The answers to these questions were transmitted by TEACHERS from the SPHERES of LIGHT. Paranormal voices appearing within the protocol were captured on tape and are marked with T.B: (Tonband). Any words that are underlined are authentic with the original transmission. This working circle grew out of a meditation group and commenced its psychic activities on October 25th 1995.

Introductory words:

GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS! We are welcoming all present from the OTHER WORLD very cordially. "Where two or three are assembled in my NAME there I will be right in the middle of them," these CHRISTIAN WORDS shall guide all our meetings. We will do this work in HIS NAME so that it will serve everybody. Only HE is able to send authorized TEACHERS so that we can receive the TRUTH. We ask CHRIST to bless all present here with HIS spiritual PROTECTION so that we won't be a plaything for the antagonist of GOD. We know that we have to make the greatest contribution ourselves. – It is our aim to grow through spiritual TEACHING, then to be able to distribute the TRUTH there where it can fall on fertile ground. We are asking for GUIDANCE so that our MISSION on Earth will be justified. We cannot reach this destination under our own steam, without spiritual HELP. We thank all HELPERS from the OTHER WORLD who support us in this. In this sense we are hoping for a blessed and enlightening evening.

Welcoming all present and the start of the questions.

EUPHENIUS: GREETINGS IN THE NAME OF GOD! This is EUPHENIUS speaking. Our GUESTS are present and we will utilise this time to give you the opportunity to make contact with them. It was announced that TAI SHIIN would be here this evening with a delegation in order to give you the opportunity to ask question pertaining to the SANTINER.

We are pleased that it is once again possible to welcome the SANTINER as our guests, here to give you and interested readers the chance to round up their knowledge spectrum. This is important, because it makes you better recognise the TRUTH and the opportunities that presently exist here and it gives you the means to *effect changes* on Earth so that the DARK SIDE is not offered the space it craves for. Remember that Lucifer is a powerful angel, in possession of great POWERS that he would like to apply here on Earth. I will now hand over to TAI SHIIN and I will report back to you again later.

TAI SHIIN : GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS!

This is TAI SHIIN speaking. We are also pleased to welcome you amongst us here in this circle. We welcome all brothers and sisters from the stars that are aware of the existence of entities outside the Earth's spectrum and who are ready to receive messages from these regions so that they can make *changes* within their lives and their inner attitudes.

We are aware that emotional levels here on Earth have reached potent vibrations and that they now migrate into nature's spheres and oscillate around your planet. These negative FREQUENCIES of VIBRATIONS give the matrix of the negative world a fresh boost. Offshoots of this are recorded all over the world and the small fires the negative FIRE feeds upon burn everywhere. We know that those aware of this fact mull over this and worry about what the future will bring for this Earth. We know that your thoughts ought to serve the purpose of dowsing these FIRES, because there are no other avenues to bring this reign of terror to an end.

The MIGHT of the fallen angel is great, because he was once an archangel and he still disposes over great POWER POTENTIALS and ABILITIES even now. All of this shows the MAGNITUDE and the POWER of these black ENERGY VIBRATIONS, which try to grab hold of your HEARTS. - We hope that you are now ready to ask your questions and we will try to answer them.

Participant : We greet you very heartily my friend. We are pleasantly surprised that this contact has come about at all in spite of an unplanned delay of a number of weeks. We didn't actually count on this anymore and this makes your visit even more fortunate.

TAI SHIIN : We can also spring surprises. As you can see, we worry about your mental and you soul's constitution. It is essential that we receive the opportunity here today to impart information to you.

Question : Have our questions up to now been to your expectations? Or to put it another way: What kind of questions would *you* ask if *you* were sitting here?

TAI SHIIN : It is important to us to make it clear to you that your *inner attitude* is the *major* component when it comes to fighting the negative.

