implicitly wanted to provide HIS LAWS with the correct respect and prestige. This is why HE performed an *even greater* and more impressive miracle, than was the case at Mount Sinai and the Red Sea.

- *GOD incarnated into the same nation that spaceship commander, that SANTINER, who as a SON of GOD was to bring the LAW of PEACE to this planet. HE incarnated him on his own aspiration, because he knew that the GREAT LAW of the BROTHERHOOD was ignored and distorted. He wanted to protect and correct this divine LAW.*

This great incarnation moved heaven and hell. Our ancestors had to participate as well.

- *The spaceship "SHA" was ordered back to Earth and stood as a ball of fire at a great hight over the birthplace of CHRIST.*

Unfortunately, this ship could not come down any lower, as its rays would have harmed the birthplace, that is to say, the incarnated ANGEL of PEACE, CHRIST. He now had the MIGHT of GOD in his hands and was *telepathically CONNECTED* with the ORIGINAL SPIRIT.

- *Consequently, the GREAT LAW of GOD, the TEN COMMANDMENTS, which are the WORD of GOD, was incarnated in CHRIST. - The WORD of GOD had become flesh.*

The WORD of GOD had become alive and lived amongst the people. The handed down LAW was *anchored* in CHRIST. GOD was therefore *anchored* in CHRIST - and therefore GOD lived in this form amongst the people.

*Be aware of this!*

The LAWS of GOD now found the *correct* interpretation, the clarification and HE now criticised the careless handling of the COMMANDMENTS, which according to HIS INSTRUCTIONS were to be given a careful and permanent safe haven in the Ark of the Covenant. HE now performed *those* MIRACLES, even our forefathers, for all intent and purpose, could not perform. HE awakened the death - and the spaceship helped by not letting HIM break the surface of the water, when HE walked on the surface of the water. All of this is witnessed and stored in your scriptures. -

But the planet's humanity is made up of obstinate and headstrong people. *This* REVELATION was *also* dragged through the mud! These days you would even say:

“This CHRIST was a political revolutionary, who as an insurrectionist of the people wanted to establish a party and because of his fanaticism, was put to death. Emulate him and sacrifice your life for the socialistic ideal.”

Notwithstanding this, GOD the LORD has not given up on you!

We SANTINER are once again called to *orbit* around this planet Earth and to *protect* it. As you say, good things take a while, which is also true of our MISSION.

- *We prepare everything and we prepare the LIGHT of the MESSIAH, who will come to you in such a way, that you have to write a new bible. This is the TRUTH of the INTERPLANETARIUM, as truly as I live and proclaim these words.*

It is *not* all that important to know GOD *yourself* or to think about HIM. It suffices to know that there is a well-organised SPIRITUAL REALM - and that GOD has HIS HEAVENLY FLOTILLA. A king *does not* have to meet out every punishment *himself* when a law is broken. Equally so, the ORIGINAL SPIRIT has ITS SERVANTS, which have full OFFICIAL AUTHORITY.

Alas, *it is time* for you to *confess* to being wrong and to *admit* your lack of knowledge.

A false religion grips the whole globe.

Philosophers have correctly recognised this condition, but make the mistake of wanting to quell this dangerous fire *with* oil.

- *Man cannot replace a religion with a substitute religion, then religion is the TRUTH of GOD.*

Your five philosophical proofs of the existence of GOD are only a *spasmodic quibble* around a *disagreeable* and *undesirable* REALITY. These alleged proofs are so incomplete, that they're eventually exposed to ridicule.

- *Do not believe* that your technology represents something extraordinary, compared to the development of *other* peoples on *other* stars, it is *highly unhealthy* and *dangerous*.

- *Do not believe* that all of your sciences have the right to be bound in leather. A lot has been ripe for destruction for a long time.
- *Do not believe* that party programs and their headlines, based on completely false bible knowledge, mean the solutions for a human race in crisis.
- *Do not believe* that your priests and theologians or sects know or control the LAWS of the universe based on historical traditions and false translations and interpretations.
- *Do not believe* that we are just an *inquisitive* and *adventurous people from another star*, who's own living conditions are deteriorating. We are HEAVENLY HOSTS.
- *Do not believe* that GOD has to bow to your retort and your technology.
- *Do not believe* that the possession of free will positions you above the law. Our ancestors have *also* punitively intervened in the NAME of GOD. We *could do* the same!

Extract from the bible: “ You are a stubborn people and I might destroy you on the way”.

A. S. : Our spaceships have all the necessary MIGHT to confront *any* dangers, then the dangers of space travel *are greater* than any dangers on this Earth.

Your bible experts should really deal with the existence of the SANTINER. They should study the appearance of our spaceships, before they deal with the *when* and *if* of any divine PHENOMENON and its interpretations. You are looking for *absolute* proof of the existence of GOD but *in actual fact, you had it in your hands for thousands of years*. But you don't really know what to do with it. This is really outrageous and very limiting!

As chief of the interplanetary HEAVENLY FLOTILLA, I have the RIGHT and the AUTHORITY to punish mankind *in any way I see fit*. But we do not want your downfall, but want to integrate you into the UNIVERSAL COMMUNITY and the orderliness of interplanetary peace.

*Put an end to your hatred and your righteousness!*

*Put an end to your arrogance!*

We invite you to voice your opinion about this MESSAGE in every conceivable way! We ask for a comparison with all the UFO documents you collected! But do not dare to withhold these TRUTHS from your nations. Otherwise we will draw a powerful parallel to the events of 3,300 years ago. Your A-bombs will not trigger a Sodom and Gomorrah on this Earth. But our spaceships could do it *once again*. - If it is the will of GOD, we will not be disobedient, by no means.

**Order of precedence of the intelligentsia** (Speech by ASHTAR SHERAN)

GOD	Lucifer
ARCHANGELS      ANGELS	demons      satanic hordes
SONS OF GOD	antichrists
BEARERS OF LIGHT MESSENGERS OF LIGHT	spirits of deceit      ghostly spectres
SPIRITUAL REALM	material world
SANTINER	false prophets
INTERPLANETARY BROTHERHOOD	people of Earth

**Tables:** Order of precedence of the intelligentsia according to the statements of the spiritual TEACHER ARGUN. BEARERS of LIGHT, MESSENGERS of LIGHT and the SANTINER are off the same level of operation. The SANTINER (UFO people) belong to the HEAVENLY HOSTS. The people of Earth are missing from the community of the INTERPLANETARY BROTHERHOOD. (Psychic message) As GOD does not leave HIS “throne”, the ANGELS accept HIS WISHES and transmit them to the MESSENGERS of LIGHT and the SANTINER.

