The answers to these questions were transmitted by TEACHERS from the SPHERES of LIGHT. Paranormal voices appearing within the protocol were captured on tape and are marked with T.B: (Tonband). Any words that are underlined are authentic with the original transmission. This working circle grew out of a meditation group and commenced its psychic activities on October 25th 1995.

### Introductory words:

GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS! We are welcoming all present from the OTHER WORLD very cordially. "Where two or three are assembled in my NAME there I will be right in the middle of them," these CHRISTIAN WORDS shall guide all our meetings. We will do this work in HIS NAME so that it will serve everybody. Only HE is able to send authorized TEACHERS so that we can receive the TRUTH. We ask CHRIST to bless all present here with HIS spiritual PROTECTION so that we won't be a plaything for the antagonist of GOD. We know that we have to make the greatest contribution ourselves. – It is our aim to grow through spiritual TEACHING, then to be able to distribute the TRUTH there where it can fall on fertile ground. We are asking for GUIDANCE so that our MISSION on Earth will be justified. We cannot reach this destination under our own steam, without spiritual HELP. We thank all HELPERS from the OTHER WORLD who support us in this. In this sense we are hoping for a blessed and enlightening evening.

---

The meeting began with an opening meditation and a *materialisation exercise* conducted by the SPIRIT TEACHER MAGDALENA. This was followed by the *inspirational* part of the meeting with the SANTINER TAI SHIIN.

---

Participant : GREETINGS IN THE NAME OF GOD!

A hearty welcome dear spirit FRIENDS. A special welcome to TAI SHIIN and his COMPANIONS. We are pleased to have the SANTINER present here tonight to enrich our indoctrinations.

EUPHENIUS: GREETINGS IN THE NAME OF GOD!

This is EUPHENIUS speaking. As the TEAM'S SPEAKER I welcome you to this meeting. The GUESTS are present. TAI SHIIN will announce his presence now and he is ready to answer your questions.

TAI SHIIN : GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS!

This is TAI SHIIN speaking. We are pleased to be here with you to impart necessary information to your consciousness and information about the impairment this world is heading for in the near future. Ask your questions. We are authorised to answer them.

Participant : We wish that you would be made welcome, the way you are welcome here in this circle, because a lot of things would surely look different then all over the world. We hope that you have a lot of good points of contact on Earth and we hope that their numbers continue to grow. Before we ask our questions we would like to give you the opportunity to open our second meeting for the year with information from your side.

TAI SHIIN : We can inform you that the whole fleet, at the disposal of this planet, is ready to help you right the wrong in nature the misconduct of your human actions has caused in damage to the Earth and its natural life forms. Through inspirational interventions we endeavour to encourage *different* impulses to take affect and this not just with politicians, but also with other eminent powerbrokers here on Earth, so they *understand* that their actions not only harm others, but *also harm themselves*.

*The Earth's equilibrium has changed tremendously*, so much in fact that even animals tend to lose their sense of direction. Your environmental influences even affect the steering mechanisms and impulses of animals.

- *Remember, all of these are warning signals you consciously receive to give you the opportunity to effect changes.*

We hope that you recognise that your actions grossly interfere with the divine PLAN and with CREATION, not just yours, but also Mother Nature's by placing great stresses on her.

What is to be regarded as positive is that many people are beginning to undertake a journey in a divine sense and recognise that they have to make a number of changes in order to travel in the right direction. We receive these divine impulses very powerfully.

We have the opportunity to give information not just through this circle here, but through other mediums also. ASHTAR SHERAN is the topmost LEADER and entertains regular exchanges with the WHITE BROTHERHOOD. We hope that our information not only guides you along the right path, but many other souls as well in order to spread positive sparks all over the world.

Question : The violence between Israel and the Palestinians in the Near East continues to escalate. If the Arab world forms a military alliance against Israel, the biblical prophecy that states the following might be fulfilled: "When you see Jerusalem beleaguered by an army, be assured that its destruction is imminent." What can you tell us about the problems in the Near East?