- *It is important to make you understand that no nuclear power and no force of arms will be able to contain and combat these ENERGIES. Only through your thoughts and the LOVE you emanate here on this planet will you help push the ANTAGONIST back to where he belongs.*

An SOURCE of ENERGY has been released that makes sending large STREAMS of ENERGY over this Earth possible. We have not been able to close this DOOR up to this point, because *insufficient* positive ENERGIES are present here on Earth to bundle and to compress this together so that this DOOR can be closed once again.

This is a DOOR to HELL and it opens up to the negative SIDE, triggered by aggressiveness and through the rest of the negative thought matrix that is present here on Earth to such a large extent that it allows the FORCES that are now released, to flow. With your help, the SANTINER, have been given the TASK to close this DOOR again in order to re-establish the Earth's equilibrium. - The question now arises: What would happen if this DOOR *cannot be closed*, and these negative STREAMS continue to flow over you globe? We cannot give you an answer to this, *because only the CREATOR knows* what would then happen to your soul and to Lucifer. One can well imagine where this tragedy would end up.

You stand on the threshold of a new epoch and it is titled "*Awaken your consciousness!*" so that you recognise what you - every single one of you - possess within you in regards to your *own* POWERS and your *own* POTENTIALS. Through your connection with your personal GUARDIAN ANGEL, and especially through archangels, you have the opportunity to erect an ESCARPMENT of divine RAYS and divine SOURCES of LIGHT. We collect this ENERGY and we redirect this ENERGY.

- *It is important for you to become aware that you alone have the opportunity to change this Earth back to where it was.*

My preview, which is naturally limited, gives me a different endorsement. What is important is that you *understand* what is in store for you on this planet and only your questions can bring this closer to others. Remember, these questions stem from your *earthly spirit* and they are of interest to you as *human beings* because they will clarify what is presently taking place on your planet. Of what use would it be if I philosophise about something, about anything and you, the pupils, do not understand this philosophy? It would be important for us at this point in time if you ask questions that pertain *to the present situation* here on this planet. I will take the liberty to expand on your questions. We offer our service as ADVISERS in order to make you comprehend the logic and reasons behind the events taking place on your Mother Earth.

- *Your present generation is taking part in one of the most important examinations on this planet.*

Question : Is it possible to successfully fight this current terrorism and to gain control over it?

TAI SHIIN : This new type of terrorism is not going to be subdued through physical weaponry. It is impossible to bring the MIGHT that *is hidden behind this* to its knees by force. Because we are *not* dealing with a human body of some person or other here, but with the SPIRIT and the ENERGY of the NEGATIVE SIDE. This is an eminent and powerful ENERGY and it cannot be contained by force of arms. On the contrary - the use of force creates *new* mourning, *new* fears, *new* hatred and *fresh* negative VIBRATIONS. The result of this is that the negative WORLD receives *new* LIFE ENERGIES *from you*, something it *doesn't* receive from GOD. This is not a containment of the situation, but by doing this, you stoke the FIRE *even more* and you give it the necessary NOURISHMENT for its survival and the flames will flare even higher.

- *You must realise that everything to do with violence, hatred, fears, anger and with destruction is of a negative nature and Satan, Lucifer, invigorates himself on it and his MIGHT is amplified through it.*

It is difficult for you to understand and difficult for you to recognise that the negative WORLD can only be brought to its knees through LOVE, goodness and humility and that only this will extinguish this FIRE, this SEA of FLAMES. This has the effect of water and it serves the purpose of re-extinguishing this ENERGY, this negative LIGHT.

- *With your limited human mind you find it difficult to imagine that it suffices to light a candle, to sit in silent meditation and to emanate LIGHT and LOVE in order to conquer such a powerful, NEGATIVE FORCE. But this is the solitary and only way to once again reduce the SHADOWS on this Earth.*

This is what makes it so difficult for you to believe and to accept, namely that it is possible to effect a change through such means. But remember that you are not alone, but that ENTITIES are around you who are willing to collect and to redirect these voluntary LIGHT CAPACITIES. You cannot imagine the STREAM of LIGHT that exists here on Earth and that flows across into the dark areas of the world. - You are afraid, because your past and your experience teaches you that violence can only be answered with violence. But that is a human fallacy!