And now to the proof of the existence of GOD:

Through the space travels of our ancestors, who brought you the COMMANDMENTS of GOD, you have *irrefutable* proof that human life is acted out on *other* stars and in *other* regions. It is an undeniable, proven certainty. All divine phenomenon, including the ascension of CHRIST, the phenomenon at Fatima, all psychic and telepathic TRANSMISSIONS and the meetings with Adamski and a few other friends were orchestrated *by us* by ORDERS of the spiritual, intelligent WORLD, that is to say, with the consent of the ANGELIC WORLD.

*GOD keeps the last act in reserve.*

Just as certain as that there is the option of a life *on another* star, just as certain is the fact that there are superior ENTITIES and opportunities for an existence of a spiritual KIND. Therefore, GOD, the ORIGINAL SPIRIT, is *not just* an UNIVERSAL FORCE and ORDER, but rather a *spiritual* PERSONALITY, endowed with all SENSES and COSMIC THOUGHT, the way *everybody* has inherited them from GOD; then from where and from whom should man have inherited all these CAPABILITIES? - Where do all parents get these ATTRIBUTES from? - Maybe from matter?

- *Man is born through the LAW of GOD by the flesh of his parents, but the soul, with all its spiritual CAPABILITIES, was born from the SPIRIT of GOD.*

It is *not* necessary that this reigning ORIGINAL SPIRIT *comes to you* to *personally* take care of you, so that you can believe in HIM. It suffices that we are HIS AMBASSADORS and DELEGATES, which have represented HIS REALM and HIS INTERESTS for thousands of years. In this respect, the MESSIAH CHRIST belongs *with us* and our REALM.

- *CHRIST is the divine TRUSTEE of this Earth and its inhabitants.*
- *CHRIST is the deputy of the personal ORIGINAL SPIRIT.*

The DEPUTY of GOD lives and we can bring him to Earth with our spaceships any time. If this is his wish, it is ours also. He will come during the day in a cloud or in a pillar of fire at the night, just like he did *at that time*, when he talked to Moses.

IN NOMINE DEI<sup>7</sup>

## The press is ashamed

It has become a custom of you, to put *too much* trust in the press. Whatever is written in your newspapers forms your daily life. They are the *educational organs* of the masses. You yourself say, “paper is tolerant”, but you are not as tolerant as paper. *You reject everything* that does not meet with your taste.

- *With the increasing godlessness, the demand for religious INDOCTRINATION decreases.*

The press is therefore ashamed to bring *something positive* in *this* direction, unless it is about a major festive day. This is why any phenomenon does not attract that much attention, that it would warrant just one line in the daily press, which is there at its disposal. But if a philosopher or a sophist produces just one thought, which in a supple way would *discredit* everything metaphysical, these thoughts would find an appropriate space in all authoritative papers and would be taken serious. This is why you don't have to be too surprised that you are *misinformed*.

---

<sup>7</sup> Contacts through writing are *not* telepathic, but a direct guidance of the hand. Every one of these messages is immediately read in front of everybody and taped with a tape-recorder. Look at the special report in the REVUE NO. 30 from the 26 - 7 - 1958, Munich.

The reputation of the press is way *above* any scientific paper, which nobody reads unless the press supports it. - Well, the press just loves *great sensations*, which can stir up the nation, even all of mankind. - The press owns a lot of paper and has speedy machines; it needs an enormous edition to survive. But it reports *nothing* about *our* existence, because it is ashamed. As far as I know, one is ashamed about the ignorance about our MISSION, about our MIGHT and about our rapidly advancing technology, which has nothing to do with stinking fumes and deafening noises. - In spite of this, we are GOD'S TROMBONE! A type MV spaceship has a siren on board, which alone is capable of creating panic in any major city. The sound is not produced by the usual sound wave acoustics, but goes straight to the *central nervous system*.

Question : But why do you stay so much in the background?

A. S. : Compared to the spaceships common three thousand years ago, our present ships have been greatly improved and enlarged. At this stage, these spaceships cannot come as close to Earth as it was earlier possible. If they would do so, a huge, devastating destruction over a broad area around the attempted landing site would take place on your Earth. One would *misinterpret* such a landing and would actually take us for acrimonious enemies, who attack you with dangerous weapons. We absolutely want to avoid this sort of opinion; this is why we only land in small groups. But we make a lot of attempts to carry out landing manoeuvres. This is naturally not possible in build up areas. We need *uninhabited, untilled and uncultivated* space. I'm sure we will get the correct result of how we can best land. At the moment, this is only possible with our smaller escort craft.

- *We know that a lot of people await us with great impatience. But we are neither interested in panic nor in chaos and we would have to give account for our actions to HIGHER ENTITIES. - It would be depressing enough, if we would trigger complete darkness. One would assume that the world was tilting. We could influence all the inhabitants of a city, so that nobody would be able to formulate a clear thought. They would all be as if paralysed.*

The press is looking for sensations. It has here an opportunity to do something GOOD; the whole world should really take notice of the TRUTH about the Books of Moses. Besides this, the Christian world and the Israelis have nothing to reproach themselves over; then *everybody* has sinned, because they do *not uphold* the LAW. I say to you: *Both* people were chosen, *first* the Israelis and later the followers of CHRIST.

## Conflict on this Earth

We observe with regrets *where* your so-called art of politics has led. It strives for security *in place* of peace, security through threats - and threat is the nightmare of all people living on this planet. The effect of such an oppression shows itself in the increase of diseases on all continents, showing an increase on a scale of 35 - 40 %. - You statesmen meet at large conferences, fearing one another or are in agreement in their vices. We see the terrible things that are happening on this planet from a HIGHER OBSERVATORY. But unfortunately, you do not grasp the crucial points of your appalling situation.

- *Your conflicts are about nothing else but the best method of controlling the masses.*

Such a method was *thought of* and *utilised* hundreds of years ago by your Churches. Later on, the political authoritarians took the sceptre out of the hand of the Church. Ever since, the power is in the hands of the larger nations and the princes of the Church live *in the shadow* of these dangerous giants and are afraid to step out of their shadow.

*The powerful East* pushed religion completely against the wall and the people secretly bear the yearning in their hearts, to get to hear a non-political TRUTH for a change.

*The powerful West* allows religion to live in the darkest shadows and blasphemy does not only move through the press, but clandestinely through all houses and families. The corpse is woken up for a make-up<sup>8</sup> and the soul is condemned to eternal sleep. The inheritance flows down the gullet or flows towards armament. But the great fear is of skyscrapers.

- *Oh, if only you knew that it would be in our POWER, to level a whole city like New York within 20 minutes, you would not fight over the method of mass control and would not be afraid of one another any more, afraid that the other could be superior.*

In your derailed situation, it is *not* about a permanent and just peace, but about the preservation of that method, which is most suitable to completely control the common masses; and it also about *precisely dictating* not only their lifestyle, but also their personal thoughts.