TAI SHIIN : This critical situation concerns us deeply and we try to deal with the situation there so that this prophecy will *not* be fulfilled. We are sending positive, divine ENERGIES into this area and illuminate it through our FREQUENCIES of LIGHT. We hope that our intervention brings an awakening, not just in this hemisphere, but that the western world declares its willingness to make positive changes. The assurance that we *never give up* ought to reassure you and you should send LIGHT to this region when you say your prayers. Include this in your prayers, because there are presently no other opportunities to untangle this chaos.

Question : During the meeting of the 17<sup>th</sup> of November 2000, you announced that the meetings in 2001 would mainly be configured by messages and tips *from your quarters*. How would you like to deal with this in the future so we can prepare ourselves accordingly?

TAI SHIIN : To begin with, you have the chance to ask your questions, giving you the opportunity to enhance your knowledge and to address your fears so that we can react to them. I will intersperse messages as an extension of individual meetings.

Question : You also said that you will keep us informed about global changes and if necessary convince us with pertinent results. What did you mean by that?

TAI SHIIN : A result will be forthcoming *when* we have a lot of divine INFLUENCE in the theatre of war you mentioned. We will have reached our goal, when this war has come *to an end* and when we have been successful in effecting a change within the thought matrixes of these people through a divine LIGHT MECHANISM. This is an example of a result.

- *Appearing with our flying objects in the sky - something you often wish for - is not a result. The majority of the population is not prepared to accept our existence as something positive and to meet us in friendship. We are afraid that the exact opposite might happen and that a lot of fear is mobilised. This fear allow the negative to take a step forward, thereby receiving the opportunity to influence these souls in a negative way.*

Participant : We can understand his line of argumentation. But on the other hand it might be a case where your appearance in the sky, directly over the affected area, could distract the warring parties to a degree where they change their minds. This could achieve quite a lot already.

TAI SHIIN : We would then be the ones the aggression would be directed at. I would simply represent a *displacement* of violence, aggressiveness and negativity. A *genuine* step into DIVINITY would be if the conscious thought would change that one should not fight one another, but that one should look upon one another as brothers and sisters and that one accepts one another in spite of all the extraneousness and difference. Of what use would it be if we appear as a diversionary tactics and the fronts *against us* would be reinforced? This would not diminish hatred, fears, destruction and negative thoughts. On the contrary! They would appear in a *cumulative* form and it would lead to the destruction of a number of nations.

Question : The “Süddeutschen Zeitung“ (A newspaper in southern Germany) published an article this year stating that an office for UFO research in London closed its doors. The apparent reason for the closure was that no UFO sightings were reported anymore. Is it in your interest that these types of establishments are closed for those reasons?

TAI SHIIN : As I mentioned before, the fact is that ASHTAR SHERAN’S flotilla presently refrains from being sighted all that often here on Earth. I have mentioned the reasons before. VIBRATIONS presently exist here on Earth that any sighting would *only have a negative effect*. If we would discover a *positive* core, we would certainly be willing to visibly appear in front of people. We are faced with such a negative attitude right now that it would be unwise to make an appearance.

Question : During your first visit this year you said: “We have the assignment to support and inspire you in very specific areas and to draw your attention to us as a superior WORLD POWER.” - What are the areas you are supposed to give us support in and how do you plan to attract our attention?

TAI SHIIN : What was meant here is that you have to opportunity, through the internet, to reach other people, people willing to believe the messages imparted to you by us and by spirit entities. There is an opportunity to create a chain, which like a stone thrown into water, creates an ever widening circle that can reach all souls willing to open their minds to the new VIBRATIONS the New Age brings with it. We hope that through this group a multitude of people receive our messages to then hand them on to others. Look upon it as a chain, a net that is invisibly cast over them.

- *A net will develop that will be so stable and strong that nothing will be able to render it asunder. This will give us a mouthpiece here so that we have the opportunity to give you information and tips in regards to your Earth, your existence and your life here on Earth.*

Question : Who is your PRINCIPAL?

TAI SHIIN : Our PRINCIPAL is the CREATOR. The WHITE BROTHERHOOD is subordinate to HIM. I am subordinate to ASHTAR SHERAN.