- *Violence creates violence and the dark FORCES gain stature!*

We, the SANTINER, are positioned around your planet Earth in such a way that these BOWLS of LIGHT can be directed from one ship to another in order to effect an amplification of this LIGHT'S QUALITY, similar to the way the rays of the sun gain magnification when passing through a magnifying glass.

Question : According to what we know, you were also engaged in wars over 10,000 years ago. How did *you* solve this problem?

TAI SHIIN : This problem could only be regulated through the *application* of divine LAWS. The divine LAWS are *also you guidelines* according to which you can live and grow. We

also had to learn humility in order to recognise the POWERS our LORD had given us to activate and to apply in a divine SENSE.

- *Your ethereality can only progress through the application of these divine LAWS and they also give you the insight that there is more to this than meets the eye.*

We had the good fortune that *our* cognisance and *our* history ran along different lines from yours. One cannot compare the two. But the path that leads to a higher LEVEL of spiritual evolution is the same and this is what you have to put into effect on your planet. We also must live with the fact that we have done a lot that contravened *against* GOD'S LAWS and this led to wars and such terrible epochs in our development too.

Question : Did you also have a MESSIAH who helped you to become aware?

TAI SHIIN : We also had an eminent BEING that also disposed over great POWERS and ENERGIES. This BEING was successful in communicating to us that *our soul was not mortal*, but that it grows and flourishes. This BEING showed a willingness to help us in terrible times and it showed us the way in the direction of GOD and DIVINITY.

Objection : JESUS CHRIST did this here on Earth and *nonetheless* - or maybe because of this - he was crucified.

TAI SHIIN : We didn't have the same kind of opponents you have. We didn't have the *dogmatic* and stressful ENERGY VIBRATIONS that exist here on Earth. Thank GOD, our prerequisites were different.

Question : Are the people on Earth semi-savages in your eyes?

TAI SHIIN : No. You are like brothers and sisters to us. We are spiritually related, because *we are also* a part of you as you are a part of us. We will take this journey *with you* and we will support you with all the might at our disposal so that you can overcome this hurdle and pass this test the way GOD INTENDED. We will never abandon you no matter where your souls take you. We will be ready to accommodate you and to give you continued support.

Question : To us, as human beings, the universe is unimaginable immense and equally unimaginable vast are the number of creatures and stars GOD created. The Earth shrinks to the size of a grain of sand within this vastness of space in comparison. What was so important about this "mote" called Earth 2,000 years ago that GOD send his most eminent SON here?

TAI SHIIN : GOD'S LOVE is so enormous that you cannot fathom it. HE would like to draw all the souls who are *willing* to learn back into HIS LIGHT so that they amalgamate back into one UNIT. GOD will never abandon even one of you. The aim is to guide every individual soul back to HIS ENERGY FLOW.

- *It is very important to GOD that you, as human beings here on Earth, receive the opportunity to exercise your free will in order for you to realise that all of you are and will remain separate personalities! You ought to recognise the ORIGINAL FLOW and the ORIGINAL ENERGIES you stem from.*

There are various planets with different types of developments. This is necessary, because maturity cannot be gained from one day to another, it takes many decades and centuries.

- *Every individual soul will pass through this process and repeated incarnations until it recognises its ORIGIN within to then proceed along the path that will bring it back to its ORIGIN and its ORIGINAL ENERGY.*

Question : One has been talking about a change of consciousness and also of new values for a long time. But the number and severity of all kinds of catastrophes on this planet are up at the same time. Is the majority of mankind actually in the process of heightening their VIBRATIONS or are we heading towards a new disaster?