The political interests are *completely separated* from the LAWS of GOD and independent from an ideology, because you generally have not got a *true* ideology. For as long as you are busy thinking about how one *could best murder ones* brothers and sisters, one cannot talk of an ideology - and therefore any claim to defend such a one, is inapplicable.

- *Very dangerous wars of words are taking place, with the purpose of showing the adversary an alleged superiority.*

Every defeat of a statesman at the conference table is acknowledged with a derisive grin. How can someone believe in a just peace, if he is not capable of believing in something HIGHER, something that he represents himself?

- *Peace can only be made between friends, never between enemies, never between differentially opposed people.*

No, it is *not* about peace. There has *never* been one on this planet; the past bears witness that violent death has always reigned on this Earth. It was always about completely different problems, never about peace. You are interested in *possessions*, the occurrence of *treasures* on this Earth, *borders*, gained *power* and to add to this, arrogance and *disrespect* for higher, spiritual INTERESTS and TRUTHS.

---

<sup>8</sup> In America, institutions unnaturally beautify the dead bodies with injections and make-up to then openly display them.

- *Nations talk about their countries and about their fatherland. The REALM of GOD is home to all people and the whole Earth is the land of your flesh.*

We, from another solar system, are in your eyes an *outlandish* race, but we still see you with the eyes of the children of GOD. In our eyes, *the greatest* LAWLESSNESS that we have come across in all the universe happens on this uncharitable planet, namely the greatest sin we know: One disposes over another person and over the life of another.

The greatest and most holy GIFT that the ORIGINAL SPIRIT - you in your ungodliness call it "nature" - has to offer, namely *a life in an incarnation*, that is to say a life in *reparations*, is simply *ignored* and so *devalued*, that one banishes it a million times into the spheres of darkness by the *personal interests* of quarrelsome egotists, before those people can even make use of the GRACE of GOD. Death to them is more certain than the opportunity to atone for something on this planet. Death is not atonement, but murder is a crime.

- *Insane ideas are no divine IDEALS one has to die for.*

There are only very few autocrats on this planet who believe in the perfect, spiritually alive PERSON of a mighty CREATOR. This is why they believe that they can get away with every sin and impertinence.

"Why don't you prove to us that there is a CREATOR!", exclaim those ruffians, "I'm the master of this world and I impose my power over the life and death of Earth's humanity. This might mean that I'm not a creator, but I am the god of this world."

We have convincingly explained to you the true traditions of the divine LAWS and you can, with bible in hand, verify everything.

It is not our intension to get the ORIGINAL SPIRIT from HIS THRONE, to *introduce* him to your princes in *person*, so they might shake his hand and assure him of their friendship and their willingness for peace and maybe toast him with the devils drink, alcohol. But if you absolutely must have such a *personal* GOD, one who is visible to you and must appear to you in full possession of his unimaginable POWER - you shall have this GOD; then HE gave us all the powers to reign over heaven and earth. *We* will then be the ALMIGHTY'S DEPUTY, the way our ancestors were and under the same LEADERSHIP, we return.

- *It is completely incomprehensible from our conceptual standpoint, of how it is possible for you on this Earth to have so many different ways to contemplate GOD and so many cultic explanations for him.*

Do not forget, even thou we are also children of GOD, we are on the other hand also human. *We* also have our *limited patience* and if we have to represent GOD, we will do it with LOVE and patience, but we will have to take other measures, if we come to the conclusion that any other kind of rescue for this planet is no longer possible.

- *We control earthquakes and the low and high tides of the oceans. We have command over storm and fire. There is no base element we could not utilise in a retribution.*

Our forefathers helped CHRIST to calm the storm raging over the sea. But GOD did not give any ORDERS when CHRIST died on the cross, even thou he hoped for our assistance till the bitter end.

Our landing manoeuvres have already caused *unintentional* catastrophes on this planet.

We are very sorry, but we have no other choice.

Atheism *believes* it can triumph over GOD. But it will not triumph over spaceships, they are a FLOTILLA of GOD. We would *not* like to bring you annihilation, nor destruction as experienced in Sodom and Gomorrah, but TRUTH and PEACE ACROSS ALL FRONTIERS. We don't just mean spatial frontiers but those borders *between the heart and the intellect*.

There have been many bloody arguments on this Earth recently and all who know about us were hoping that we would interfere and put an end to all this earthly barbarism. Because we refrained from interfering, the ungodly, the doubters and the rulers laughed.

- *What would really be the sense in forcing a fighting people back with bloodshed, if both were in the wrong?*

The injustice lies neither with *one* nation nor with *one* race or *one* people. The injustice lies with and burdens this *whole* world. And if we are to redeem and save this world, it applies not just to *one* people or nation, but to *all* of mankind. But if mankind finds the urge to fight one another again, we will not inactively stand by.

What does GOD have to do, if you will not acknowledge HIM?

- HE must be here to help you *personally*.
- HE must have POWER over the sky and the earth.
- HE must be able to reign over all elements.
- HE must *deter* and *defeat* enemies.
- HE must *show himself*, so one can believe in him.
- He must punish the guilty and recompense the righteous. But he may not call anyone to account for his actions after death.

This is how *your* god looks like in *your imagination*. Above all, he must have a *generous* disposition, so that nobody - above all the idler - does have to go without. If we come as REPRESENTATIVES of GOD to this planet, to create order in HIS NAME, we satisfy the following image of your god, they way you would like to have him:

- We are here to *help you personally*, as we are doing already.
- We have POWER *over heaven and earth*. We can control the elements.
- We will *deter* the enemies. We will *win*.
- We will *show ourselves*, like migratory birds flying across the sky. We will show ourselves in *such* a way, that you will *have to* believe in us.
- We will seek out the main culprits, remove them from this planet and send them into banishment just as soon as we can get hold of them. We will recompense the righteous with INSIGHT.

But what happens to those people who pass from this life *to ANOTHER*; *we* have *no* control over this *OTHER* world, as we are not the REPRESENTATIVES of GOD for the SPIRITUAL REALM, but for the *material* universe. But we will be generous, if it should be necessary, in case a catastrophe creates hardship.

- We can *provide for you* the way our ancestors did in the desert.
- But we will not support idleness, even if they sit on their fat purses. The poor as well as the rich will have to make a special effort.

With this, we fulfil all of your wishes of a *personal* God.

Apart from that, we will give you the GREAT LAW of GOD again, after which you should live in the present state of your development.

This LAW is called:

P E A C E !

We will *not separate* anything, nor allow any groups or parties to form, but will *coalesce* everything *together*, but *not* through mendacious directives some lunatics have thought of, thinking they could establish a world republic.