Question : Just recently terrestrial astronomers discussed the likelihood of a collision between the Earth and an asteroid. Let's assume that a huge mass from space, like for instance an asteroid, is on a collision course with Earth resulting in the complete annihilation of all physical life on Earth. Can mankind rely on *direct help* from you in such a case?

TAI SHIIN : We can answer this with an *emphatic yes*. - We do have the ASSIGNMENT to *protect* you and to *guide* you. With the help of our highly technical equipment we have the opportunity to dislodge such asteroids from their orbits. It would not be in GOD'S INTEREST if the Earth was destroyed under these inauspicious circumstances.

Question : GOD'S antagonist would like to see the destruction of this Earth in order to prevent mankind's process of redemption. Could it not be possible that due to his fanatical impulsion, an asteroid could be send *quite deliberately* on a collision course with Earth?

TAI SHIIN : We are positioned as a line of DEFENCE over this planet. The antagonist certainly has a position of power here on Earth and he utilises this to find ways and means to carry out destructions on Earth.

- *The antagonist has powerful OPPONENTS outside the confines of this terrestrial globe and they have GOD'S ALMIGHTINESS on their side.*

Question : You actually already answered the next question, but I would like ask it just the same: There is huge cloud of frozen comets beyond Pluto's orbit. On its path through the Milky Way, our solar system could be "disturbed" by the gravitational field of a nearby star system. This would surely influence the orbital paths of some of these frozen comets. According to the opinions of astronomers, such a disturbance would allow *millions of comets* to race through the *inner* regions of the solar system and some of them would inevitably collide with Earth. The direct impact of such a large comet could wipe out all life on our planet. Does such a danger exist in the near future?

TAI SHIIN : This will not take place in the near future, because we have weaved a protective shield around this Earth. We have positioned our spaceships in a finely-meshed formation around planet Earth. We have strengthened the stability of the Earth's axis and we keep a *close watch* over the things that take place *outside* of your Earth's orbit.

Question : According to some report, well over 500 hundred asteroids that cross the Earth's path, have already been observed - over 300 of those have *disappeared without a trace* in the mean time. Are you aware of this?

TAI SHIIN : We have dematerialised them and we have deflected them into other spheres. This took place after discussions with the WHITE BROTHERHOOD, because your assignment here does *not include the destruction from external sources*, but you must try to arrest your own *inner* destruction by dealing with your own problems in order to return to the SOURCE.

Question : Over the last 1,000 years there have been no mass impacts where people have lost their life. Have you prevented this from happening?

TAI SHIIN : We can answer this with a *yes*, because these collisions are averted by our side.

Question : A large deep-sea crater was discovered off the Yucatan Peninsula in Mexico, according to scientists, this could be the cause of the extinction of dinosaurs 65 million years ago. According to the opinion of these scientists, this crater was caused by the impact of a 16 km long, large asteroid. Dust and smoke from this explosion could have plunged the Earth into such darkness that plants and animals died. Is the assumption put forward by science correct?

TAI SHIIN : We *negate* this, because this crater has a *natural* history. It was not created from external sources. A convulsion within the inner core led to the splitting apart of the Earth's surface. This force caused a part of the Earth's surface to burst open. It has nothing to do with external impacts. It was an evolutionary convulsion of the inner sun, the heart of your Earth. It means that the inner core of your Earth, which also represents a living being, a divine living being, concluded an evolutionary cycle and this led to these effect, namely that huge masses of ground very violently pushed to the surface. Earth's inner core also has an evolutionary history to record.

It isn't just you here on the Earth's surface who have a cycle of development behind you, but within the Earth, lifecycles are also experienced at the same time. You can see this on hand of natural events that presently and for decades have convulsed your planet. These are indications that you, as human beings, harm the core, the soul of your Earth, through measures that affect it arbitrarily. These are the effects of your actions. It is a giving and a taking: The things you do will eventually return to you as something positive or negative.

The violability of the earth's core, its soul, has increased a lot. You forget that you disrupt life within your Earth's core through drilling and subterranean nuclear explosions. The implications are cries for help from your Earth! - But you do not recognise them for what they are.