TAI SHIIN : This is the balance I mentioned before. On the one hand the NEGATIVE receives a lot of *new* ENERGIES and energetic DOORS open. On the other hand, especially *those souls are awakened* who begin to realise that one has to consolidate oneself against all this upheaval in order not to lose oneself. This opportunity has always been around and it is still there even now. We are dealing with an ANTI-ENERGY that is amplifying more and more. And this is the chance given to you here on Earth.

Question : Are we heading in the direction of a new world order or in the direction of a new disorder?

TAI SHIIN : We cannot answer this question at this point in time. Everything is still in a state of confusion and bemusement. We do not know where your journey will lead you. We hope that you find a new world order and a new togetherness and we support you in this.

Question : You told us that you possess a limited projection in regards to time. Assuming that we continue along the path we have chosen, what would the result look like?

TAI SHIIN : That you must do a lot more to awaken these ENERGIES to their BRILLIANT GLORY. You can see that it isn't just mankind that practises violence in many parts of your Earth, but that Mother Nature also tries to catch your attention. Mother Nature also suffers from your actions and it is difficult to keep a reign on NATURE'S ENTITIES.

Question : Does this mean that we will receive the answer to this through Mother Nature?

TAI SHIIN : That's how it is.

- Question : The archbishop of Philadelphia called the attacks on Afghanistan a “justified war” and he praised the American government for its actions. In a letter to the American congress the cardinal wrote that the war had up to now been conducted in a restrained and discriminating fashion. The humanitarian support given to millions of innocent Afghans who suffered at the hands of the Taliban was also to be lauded. Do you also see this like this?
- TAI SHIIN : We cannot leave it like that. This cardinal is *wrong!* He offers his services as a man of god and he uses means GOD will *always* reject.
- *GOD will never accept all this violence on Earth!*
- Ever war, every infraction is against LOVE, the divine SENSE and against the things the CREATOR wants to achieve here on Earth. It isn't right that people murder one another and that this is apparently taking place under GOD'S PROTECTION. GOD abhors violence and HE will not allow the continuation of all this violence in HIS NAME.
- Objection : Thousands of people lost their lives during the attacks on the Twin Towers in the USA. One surely cannot expect the country affected by these attacks to behave as if nothing has happened?
- TAI SHIIN : This is your human way of looking at this! You only look from one extreme to the other and you are not willing to remove your blinkers. Why do these types of events take place on your Earth? - *The actual cause is a different one!* - Can one justify the killing of people in one country by killing people in another country; is *this* in a divine SENSE?
- Question : Are most wars caused by the misinterpretation of religious doctrines, the way we are presently experiencing this with fundamental Muslims?
- TAI SHIIN : This is just a front mankind imposes on itself in order to show: “We are fighting for a just cause.” To hide behind religion in order to impose one's authority on other people has been a favourite ploy for centuries. Your religions represent deceptive packages and bedazzlement. The divine within religion is *used* as an excuse. But in reality, mankind has something completely different in mind.
- Participant : Fanaticism is very powerful.
- TAI SHIIN : This is the NEGATIVE and never anything DIVINE. These are such ENERGIES and your duality you have to fight against here. It is difficult for you to find the right way.
- Participant : If the United States had not reacted to these attacks, the actions of the perpetrators of this catastrophe would have been endorsed and we would be at the complete mercy of these hordes. One is presently engaged in trying to capture the perpetrators, something I find completely legitimate.

TAI SHIIN :By doing so you *don't* destroy the *ones* that *triggered* this! Be mindful and *understand* that a *completely different POWER exists behind* the terrorists and *behind* these attacks.
- No, I don't mean the power you are thinking about. - I mean the MIGHT of the archangel Lucifer. At long last recognise that a POWER is hidden *behind* these attacks that you ought to fear *more* than anything that presently takes place here on Earth.

(T. B: This MIGHT is powerfull!)

Question :According to your opinion, how should the USA have reacted?