### **He who lies once, is not believed again**

My dear brothers and sisters of this beautiful planet Terra, religion, that is to say, the belief and veneration of the HIGHEST SPIRIT is a hot potato. It is *very* volatile, because this sector is *ruled* by *fanatics*. People were just as *fanatic* thousands of year ago, but are to a point, *even worse* these days.

Whoever touches this hot potato will burn his fingers on the wrath of the fanatics.

Going about it this way, spiritual INSIGHT on this planet has not progressed one step.

Admittedly, the many Churches have achieved some good and their goal is GOD. But these Churches have not understood nor managed to convince mankind, that it *shouldn't kill* or *enslave* its fellow human beings.

Where does this evil come from?

It comes from your religious doctrines.

Many people have recognised that here and there, something is wrong in the scriptures and they have started to correct the mistakes and to correctly interpret all incomprehensible passages. Alas, they lacked the KNOWLEDGE and their endeavours only caused more confusion. The majority worships the printed letter. Certain circles say: "There is nothing doubtful in the Holy Scripture, one has to take it as it is written."

- *Science has wandered from error to error. Are you of the opinion that it is different with the Holy Scripture, which is also a handed down science?*

If a spaceship visited you during biblical times, this event is at least a technical and scientific miracle. One cannot produce or recite such a miracle and then simply file it under an exact science, one has to *wait patiently* until it *repeats itself*, to correct a mistake, which could be in the observation or could have been creeping in over time.

- *Like any other science and technology, the Holy Scripture should also have been continuously updated based on new developments, and by throwing the mistakes under the table.*

But this has unfortunately not happened with this important field of knowledge religion represents, if one considers the reformation an exception.

- *But every now and then the TRUTH has been wrenched out, the reason being that it was uncomfortable. - This especially applies to reincarnation!*

And now the powerful of this world get together and discuss the benefits and the shortcomings of this world, even thou they have *no idea* about the *real* events that have shown themselves as divine PHENOMENON. Here, ignorance sits in council and claims the highest right of the divine universe.

Yes, the Holy Scripture does contain a continuous series of mistakes. If someone fights against these mistakes, he is branded a heretic and persecuted. But you see, my dear inhabitants of Earth, the most important principal item of your bible in its edited form is already - a mistake, even thou it all really did happen.

- *Let's assume you did not yet have television, but that it was minutely described in the bible. You would think it to be a walloping lie, only because its technology isn't known to you. And it is the same with the great PHENOMENON, which also exhibit a technical side.*

You are a child of GOD and have technology at your disposal. GOD also has TECHNOLOGY at HIS disposal, but as HE is a lot more powerful and intelligent than HIS very underdeveloped children on Earth, HE uses the service of a much greater TECHNOLOGY, one you *could not even anticipate*. Why should a father not be superior to his children? -

This is why it isn't right that people simply make their own laws and *proclaim* them to be a legacy of GOD, only because Moses had made contact with a HEAVENLY SHIP. You therefore *falsify* in an unscrupulous fashion authentic MESSAGES, by *adding* to it all kinds of things, which *have nothing to do* with the authentic MESSAGE.

- *But he who lies once is not believed again; he who is wrong once receives very little trust. If an authentic MESSAGE of a prophet is mixed up with ten corruptions, the original MESSAGE also goes to wreck and ruin.*

When the LAWS and EXPOSITIONS we SANTINER brought to you are later, in connection with over a hundred additional laws and expositions, proclaimed to come from the same phenomenon, it is inescapable that the COMMANDMENTS we have brought to you are not credible anymore, even if one accepts their underlying meaning. What I'm saying is that the TEN COMMANDMENTS are an authentic MESSAGE from GOD, whilst a whole book full of laws not conveyed to you by us, was placed inside the Ark of the Covenant. But it is true that the Ark of the Covenant and the temple tent was constructed according to the instructions of our forefathers.

Your philosophers did not know that the SANTINER delivered the GREAT LAW of the INTERPLANETARIUM to you. But they ascertained that the *appended laws contained absurdities* and they therefore dismissed the whole religion we have brought to this planet from the outermost regions of the universe, by the ORDERS of GOD, *to bring a halt to injustice*. - We *did not* bring the LAW so that it could be turned into its opposite, the way it happened. Then your bible still states word for word:

- ...he shall be *put to death*;
- ...he should be *exterminated*;
- ...they should *die*;
- ...one should *stone* them;
- ...their blood shall be *on them*.

You haven't lived and acted according to the TEN COMMANDMENTS, but *according to the addendum* unworthy people have added to it, which uses terms like: "they should be put to death and exterminated."

Pantheism was born out of these contradictions and with further manipulations, was put into service by the political powers. This is why you are no longer safe on this planet, because the mistake that commands: “You shall be put to death!”, seeks to destroy you.

It was the assignment of our ancestors to bring you not just theistic religion, but to *also prove* the transcendental to you; this is why they arranged the DELIVERY of the LAW very impressively and ceremoniously. Apart from that, they worked hand in hand, that is to say, spirit to spirit with the transcendental WORLD and used Moses as a medium.

All the great revelations from the divine regions have been *repeated* in this fashion. It happened at the *birth* of CHRIST, at *HIS* death, at the *miracle of Fatima*, in *South America* and *many other countries*. And it happens simultaneously again these days in various countries, where we use the best mediums to prove our presence in physical form and at the same time the transcendental, then without the co-operation between spirit and matter, a belief in GOD *is not possible* and GOD’S existence will always be doubted.

CHRIST knew the MIGHT of our HEAVENLY FLOTILLA and counted on us for help. This is why he said: “My realm is not from this WORLD.” But he also called out: “GOD, why hast thou forsaken me?” CHRIST counted on a great PHENOMENON in the shape of a spaceship at the right time, then he saw a VIMANA on the day of his baptism, when it descended like a silent dove from the sky. -

Do you want more proof that *we* are the HEAVENLY HOSTS?

We are this time determined to remove the last shred of doubt *forever*. We have reliable mediums in various countries and they all play the role of a Moses. May I just mention Adamski, Fry, Hill and those mediums we currently employ.

- *Our forefathers darkened the firmament repeatedly, and did so when CHRIST died.*
- *The SANTINER triggered an earthquake in Jerusalem -, but unfortunately too late.*
- *A spaceship even picked up the resurrected SON of GOD. A “cloud” carried him into the heavens.*

It is not just a proven fact that many phenomenon from the Old Testament were brought about through the *intensive co-operation* between the SPIRITUAL REALM and the SANTINER, but also the miracles of the New Testament are connected to it. But you really treat these books like real testaments by suing each other over this inheritance.

- *A world without faith has to go under, it would only be a matter of time. This is why we make every effort to end the uncertainty in these matters.*

I know that your theologians and religious fanatics will raise hell over this. But they can’t stop the WILL of GOD by doing so. Consider this, the Holy Scripture was written by *religious fanatics*. But fanaticism *clouds* any objectivity.