Question : Experts fear that global warming will rise up to 5.8 degrees Celsius in this century - far more than previously predicted. Millions of people will be threatened by this. Sea levels could rise by as much as 88cm, whole groups of islands and coastal regions could go under water. Is the researcher's apprehension justified?

TAI SHIIN : We also have to say yes - *unfortunately* yes - because the balance of nature is totally mixed up. You interfere in a coordinated system where one thing intermingles with another. You interfere with your flora and fauna, which is build upon and coordinated with one another. You remove individual links from a chain and then you show surprise when the chain becomes brittle and cracks and this system no longer functions. Your behaviourism endangers and disrupts the whole equilibrium of your Earth, not just the Earth's inner core, but also the outer layer, the very thing that keeps you viable.

You *totally disregard* the laws of nature, as if they no longer existed. To you. only *your own* egotistical laws exist and they are tainted by the lust for power and by avarice. You have no inkling of the harm your actions do. Every single plant, every single flower represents a link in the chain that is the ecological system. You are surprised when the whole structure comes tumbling down. You are devastated that the Polar Regions begin to melt and that global warming is an issue that will lead to draughts and that periods of famine will occur. - I ask myself, when will you be prepared to open your eyes to see *the bona fide*? I ask myself, *what else* has to happen before you stop and return to the old, handed down LAWS. It isn't just the Church that has laws; nature also has its laws. You, as human beings, have your own laws, but you permanently disregard them. The DIVINE has gone missing and you try to find happiness through your sense of fulfilment. But such happiness is delusory!

Participant : Accordingly there are a few things in store for us in the near future.

TAI SHIIN : You have the chance *to change* the points along the track you travel *at any time* and this is our hope and our faith in you, as your brothers. We will not abandon our hope and our longing to see you back in the REALM so that we can progress along your preordained path together. We hope that every one of you here on Earth, individually gains the insight that one bears responsibility for the here and now.

Question : This resetting the points *at any time*, is it really that easy? The system Earth, which is presently on the wrong track, would surely continue in the wrong direction for quite some time, before any new measures take effect. It is as if one tries to stop an express train in full flight.

TAI SHIIN : Positive, please don't ever forget this, there are also NATURE SPIRITS here on Earth, which are at your service in the NAME of GOD and willing to help you. Plants have been rescued that have long been thought of as extinct. Materialisations were carried out by other PLANES and SPHERES in order to reassemble these various links little by little.

Question : According to the latest report on the climate, which analysed data over the last three years, most of the existing damage to the environment is not reversible. The last century was supposed to have been the warmest for a thousand years. From a global point of view, the nineties were the warmest decade. Some people say that this scenario is the beginning of the end. Are they correct?

TAI SHIIN : They are certainly right by *recognising* that something is turning in the wrong direction here on Earth. It is certainly a fact that a lot of damage caused to nature now becomes apparent giving you something to think about and thank God you are aware of it and analyse it. Thank God there are a few entities here on Earth that *recognise* that the direction you have taken is not the right one. However, we do not know where this road leads to and I must say that we also do not know the point in time.

Participant : But you have the overview and you would have to recognise when something is about to happens.

TAI SHIIN : We can certainly tell you when the Earth is beyond coping with this stress. But we *cannot* say to what degree you, as souls, will change.

Question : Even though they vehemently denied this only a few years ago, scientists now say that the rate of climatic change is greater this century than over the last ten thousand years. The extend becomes apparent when one considers that over the last few million years, the Earth's temperature, in spite of warmer periods and ice ages, never moved more than a maximum of 5 degrees in either direction. According to your opinion, what should one do? What solution could you suggest?

TAI SHIIN : We say to you - I deliberately say *we* - because we are not just dealing with a group here, but the whole circle of SANTINER, which accompany and protect this Earth and try to point out these misunderstandings here, namely that you don't just destroy this planet, a GIFT GOD gave you, but through your accelerated poisoning of your environment and through the exploitation of the soul called Earth, you also destroy the deeper significance. This significance being that you receive a chance here *to redeem yourself* and to *progress* in your development. But what do you do here on Earth? You don't sense your allocated tasks at all; conditional to the fact that you possess your free will and that you can certainly decide of your own volition, which direction you tend to go.