TAI SHIIN : This is difficult to answer, because I know that you, the human race, are entangled with one another and that you have your human values, norms and rules. We, from a *different* planet, look at this situation through a *different* pair of glasses. It is difficult to explain to you what your thoughts, your deeds and actions *are all about*. One must not fight war with war, but one ought to try to find different avenues and different opportunities. One ought to recognise that we're not dealing with human beings, with the Afghan people here, because they are only marionettes, simple playthings in the hands of SOMETHING hidden behind all of this. You do not have this insight!

Question :Why is there such a diversity of races on Earth? From this point of view, the situation on your planet is a much simpler one.

TAI SHIIN :This diversity gives you the chance to deal with one another, namely *to accept* one another. It represents a *curriculum* for you, various versions, the way you receive various curricula as children in order to learn to calculate and to read and write. These are GOD'S GIFTS, there to make you understand and to give you the opportunity to practice and to learn the divine LAWS here on Earth.

Question :Do the various races here on Earth originate from distant stars?

TAI SHIIN :No. We are dealing with GOD'S creatures that, through their history of evolution, have adapted to the various continents and also through an evolution that ran along different lines.

Question :Could you have prevented the attacks on the World Trade Centre in New York? For instance through an increase in sightings, especially for the terrorists?

TAI SHIIN :My friend, it is difficult to answer this now, to tell you what we should have done. It is within GOD'S PLAN that such misfortune is necessary here on Earth, it is there to give you certain insights. We are aware that it is very difficult for you, from the point of view of your human mind, to understand why such terrible things take place on this planet. It is always easy to say: "We know that you, my dear SANTINER, exist, therefore do something." Remember that we do not have the authority to interfere in the global game *you* play. It is our assignment to protect you, as citizens of this earth, in our own way from externalities and to give you support through our indoctrinations.

We are here as GOD'S SERVANTS, here to tell you that we exists and that we are willing to be here for you when you need us.

- *The time has come to open your level of consciousness - or not. It is up to you to decide which way you're going to go, not just as single individuals, but as a community of various peoples, races, skin colours and religions in order to amalgamate your existing diversity. This is the goal you have to pursue.*

You must endeavour *to connect to one another*, because you cannot survive on your own in the face of this DARK FORCE and this NEGATIVITY. The balance would be derailed and the scales would tilt the wrong way. This would be a terrible calamity for all of us. It is our dearest wish that you recognise that something completely different hides *behind* this façade, *behind* this mask. This insight alone would help you to understand the POWER STRUCTURE that is hidden behind it all. LEVELS shift, because the NEGATIVE *becomes visible!*

Question :How do the SANTINER live in regards to politics, socially, religion, ecology and the economy?

TAI SHIIN :The first basic prerequisite is that one gets on with one another in a brotherly fashion, that *boundaries fall* and that the *acceptance* of others is *customary*. That one does not regard one's fellow man as one's enemy, but as one's friend and that one accepts and acknowledges their dissimilarity. By acknowledging all others, their dissimilarity *simply disappears* and one begins to use the word "we" in one's *new* way of thinking. You have not yet progressed that far.

Question :Is building the international space-station a step in that direction?

TAI SHIIN :Many of the endeavours taking place these days are progressing in the right direction. An open dialogue and the solidarity shown, something that happened in the USA, effected that a greater understanding has been established and the realisation emerged that many things can be regulated by cooperating with one another. You have learned to affiliate in *emergency situations*. Why is this not possible in times of peace?

Question :Does mankind actually need manned space travel?

TAI SHIIN :Space travel represents a step for you that indicates that one can exist outside the confines of your planet. Space travel is important for your sciences and it is important in regards to extricating yourself from this planet. Your space travel indicates that you acknowledge the fact that something *also* exists *outside* your planet.