- *What an encumbrance for the spirit, if one has to fill ones head with things, which have nothing to do with the TRUTH.*

One can give the HIGHEST only one sacrifice, namely the *abstinence of ruinous vices and passions*. The LORD never wanted us to bring him meat or the fruits of the fields as a sacrifice. According to our chronicles, our forefathers *never* asked of you to sacrifice anything. These are *fanatical excesses of the priests*; one did not want to forego them, because without these ceremonies, the priests would just about have become superfluous.

- *A true faith must in its factual transcendently given text be immediately grasped and understood by everybody.*

It demands neither an explanation nor an interpretation, nor any other description for the feeble minded. If there is somebody amongst you who is feeble minded, he certainly would not understand any rationalization of faith. The BELIEF in GOD is conceivably simple:

- *GOD is the CREATOR of everything there is. - HE is LOVE. - HE is eternal.*
- *Matter metabolises.*
- *The spirit continues eternally and perfects itself.*
- *Added to all of this is the LAW.*

Everything else belongs to those sciences, which you can handle in the usual manner.

But there is also a belief in the devil, which is just as simple:

- *The first ANGEL of GOD is the ASSISTANT of CREATION.*
- *He is hatred.*
- *He is not eternal.*
- *He acts negatively.*
- *He dominates matter.*
- *He inspires the spirit.*
- *He hates PROGRESS and the LIGHT.*
- *He has his own LAWS.*
- *He is the ANTI-POLARITY of GOD.*

This is actually your whole religion. Because whatever else belongs to it, is only here to recall these few words into your consciousness and to make them believable. But such evidences *are very hard*, because you have *plunged to such great depths* - and because these devilries give you great pleasure.

- *You all have changed to a negative polarity and are therefore the anti-polarity of the TRUTH.*

I will now put the question: Can there actually be a greater MISSION than the delivery of a divine LAW, which we have brought to you from a distance of many light years?

What immense technical and scientific labour was necessary for this! - What immense INSPIRATIONAL co-operation and diverse spiritual CONNECTION was involved in this? - What GRACE and HELP from GOD was necessary to effectuate such a magnificent development, only to bring you a DOCTRINE that should prevent that during the passing of thousands of year, billions of human souls would sink into the abyss with the anti-spirit, of whose terrible appearance you have no concept off!

Imagine the courage and willingness of our ancestors and ourselves to make sacrifices, to finally conquer space after innumerable attempts, only for the sake of the INTERPLANETARY BROTHERHOOD! - Imagine the preparations and arrangements that had to be made in conjunction with the SPIRITUAL REALM, to arrange such an important REVELATION in such a manner, that it runs smoothly and gives the impression that GOD is coming down to you!

We have faithfully fulfilled everything.

We have not occupied your Earth for the sake of war or enmity. We have always had *your best interests* at heart. But we had to accept with great sadness the fact that we have undertaken an enormous expedition and an even more enormous amount of research and labour, only to run into obstinacy and rejection, which has seen all our hopes and expectations shattered. The humanity on this Earth has *trampled* all our hard work and all the efforts of a spiritual WORLD *underfoot* and ridiculed the handed down LAW of GOD and described it as a product of human fantasy.

CHRIST did not fare any better.

The efforts to *set religion right* cost him his life on this planet.

I could tell the powerful within the Church a lot more, alas, I will save it for later and I don't want to expose my mediums to the same danger.

But I say to you:

- *CHRIST returns to you on "clouds", that is to say, with the HEAVENLY CRAFTS - and their sirens will be the trombones of GOD, announcing PEACE.*

## VERITAS VINCIT

### TRUTH CONQUERS

For thousands of year you have argued over faith and even fought fanatical religious wars.

This dispute belongs in front of a judge!

But which judge on this uncharitable Earth would have been able to reach a decision in this dispute? A court made up of fanatics and sinners would be a dreadful combination. But as with any court, there must also be witnesses. May *your own intellect* be the prominent JUDGE in this question of faith - and GOD himself be the ACCUSER bringing the LAW breakers to court on 10 indictable points.

Where are the witnesses who have to make a statement under oath?

Up to now, you only had witnesses who could not give an objective statement. You have not allowed the opposition to have their say. We propose that the opposition have their turn. But we, the SANTINER, are the opposition, because our ancestors have had a hand in this matter of faith.

PLAINTIFF : I move that we first deal with the case of the murder of CHRIST.

JUDGE : This case has been barred by the statute of limitations.

PLAINTIFF : Nothing is ever “*barred by the statute of limitations*” when it concerns GOD, because with GOD there is neither time nor space. Who wants to insist that a ‘not guilty verdict’ was given.

JUDGE : Well now. - The first witness please!

ASHTAR

SHERAN : The people of Earth have documented the PHENOMENON of the LEGISLATION the way they observed it - and they way they *comprehended* it at the time. Coming from other planets, we also have our documentations about this great event. However we have not observed it, but our ancestors have *carried it out*. I therefore ask the court: Whom is to be believed *more*, those who after a long period of preparation have carried it out - or the witness who, with his lack of technical knowledge, only observed it from afar?

JUDGE : We know from experience that the perpetrator has more knowledge about it than the observer who is not familiar with all the facts.

ASHTAR

SHERAN : Is it allowable for a witness to write down his statement? I’m not in a position to personally come to court; this is why I make use of a so-called to tele-writer. With this I mean the medium.

JUDGE : I have little knowledge about the technical application of such a tele-writer. But the witness may proceed.

ASHTAR  
SHERAN : We brought this humanity the divine LAW of the TEN COMMANDMENTS. It is at the core of all TRUTH. The manner and execution of the delivery, that is to say, the interconnected physical science and also the enormous technology *could not have been explained* at that time. We therefore only displayed our MIGHT and brought the LAW.

JUDGE : This makes sense to me.

ASHTAR  
SHERAN : The AUTHOR of this written account, namely the LAW, is GOD, who transmitted it to the SPIRITUAL WORLD, which in turn assigned its transmission to us. The NAME of the AUTHOR was subsequently *abused* to assure sales opportunities, HIS NAME was mentioned in place of the priesthood's.

JUDGE : What has this to do with the murder of CHRIST?

ASHTAR  
SHERAN : A lot! CHRIST was in contact with the same world we also have CONTACT with from time immemorial. He was familiar with this mode of transmission and he also knew about the forgeries that could present a danger to the LAW. He also knew about the destructive effect, which through the falsification of the NAME of GOD, was to be unavoidable. He saw the disaster coming.

JUDGE : Why did not he enlighten those around him with what was known to him?

ASHTAR  
SHERAN : He did! He turned to the priests and explained to them in detail the delivery of the LAW. He also pointed out to them, that many contradictions and human nonsense was *added* to it so that the original, important TEN COMMANDMENTS would come into disrepute and be *also* regarded as pure human fantasy.