At this point in time, the dark FORCES enjoy a very good game, because all of you are *orientated to the outside*. You are blinded by externalities and by your unwillingness to perceive what is *important*. On the contrary - it isn't *cool* to express divine thoughts. One is open to ridicule and others sneer at you. Who has the courage to say that they are travelling on a path towards GOD? - Who is prepared to openly present themselves the way JESUS CHRIST did for you?

Remember that one always *has to start with oneself* - and this is the net and chain we were talking about. We are pleased and thankful for having a group here that will pass

this on and this with openness and with LOVE, which is expressed in a divine SENSE. Who has the courage to stand exposed and shout these messages? - Who has the courage to stand up in front of an audience and shout: “You are poisoning the environment!” “You are poisoning the air!” - Remember, you need to air *to breathe!* - But you cut off your own LIFE ENERGY and the sad thing about this is that you don’t even notice the fact that you are going so!

Objection : There are certainly people out there that stand up in front of an audience and demonstrate on behalf of the environment.

TAI SHIIN : Only a small portion of the population has the courage to stand up and say: “Not like this!” This portion is ridiculed and branded a bunch of nature freaks, without anybody dealing *in great detail* with the contents of their speeches. They are outsiders in a society that presently also regards us, the SANTINER, outsiders on this planet.

Question : The psychic message that the destruction of *the Earth* would be prevented has often been transmitted. But this doesn’t necessarily mean that mankind will survive. What are we to make of these transmissions?

TAI SHIIN : What is meant here is that this planet *can heal* through the POWER of GOD. This planet that gives you everything you need, it has been here for you for thousands of years to nourish and to enrich you, this planet is *not* sacrificed and *not* destroyed but through the POWER of GOD will reawaken to a new existence. What happens to the incarnated souls when this takes place is within the adjudication of the divine PLAN.

Question : You told us at our last meeting that your ASSIGNMENT was to protect us from negative extraterrestrials and to secure our globe, our nature and our means of existence, like the air and water, in the NAME of GOD. Assuming that an extraterrestrial race would attack the Earth, mankind would have nothing to counter these attacks in regards to mental and technological means. Could mankind count on your help in such a situation?

TAI SHIIN : Once again we can say *yes* to this, because we have the task to systematically protect this Earth and not allow extraterrestrials that are not well disposed towards you to burden it even further. You have a lot of work to do to clarify this within your own ranks. Extra pressure from without would spell your demise. This would not achieve the CREATOR’S aim.

- *This planet is kept safe and protected through GOD’S POWER.*

Objection : But how can abductions by extraterrestrials still take place and this against the free will of those involved?

TAI SHIIN : This has been a theme before and we realise that this greatest of fear is on your mind a lot. In regards to this we would just like to say that we are informed about this situation and that we endeavour to establish a security cordon around your planet so that

something like this doesn't happen again. It *has* happened and we regret that this has taken place. We try to give these abducted souls positive support and to envelop them with divine LIGHT.

Question : There are assertions that negative extraterrestrial beings sit in powerful positions here on Earth and they want to drag this world into an abyss. The spread fear, sow death and destruction and hide the TRUTH. Is this delusion or reality?

TAI SHIIN : It is certainly a fact that negative souls exist here on Earth. The antagonist also tries to promote *his* souls here on Earth and to elevated them into positions where they can become active on his behalf here on Earth. You have *duality* here on Earth and this allows the antagonist to also exist here on Earth. You should never forget this! Your protection is your free will and you have a mind, a heart and the divine SPARK to find out whether your decisions are the right ones.

Question : Will CHRIST return to Earth with you some day, the way he promised to return 2,000 years ago?

TAI SHIIN : If we take *this* period of time into consideration *now*, JESUS CHRIST will not return at this point in time. The decision whether he will signify his presence here on Earth once again has not been decided upon. It is presently not part of the PLAN.

Question : There is such a jumble of religious and spiritual denominations here on Earth. Does something like this also exist on other planets?