Question :The failure of the World Conference on Climatic Changes has indicated the following: There was no willingness to compromise in regards to how to stem the emission of carbon dioxide, even thou all the representatives of all the 180 participating nations are *fully aware* that the implications are global warming, which in turn will bring with it an unforeseen increase in catastrophes to the detriment of many human beings. In spite of

all of this, economic growth is still their number one priority - everything else is subordinate to the economy. What else can one say to this?

TAI SHIIN : This indicates that people do not realise that the Earth must be spared, that the Earth is not there to enrich you. The insight that you *cannot live without oxygen* is apparently not present. You do not seem to be clear about the fact that *without trees and without a balanced nature your viability here on Earth is endangered*. This is simply pushed aside, because power monopolies exist here on Earth who insist that *even more money and even more material goods have to be produced*. This is a human trait, one that denotes you as human beings. This is not meant as something evil or negative, but as something that you are presently afflicted by.

Everybody knows that the Earth, Mother Nature, need its free space and protection from exploitation in order to continue to exist. But many of you say: "I only have a few years left, why should I care about this?" They do not realise that their soul *will come back again*, maybe into an environment that is marred by poison and one where one's quality of life is terrible. A divine verse in your bible states that you will reap what you have sowed. When you return to a new incarnation here, *you will also reap what you have sowed*.

Objection : But this is not justified for those that have nothing to do with this.

TAI SHIIN : You might be a small screw within a huge machine, but *you* also drive a car and *you* also stress the environment through garbage, rubbish, hair shampoo and a lot more.

Participant : Many people mourned the failure of the World Conference on Climatic Changes, because they wanted to see Mother Nature protected. These innocent people are therefore drawn into this maelstrom, whether they like it or not.

TAI SHIIN : This is the fate you're confronted with in many respects. You cannot change your politicians. You cannot change your superiors. You cannot change the major decisions that are taken.

- *But from your personal vantage point you can make sure that you do everything you can do that is important and correct in regards to protecting Mother Nature and your environment.*

Question : Does Mother Nature - if left alone and not interfered with - also strive for perfection the way man does?

TAI SHIIN : Nature represents a much filigreed, biological work of art, one that is intrinsically attuned and synthesized. The perfection that predominates there is a veritable miracle, one that has not been emulated.

Question : Could one describe Mother Nature as a "perfect robot"?

TAI SHIIN :Not a “perfect” robot in this case, because this robot has been maimed in many areas and is therefore defect. This perfection has been blemished because you have done great harm to it in many areas.

Question :In an interview, a well known 76 year old mathematician and professor in Princeton, USA said: “Religion represents a particular life style. But I have basically no idea what this word is actually all about. But my optimistic temperament has not stopped me from going to Church in order to celebrate a little. This is what the Church is all about, isn’t it?” - What do you say to this statement?

TAI SHIIN :This gentleman is headstrong and very rational. His whole life is controlled by rational information. He still has not grasped the concept of infinity within his own field of expertise, namely mathematics. - The Church is surely a place of contemplation, mourning or solemnity in your case. It ought to be a place of tranquillity and of turning within.

- *Your true CHURCH can only be within you.*

The term “Church” denotes the proviso of a framework that you, as human beings, have given to the concepts of the CREATOR, gods or the cloth. Seen from outside, the “Church” represents a showcase for you, one that shows that you cram GOD and everything Christian and divine into one basket.

- *GOD is everywhere, in every flower, in every blade of grass. One cannot force GOD to linger in a Church.*

You will ascertain that the stillness within a lot of Churches harbours ENTITIES that will help you experience something peaceful. This is the solemnity that springs from these houses of worship. But the DIVINE can only be found *within you*.

Question :Poverty and hunger have always been triggers of wars. Just how will mankind be able to conclusively defeat poverty and hunger?

TAI SHIIN :When the world understands that those that have enough will *voluntarily give* the poor so they can also become satiated. You must realise that the things you possess in abundance *is a grace* and that your voluntary tribute gives others *also* an opportunity to move about freely here on Earth. This insight serves the purpose of acquitting you from all encumbrances. It is very difficult for you to imagine what hunger is all about, because you are always sated and because you have enough of everything. Remember that you might *also go hungry* in your next incarnation!