The priests *did not* show any sympathy towards this accusation, even less so for the way the COMMANDMENTS were transmitted. They *could not comprehend* that the GOD of the Israelites, who performed his miracles in a cloud or a pillar of fire, was not GOD *personally*. The priests thought the explanations of CHRIST were the greatest blasphemy that ever existed. It was not really fear and envy caused by the miracles performed by CHRIST, but a fanatical indignation that gripped all of them that made them want him nailed to the cross. In their eyes, such a blasphemy could only be atone for by a most agonising death.

JUDGE : This puts a completely different shine on things. But where would this accurate knowledge come from?

ASHTAR

SHERAN : From CHRIST, then our ancestors were CONNECTED to him. After the resurrection, they brought him back to the spaceship in a VIMANA.

- *CHRIST often visited the desert and was picked up and taken on long journeys. He was away from Earth for years.*

According to our expedition journals, our forefathers *supported* CHRIST in every way. When CHRIST died on the cross, the Earth darkened and a magnetic storm erupted, tearing the curtain in the temple and twirling everything about. The people saw a great black cloud over the Mount of Olives and the earth trembled from the anti-gravitational force of the spaceship.

JUDGE : CHRIST therefore could not convince anybody with his TRUTH, because people in those days did not believe in the possibility of life on other stars and because they hardly had the technological experience that would have enabled them to believe that space travel could be possible. - His KNOWLEDGE of the TRUTH was his death sentence.

ASHTAR

SHERAN : Your scriptures report: “And they will see the son of man approaching in a cloud, with great power and glory.”

JUDGE : What is meant by: “in a cloud”?

ASHTAR

SHERAN : In a space ship of type MV, which still has not come close to Earth, but *can* be guided here in a very short time. You would get the impression as if the sun was falling down on you. - What dialectical materialism has conceived cannot be described any more. It *contradicts* all laws of nature, because one has used a philosophy, which regards the whole content of the bible a series of fairytales. Man can certainly be wrong if he only has limited knowledge. The philosopher who wrote that philosophy was certainly a great thinker, but also a great sceptic and on top of that, ignorant. He did not write about things as they were, but the *way he made them up*. But this philosophy is configured in such a way, that it appeals to political atheists, because it gives them a guide on how one can best *avoid* any higher responsibility.

JUDGE : It is an irrefutable explanation of the TRUTH of the FAITH of GOD. But the EVIDENCE of the EXISTENCE of GOD is dependent on flawless proof that there are definitely such HEAVENLY SHIPS and that they are seen as pillars of smoke or fire.

ASHTAR

SHERAN : This is the reason why we fly all over the world with *just about all* of the various ships of our SPACE FLOTILLA. We are not just registered near military installations but are also spotted by many pilots. But also many thousands of people have observed us. We

are trying to prove, through our flights of fire, that the bible *was correct* in regards to the LEGISLATION given by GOD. This is the only way to adjust your political and religious errors *peacefully*. Proving the EXISTENCE of the HEAVENS is for all of you an important statement given by witnesses in the administration of justice over the true FAITH.

JUDGE : What should we do now?

ASHTAR

SHERAN : *Energetically demand the publication of documents which are kept at the ministry of defence. These documents not only prove our existence but also the existence of GOD.*

### **Why this disbelief?**

What else would theologians and priests know, but what is written in the bible? - But if this bible is a book of a thousand miracles, written and presented the way one would show a book of fairytales to children, the best intellect is *not able* to make something better out of it. But the miracles described in the bible go *beyond* the experience of all researchers and scientists and certainly beyond the experience of your everyday citizen.

The priests *got it wrong*, when they claimed pageantry for themselves, whilst the poor languished in misery.

Bloody wars augment suffering on this Earth.

One realised that the merciful GOD was not in a position to put a stop to this suffering. GOD stayed invisible and muted. - Indignation rose in the hearts of many people when they saw the abominations which were happening and which went *unpunished*. One therefore longed for a solution one could not expect from heaven.

- *But the KNOWLEDGE that the heavens have always been active and also striving for a remedy, was lacking.*

Don't look at my words as political party talk, but as an assessment from an *extra-terrestrial* perspective. My words are not directed at a government, but *at ignorance* - and this is *just as great* in the Western Hemisphere as in the East, South or the North.

But the real explanation for the religious behaviour of those nations, which thousands of years ago had *personal* contact with the HELP of GOD, can *even today* lead to a better mutual understanding. Then none of the combatants is in the right, because neither one of them was informed of the pure TRUTH of these things.

This is why I advice politicians, before making important discissions over life and death of mankind, to inform themselves about what *is kept about us* in their ministry of defence and to compare that with this REVELATION. - But those politicians, who *vaguely* believe in GOD and who think him *likely* but

*not proven*, should also do the same; they will turn pale when they recognise the TRUTH with their cool intellect.

Marx and Engels, Stalin and a few others propagated the consequences of atheism. Atheism is in reality nothing else but the *incapability to understand divine phenomenon*. It is the most primitive doctrine of salvation, to simply *disown* GOD and the anti-spirit and allow inhibitions free reign without loading ones conscience. It is very clear that those advocating this doctrine of salvation have no say in the formulation of this divine LEGISLATION, because they could never believe such a REVELATION. - How could the Red Sea part - or how could it be that GOD descends from heaven and *talks* from a pillar of fire, allows Moses to *enter* this cloud, to spend forty days discussing with him everything which is important in bringing peace to mankind?

Only through the ignorance of the FACTS could disbelief win and a pseudo- religion be created, which *does not* contain any miracles - but human thoughts of power *instead* of divine LAWS. It is a matter of fact that such a substitute religion, which simply *places* itself above the INTERPLANETARY LAWS of the BROTHERHOOD and puts party paragraphs in its place, represents a misanthropical and destructive principle.

Marx hated the bible and especially those passages his intellect considered improbable. He did not believe in supernatural miracles. But our miracles are not of an earthly nature, they are *supernatural* - this is something nobody should doubt anymore. *Karl Marx* did not want to fight against GOD, but against fables and lies. If he had known anything about our spaceships, he would not have had any reason to attack faith in such a blasphemous way. He fought against an alleged superstition and considered biblical phenomenon a *pacifying drug*, induced through the bible.

- *Opium is a misjudged poison as it is deadly if taken according to instructions, but not deadly if one knows its precise properties.*

Mankind calls out like CHRIST called out when he shouted: “Eli, eli, lama sabachtahani?” - But we have prepared everything better this time around and we will be here at the right moment so that this mistake *will not happen again*.

The powerbrokers of this Earth have always *found* courage *in their faithlessness*.

We will *wait and see* if they will now take courage to accept the TRUTH from faith.