TAI SHIIN : These religious denominations have sprung from the egos of people here on Earth. They represent a power potential of the various religious alignments. But remember that many religious alignments definitely bear a positive stream of CREATIVE POWER within. They just have different notations here on Earth. Beyond your Earth, only the CREATOR exists to them and due to HIS pure LIFE ENERGY HE is described as the CREATOR. But remember that the antagonist also possesses his ENERGY VIBRATIONS and they are certainly present here.

Question : Do you regard it as a special privilege to be born into Christendom?

TAI SHIIN : What does this reveal? What does this reveal *about a person*, only because he is a Christian? - What does the religious denomination of an American Indian or a Buddhist reveal or what Moslem faith disseminates here on Earth? - Important is the knowledge that a HIGHER SPHERE exists and that the life you lead here on Earth is *not your true existence*, that this life here on Earth only represents a time lapse image of eternity. It is just a grain of sand in a vast desert. Be aware that this life has a completely different meaning.

- *The religious denomination one belongs to is of little importance.*

- *Important is to see and to act according to what your HEART dictates and this according to the COMMANDMENTS GOD spread here on Earth.*

This is the most important thing you ought to realise here. Native tribes venerate a GOD, they venerate nature and these phenomena give them the *supernatural abilities* to find the key for themselves.

Question : During a 5 day international congress at the most important university of the Vatican, the Catholic University of Gregoriana in Rome, 250 natural scientists discussed the existence of life in the universe. The Vatican's interest lay with the question: Are extraterrestrials our brothers in CHRIST? - Can you answer this question for the Vatican?

TAI SHIIN : We would like to say to this that all of you here, identified by different cultures, various skin colours and different opinions, stem from the same ORIGINAL SOURCE. We are also a part of this ORIGINAL SOURCE and the Christian Church's idea that we are allies when it comes to their religious denomination is *a fallacy*. The way all religions are interwoven with one another, we are also coupled together, because we are a part of a huge MECHANISM. All of us belong to *one* ENERGY of VIBRATION. This is once again a dogmatic attitude on the part of your Christian leaders.

Question : At the papal observation station at Castelgandolfo, the pope's summer residence, theologians also search for life in the universe with telescopes. One of these theologians publicly stated that: "Extraterrestrials do exist. They might be out of reach and invisible like the angels, but they are also our brothers in creation." With this sensational statement the 36 year old Argentinean Pater Jos Funes, a qualified astrophysicist and theologian, astonished the public and started fresh discussions. Is progress slowly on the rise?

TAI SHIIN : That angels exist is a very old theme in the Church's eyes and their existence within their doctrine is welcome. Angels have been a part of the Church's symbolism for centuries and in the eyes of the Church quite plausible. To equate us with angels is a high accolade indeed, but we are also entities that are certainly in a position to show ourselves. We possess the ability to materialise and to physically show ourselves here. Angelic beings, the way the Christian Church denotes them, are *higher* BEINGS and they have a *different role* to play to the one people who intensively deal with that theme, imagine them playing.

Question : Is religion more of a sentiment to you?

TAI SHIIN : Religion doesn't play a role at all as far as we are concerned, because we never apply the terminology religion. The things that do exist for us are the CREATOR and the higher ADVISORS, also ENTITIES and ARCHANGELS and they are at our disposal. Religion is a word you have invented, a word that does not exist in our vocabulary. We do not use religion like an advertising shield, they way you do. We have recognised that the path to GOD is visible and achievable. What do you do with the word "religion"?

Review for a moment what is *really* hidden behind this word for you as a humanity. There is no true faith in this; it is just a situation one is forced into at birth. Is this the meaning and the purpose of religion?

Question :As the Churches have not been able to achieve this, how could our terrestrial sciences help to create greater social justice?

TAI SHIIN :The insight to begin with that all people are interconnected with one another. But the horizon is very limited in this respect. One can only see those nearest and oneself. The true spectrum is not looked into. There is only one aim for those in authorised power, namely their own enrichment.

Question :Physical laws are remarkably *gracious in regards life*. In many aspects. If natural catastrophes only had a minor role to play, life would not exist anywhere. Why do these facts not impress the sciences and makes them search *intensively* for the CREATOR of theses natural laws?