Question :One is presently contemplating the biological utilisation of the sun’s energy. To achieve this, genetically manipulated plants are to be created that one does not have to harvest, because they produce the alcohol that will then propel machines directly. Is this a step in the right direction to conquer poverty and hunger?

TAI SHIIN : One does not need these genetically manipulated plants to conquer poverty and hunger. You have enough to go around. I ask myself why does this not happen? - Your human thought processes and your mind stops you from investigating this. Your knowledge about reincarnation would have to make you fearful of also facing such a dire situation in the future.

Participant : I personally am still of the opinion that a lot of things would look different here on Earth if mankind would receive more evidence, more evidence about the spiritual realm and about your existence. People have been duped by their unscrupulous contemporaries all too often for them to believe at the drop of a hat that the SANTINER exist and that there is life after death. I can well understand them, because something similar happen to me.

TAI SHIIN : Every human being has the opportunity to gain this knowledge. There are various avenues to reach people and to reach their soul. You chose a *different* path to others. You began with an urge to know more and find out more exact information about this. Everybody has the opportunity to *also* choose this way. External, wondrous apparitions and imagery do *not* necessarily have to play a part in it. Everybody can chose to go this way, *if they want to* even if it just a case of asking whether all this wonderfulness is nonsense, to find one's own inner confirmation about whether something is right or not.

But a lot of people are too complacent when it comes to asking these questions. Their life here on Earth represent too much of a *distraction* and they are also *manipulated* by others. Believe me, these people would not even accept some self-experienced, wondrous apparitions. These people will *only then* gain *their own* cognisance when they undertake the journey that will open their mind in regards to this.

This is a difficult journey and very hard for you to fathom, because you bear this knowledge inside of you with an open heart and with all the fibres of your being. You find it quite incredulous that some people deny something like that. But these people need more time and more patience - and we want to give this patience and the time to all who exist here on Earth, because they are a part of us. We hope and pray that these people also gain this insight so that an additional LIGHT makes its contribution of illuminating the dark corridors of ignorance. We know that it is very difficult to understand why such apparitions are not carried out more frequently and more often. But at this point in time it would lead to *even more* confusion and insecurity.

We hope that we have been successful in answering some of your questions in order to demonstrate to you *the situation* you find yourselves in here on your planet. We would like to bring this meeting tonight to a close and we are pleased when you send us LIGHT that we can pass on so that a PROTECTIVE SHIELD can be established to keep Lucifer in check. We *depend* on your LIGHT and your LOVE, because we cannot accomplish this by ourselves. We salute all of you.

GREETINGS IN THE NAME OF GOD AND PEACE ACROSS ALL FRONTIERS!

TAI SHIIN.

Participant : We thank you for your descriptions and we are looking forward to you next visit.

EUPHENIUS: GREETINGS IN THE NAME OF GOD! We, the TEAM, would also like to say good-bye.

- *We would like to inform you that it would be beneficial if you would come to an arrangement where you would mentally link-up with one another at an appointed time in order to pass on LIGHT and LOVE. We will notice when you have appointed a specific time and we will be there to support you.*

We hope that the LIGHT within you is not darkened by all the terrible and negative things taking place on your planet. Combat this negativity with your *inner, positive attitude* and your TRUST in GOD. We end this meeting and we wish you a wonderful week.

EUPHENIUS and the TEAM.

Participant : We also express our thanks to you and the TEAM, till the next time.

Acknowledgments and good-byes. A short closing meditation followed to close the chakras.

Words from WHITE EAGLE:

Pray that you increasingly *become aware* of the presence of your OLDER BROTHERS who take you by the hand and also the spiritual WORLD you live in. Also pray that you sense the serene peace that comes from GOD. - May GOD be with you.