- *Avow yourself to the TRUTH and erase errors once and for all!*

## **GOD wishes**

We are not just super-technological in our development, but also in a transcendental way, that is to say, through religious REALISATIONS *far* advanced of your capacity. I permit myself to say that *we* have a SUPER-RELIGION. - But *you* concern yourself with a *super-death*.

- *Every nation feels it is in the right.*

- *Every nation believes that its leadership is the best. One endeavours to equalise enormous contrast with words.*
- *Every nation knows that its antagonist is a ruthless mass-murderer. It is not possible for any nation, any people to lay down its arms before the most bitter of all wars, out of pure fear.*

No statesman will ever find a solution of how peace under these circumstances is at all possible.

In one word: *It is all impossible.*

But we want to reveal the solution to you now, it has been applied with success on many of GOD'S planets throughout the universe.

- *Let peace be peace; then whatever you have achieved and will achieve could possibly be a betrayal - a wish, as you say - but it would be anything else but peace. Therefore concentrate on other things, namely on our existence and on us.*

We therefore recommend to you:

Organise a grand, international summit and invite the best-informed authorities in the field of ufology. Invite to this summit the most important and most responsible statesmen of all nations, which have an army and armaments. During this conference, questions of security and the possibility of peace should not be on the agenda, only the following questions:

- *Why do our BROTHERS from other stars come to visit us?*
- *What is the connection between the bible and the people and spaceships from other stars?*
- *Where do the TEN COMMANDMENTS humanity was presented with in such an impressive fashion, come from?*
- *What can happen to us, if we don't abide by these COMMANDMENTS?*
- *What holds our future for us, if we don't take these INTER-PLANETARIANS serious?*

If you deal with these questions while the ministries of defence place all their materials on the table to evaluate and compare them, a future and catharsis will develop *automatically* the way it has *never been* possible before on this planet.

We have full intentions to *support* such a summit. If at all possible, we want to avoid any kind of brutal measures. But we have no free will in this matter and cannot leave you in the lurch, because there is a HIGHER AUTHORITY above us.

We simultaneously recommend to all religions of the world and all those in responsible positions within the Churches and sects, to also deal with this problem in an *undogmatic* and *open-minded* manner. They should have the courage for a decisive operation, which could still save this dying

patient called “humanity of Earth“. They may, according to the DESIRE of GOD, cleanse and rectify the bible, without feeling ashamed about the mistakes and about the past.

**G O D D E S I R E S T H I S G R E A T R E F O R M A T I O N !**

I. N. D.

ASHTAR SHERAN

### **Intermezzo**

Question : Why does a spaceship appear as a pillar of smoke during the day and as pillar of fire during the night?

TAI SHIIN: During the changeover to a higher force, a phase of magnetic force is created. During this state, the compressed air swirls as a magnetic aura around the flying ship. This aura can also contain a lot of dust. This magnetic atmosphere shines like a St. Elmo’s fire. It is a cold light.

Question : According to newspaper reports, maleficent entities did come from space in UFO’S to us. Is this correct?

TAI SHIIN: No, these are so-called newspaper hoaxes. They are a sign of the times.

Question : What is the current position of governments in regards to the UFO problem?

TAI SHIIN: Not one government in the world rejects the existence of extra-terrestrial spaceships. If they do so, they only do so in the public eye.

Question : What are the reasons that people are still abducted from Earth these days?

TAI SHIIN: These are manly people with high levels of scientific education; they are questioned by the SANTINER about a lot of things worth knowing. The SANTINER have to be informed about everything to be completely in charge of the situation when landing on Earth. The landing, from a technical point of view is in itself no problem, but a lot more is required to guarantee a lasting peace. Those we pick up who want to return to Earth, will get an opportunity. The SANTINER do not use force. They just say: “Please, follow me!” Once inside the spaceship, they will be enlightened. If they want to, they can step back.

Question : What are the conditions a landing on Earth is depending on?

TAI SHIIN : If mankind unleashes a new World War. Such action would signify “Day X”. But we land anyhow, just as soon as the investigations by the SANTINER and the “HUMANS from VENUS” are completed.

Question : How long ago have the SANTINER conquered space travel?

TAI SHIIN : About 5,000 years ago. Before that, human dematerialisation was not possible.

Question : We don't understand the dematerialisation of human beings. Can you tell us more about it?

TAI SHIIN : The SANTINER and the "HUMANS from VENUS" find it is just as incomprehensible and unbelievable that you kill each other on masse without compelling reason. Other people from other stars can understand this neither.

Question : Are there on your home planet political oppositions of a serious nature?

TAI SHIIN : This is completely impossible on METHARIA as we have *one* philosophy:

- *One* planet - *one* country.
- *One* human race - *one* law.
- *One* religion - *one* GOD.
- *One* system - *one* government.
- *One* cognition - *one* plan.

Question : You say that you do not kill. But we now know that your ancestors have destroyed Sodom and Gomorrah. How are we to understand this contradiction?

TAI SHIIN : When we have to kill it is not our decision. But we are part of the HEAVENLY HOST and above us is GOD. HE gave the ORDER to destroy Sodom and Gomorrah. - The LORD has the WORD. HE knows why.

Question : Are there descendants of the SANTINER on Earth?

TAI SHIIN : We know nothing about that.

Question : Whilst Sodom and Gomorrah was being destroyed, the wife of Lot turned around to have a look and turned into a pillar of salt. How can this be explained?

TAI SHIIN : This is written in the bible but in spite of that, is not correct. She probably looked back and was paralysed by fright. You consider the bible to be a book of fairytales, because the LORD did not say whatever the text explains. But without the bible, mankind would be without LAW.

Question : Were people from Earth also abducted thousands of years ago by spaceships?

TAI SHIIN : Yes, this is correct. - It was not noticed so much when somebody disappeared years ago.

Question : Is it true that your women act as pilots of your spaceships?

TAI SHIIN : No, this is due to your mistaken observation. Due to the long hair and beardlessness the men look very similar to your women. But our women often come along on space trips. At any rate, our women do not place themselves on the same level as men. These earthly laws *are not recognised by us*; they are contradicting the WILL of GOD.

Question : What kind of garments did the SANTINER wear in biblical times, because they were often regarded as ANGELS?

TAI SHIIN : They wore garments, which were blue, red and decorated with gold. These days we wear practical space suits. But at certain ceremonial events, the same splendid garments are still worn.

Question : We undertake trials with pilots where they are subjected to weightlessness. Have these trials any chance of success in regards to space travel?

TAI SHIIN : They are not equal to the higher demands encountered in space. Their lungs would tear apart if they were in space *without* a protective suit.

Question : Can two spaceships travel side by side without any danger of collision?

TAI SHIIN : Yes, this is possible. They can stay in contact with each other at high speed. These flying objects cannot collide because of an external magnetic field.