TAI SHIIN :Because this is not the task of individual natural scientists. They receive their assignments from corporate bodies and institutions. Which institution deals with this theme? All they are interested in is to *exploit* the Earth resources and to exercise their *own powers* -, not just over fiscal matters but also over Mother Nature.

Question :Is the universe waiting for the human race?

TAI SHIIN :We would not be here if we weren't interested in accompanying you here with divine LOVE and to protect the Earth from all the things that can force their way in. We endeavour to support you where the need arises and where we are *entitled* to help you. We also do not always have the power to intervene everywhere to bring about changes, because *you are the ones* that perform this play as actors. You learn a text, but you have not grasped the meaning of this text!

Question :What do you use to measure progress on Earth?

TAI SHIIN :We measure progress by the HEART FREQUENCIES that reach us. Not by what you achieve either technologically, physiologically or biologically here on Earth.

- *The VIBRATIONS of the planet tell us the state of health of your souls.*

Question :How is the following transmission from the brochure “Am Ende der Zeit” (At the end of time) by the UFO contactee Hermann Ilg, from the year 1992 to be interpreted? It states:

“... The reality on Earth shows a frightening situation when one takes into consideration that not just the soil, but also the air and water have reached levels of pollution that do not allow a natural and healthy evolvement of life on this planet anymore. The point in time where the concerted action by all nations could have brought about the regeneration of the Earth has

passed. But before this planet turns into a desert, man will experience what the prophecy 'GOD will not be mocked' really means."

TAI SHIIN : What is meant here is that the CREATOR will show you the immense powers of nature in order to force you, as human souls, to change your awareness. Volcanic eruption, natural catastrophes and global warming would really have to be indicators that the direction you travel is not the right one. Ash will rain from the sky, fires will rage and devastation will be the order of the day, if you do not change your actions and your way of thinking.

Question : The following passage from this brochure seems to be in contradiction to what we have heard, namely that there are also UFO crews of a negative nature.

"You (who know about this) have the task of making those around you aware, as far as it is within your power, that help from this extraterrestrial brotherhood exists and to do so in order to alleviate any fears in regards to the coming upheavals. But do this with absolute dispassion and clarity, without being distracted by imaginary UFOS with alleged negative characteristics. They are a product of man's imagination and they have nothing to do with reality."

TAI SHIIN : This is not a contradiction. I have voiced my opinion that something like that *can* take place and what it could look like, if your awareness does not undergo a change here on Earth. I told you at the beginning that your circle here gives us the opportunity to reach human beings, to reach souls in order to draw their attention to what could be in store for them. Our assignment is to show you where changes must be effected in order to avert this catastrophe at the end of time.

Question : The brochure "Wenn die Not am größten ist" (When the need is greatest) states:

„...We can unfortunately not count on the responsible leaders of nations to make a concerted effort to conserve the natural life sustaining resources, rather a few inadequate attempts - preserving individual interests - will be made, but they will not be able to prevent the catastrophe that has been set in motion.“

According to this, the people on Earth have no chance to help themselves in this regards. What can you tell about this today?

TAI SHIIN : We have the authority to give you the answer that you are not alone and that the support you receive doesn't just come from the SANTINER, but also from NATURE SPIRITS, who visit this planet more often these days and who endeavour to have an ecological effect on your Earth. In addition to that, more advanced SOUL ENTITIES have incarnated in greater numbers here on Earth. Their reasons for coming here are to give you support and to help you find the right way out of this chaos. Remember that your Earth is subject to duality and that it is also interested in making progress and to thrive. All imaginable help will come from outside to *avert* this destiny.

Question : What can you tell us about the following passage from this brochure?

„...Do not postpone the day of this Earth's renewal into a distant future - the forerunners do not permit this kind of indifference anymore - but look upon the day of reckoning, as it is called in the bible, as an event that will soon become comprehensibly apparent to everyone.“

TAI SHIIN : We would like to say to this that in regards to time, this cannot be predicted in any way. The fact remains that this Earth loses its VITALITY in many areas. You see for yourselves that your Earth is exploited and we can tell you that the Earth's core is badly damaged. We cannot tell you how the CREATOR will appraise this. We are dealing with a statement from ASHTAR SHERAN here and I cannot add anything to it.

Question : How should we interpret the following words from ASHTAR SHERAN?:

„... I repeat it once again, the time for the renewal of the Earth is ripe and that the harvest of the Age of Pisces is ready to be brought in. It will take place during what you call ‚harvest‘ time.“

TAI SHIIN : What is meant here is that what you sow you must also harvest. The New Age, with its heightened VIBRATIONS, has begun and the changes within your DNA and your consciousness have started. You will recognise that your ENERGETIC EMANATIONS will amplify, not just from the outside, but also from those entities that walk on Earth.

Question : It further states:

„... LIGHT breaks through the clouds of human darkness and ignorance. In the near future, the majority of mankind will know that beyond death, a different WORLD exists and that genuine messages from that world can certainly be received. Communication between the living and the so-called ‚dead‘ will then be a natural occurrence.“

ASHTAR SHERAN clearly indicates what we practice here. Is this assumption correct?

TAI SHIIN : This is right. What you practice here is what is called the SUN-RAY, it serves the purpose of making contact with an *invisible* WORLD. This is a sign for this and this will happen *more and more* in an amplified form on this planet in order to allow these SUN-RAYS to enter. These SUN-RAYS represent the ENERGIES, the information you receive through individual entities. This facilitates the connection with the spiritual WORLD and the insight that something *else exists* beyond what is visible here on Earth. The knowledge that they only have a short guest performance here on Earth will *enrich* and fill people *with joy* and it brings the assurance and gratification that life *goes on* after death. Fears will subside and the reduction of these fears, which burden this planet with NEGATIVE VIBRATIONS, gives us, the SANTINER, the opportunity *to become visible* in order to establish contact with.

- *The reduction of these fears gives us the opportunity of becoming visible and this in order to establish a friendly relationship with you. The decline of these fears gives us the bridge that will allow us to fulfil our ASSIGNMENT here on Earth.*

Question : A woman calling herself Omnec Onec claims to come from Venus. Can you confirm this?

TAI SHIIN : We negate this. This is not correct. Higher ENTITIES have a *different* ASSIGNMENT, namely to present themselves in a divine SENSE here on Earth. Their behaviourism demonstrates the divinity demanded in order to allow LIGHT and the SUN to have an impact here on Earth. Through this distinguishing feature, namely *the adherence* to the divine LAWS, the level of *maturity* and the quality of a soul becomes visible. We once again negate this.

Question : What kind of soul are we dealing with here then?

TAI SHIIN : This is a soul entity that tries to draw people's attention to us, to extraterrestrials. But she is doing it the wrong way. It would be better if she would entertain contact with us.

Participant : During one of Omnec Onec's presentations I had the opportunity to study her. This woman gave me the impression of being unapproachable, a little cold and arrogant. She mentioned the CREATOR only once during her presentation and this in a subordinate clause, she never mentioned HIS HIERARCHY once. She certainly didn't possess the emanation some SANTINER contactees described.

TAI SHIIN : What becomes already apparent here - and you answered your own question here - is that a divine ENTITY is identified by the LOVE and the WARM HEART VIBRATIONS it emanates. How could such a soul be a SERVANT of GOD? No soul coming from the *ethereal* regions of Venus would present itself like that. It would draw attention to the fact that it is a SERVANT of GOD *through its behaviourism* and not through the words used during her presentation.

Participant : We thank you very cordially for the transmission we received this evening. It would please us greatly to welcome you again very soon. And as you come to us from space, we would like to ask you a few questions in regards to space. GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS!

TAI SHIIN : We are prepared to answer these questions. We will report back to you soon and we will do so by consulting with your TEAM of SPIRIT TEACHERS who are present here to accompany you. We know that you work theme by theme in order to strengthen your net.

- *Remember, not everybody can grasp the statements we make. It takes other avenues to make these souls more receptive.*

We are pleased and grateful that so many *different avenues* are available. You received a different type of access to DIVINITY than others. Everyone's path is different - but basically the same. Remember this!

We are very pleased about the meeting we were allowed to spend with you here tonight and we salute you within the stillness of the divine POWER.

TAI SHIIN and the TEAM.