Question : What influence have the spaceship's rays on our physical matter?

TAI SHIIN : No negative effects these days. On the contrary - our spaceships have *shielded* your planet from a destructive belt of radioactivity, which *tightens its grip* daily.

Question : Moses was forbidden to climb the mountain before the all clear signal was given, was there not *still* a danger to life and limb?

TAI SHIIN : Yes, certainly in those days. But in the mean time, our sciences dealing with rays have made further progress.

Question : Could your spaceships create destruction on Earth equal to an H-Bomb?

TAI SHIIN : Yes, certainly. But such an atmospheric storm would not be created by one UFO, but by a whole flying squadron, as you would put it.

## The reformation takes place

The TRUTH is born and has seen the light of day. But this TRUTH has a *delicate* body, an infant placed in a cruel world full of weapons and devoid of emotions. The infant TRUTH needs LOVE, protection and understanding.

- *I do not present this TRUTH to the priests, but to all those good friends who acknowledge us.*

But I don't talk about those people who act like nominal members of a political party - and who can't get their hands fast enough on a forged party identity card with our name on it. We are MESSENGERS of GOD and *not* members of a party!

- *The name "Michalek" is of symbolical importance, because it represents the negative aspect of the NAME of the exalted ANGEL MICHAEL.*

Mind you, what is written here is an important REVELATION and you should show your gratitude.

- *Carry out the great REFORMATION of FAITH!*

It has become clear to your Churches that things can't go on the way they have. People's intellect on Earth is influenced by technology and they are neither willing nor able to accept the bible in its *incomprehensible* historical version. Ungodliness is the inevitable result of it.

I know of the shock the princes of the Church must feel.

Will they continue to defend the errors and continue to work with this lie?

If the great Churches and their powerbrokers don't want to accept this revelation, they place themselves at the side of the godless who have been deceived by false doctrine.

But I say to you:

- *The powerful amongst the people of Earth will have to bend to this TRUTH, because those nations still capable of virtuous thoughts will make sure of that.*

Those famous socialists, up in arms against religion and also against GOD, were *not the worst* people, they had the interest of humanity at heart and this is more than one can say about their successors. But those socialists and revolutionaries were not in possession of the TRUTH and only recognised the inadequacy in the historical tradition of the divine miracles, which do not leave a favourable impression on a cold human intellect. Those passages in the bible made GOD look like a character out of a fable, which does not coincide at all with any of the scientific experiences made to date. Those sociologists fight with all their intellect against the propagation of these alleged fairytales, which had to lead to politically undesirable inhibitions in the human thought process. Their fight against a mystical GOD with his many fairy story miracles was a *logical fight against superstition*. But the end result of their philosophy could unfortunately never be correct, as the CODE in their calculations was *missing*.

With the irrefutable fact of the divine MISSION on Mount Sinai and also the verifiable certainty of the major technological and heavenly event at the Red Sea, the numerous sociological philosophies of the *wrongly* glorified thinkers collapse. They wrote their essays *without any knowledge* about the scientific-technological wonder space travel represents. They therefore add one more error to the enormous list of errors mankind makes.

The despots of the East are now forced to *review* the foundation of their materialistically conceived redemption of the world. But their astuteness needs knowledge and experience. Added to this knowledge and to those experiences belong the facts about what happened at the Red Sea.

All of you are now faced with an important question of conscience, if the *fact of spaceships*, which have fulfilled their MISSION as MESSENGERS of GOD during biblical times and *proven* by hundred of thousands of UFO documents, have a much greater importance than the doctrines you have glorified as if they were given by GOD. Here the human product faces divine DELIVERY.

- *Human speculation without sufficient knowledge about the events in the INTERPLANETARIUM rejects the true DOCTRINE of SALVATION of the divine BROTHERHOOD, which offers the only possible guarantee for peace and advancement for the human race.*

GOD has HIS ANGELS of AFFIRMATION, which are *not always of an invisible* nature. Your bible bears witness to such encounters. This Earth has experienced the birth of pure TRUTH on *numerous* occasions. Our ancestors have also encouraged these births.

- *The STAR OF BETHLEHEM was positioned over the birthplace of TRUTH. The spaceship glowed in the firmament and moved ahead of the magi. They took our shining spaceship to be the HOLY GHOST.*

I tell you I. N. D. (In the name of GOD):

*The HOLY GHOST of GOD consists of the HEAVENLY HOST we are also a part of.*

We glide *silently*, fast and peacefully down to Earth with our flying objects or *disappear* in space at the speed of *light*. Our spaceships are the DOVES of PEACE of the HOLY GHOST. From our spaceships sound the words:

PEACE ACROSS ALL FRONTIERS !

Or:

Look, this is the SON of GOD !

In many aspects, your Holy Scripture is everything else but holy. It is a *register of sins* of the worst kind and also a book of bloody confrontations and terrible wars. It is written: "He who lives by the sword, shall die by the sword." - But all these interpretations and alleged divine revelations do not

coincide with the few actual WORDS of GOD left in it. If the CREATOR says: "DO NOT KILL ANYBODY!" then HE will never recall HIS WORDS.

But how is it with you?

A million people could confront a despot and through a megaphone call: "Thou shall not kill!" The despot might fear the indignations of the masses, but he will not bother about the LAW given by GOD through us. Then whoever does not believe in GOD and is not completely convinced about HIS EXISTENCE and MIGHT, will never be able to believe in the GREAT LAW.

Your nitpickers are of the opinion that the GOD'S LEGISLATION is only an *earthly* event, a *social demand*, cloaked in a mantle of fairytales and miracles to make it more palatable. It seems impossible for you to believe that GOD spoke to you from a pillar of fire.

- *The spaceships we use could never be designed and constructed by people from Earth. These space-beam-ships are the spiritual PROPERTY of GOD. We have constructed them according to HIS PLANS and use them for HIS PURPOSE.*

We can travel *unhindered* through space or dive to the depths of the ocean. But every human being we invite into our spaceships is treated like a BROTHER and a guest of GOD.

- *Your life is a part of the eternity of the LORD and your personal I (ego) does not cease to exist after death for a long time to come.*

This is why the punishment that strikes those who have trespassed against the LAW of GOD is beyond your judgment and observation.

- *He who once in his life kills his brother or his sister will die many a death, something that cannot be registered by you.*

But *we are all* brothers and sisters, throughout the universe.

By the LOVE of GOD

Your ASHTAR SHERAN

This great MESSAGE of the INTERPLANETARY FRIENDS is so enormous and *logical* that it would be a sacrilege, if one would *add* anything or *leave* something *out*. We thank the ALMIGHTY for revealing himself in this way.

PEACE ACROSS ALL FRONTIERS! - Amen.

Medialer Friedenskreis Berlin
